Public Meeting

Monday
November 19, 2018

Manteca Transit Center
220 Moffat Blvd.
Manteca, CA

5:00 p.m. - 6:30 pm

**The City of Manteca and the
San Joaquin Council of Governments
would like to hear from you!**

**You are invited to comment on any Unmet
Transit Needs at one of two public meetings.**

Why do we hold Unmet Needs Hearings? Each year, the San Joaquin Council of Governments (SJCOG) is required to hold meetings to receive public testimony to determine if there are any UNMET TRANSIT NEEDS in the County that can be reasonably met. This is required in accordance with the Transportation Development Act (TDA), a major source of public transportation funding. TDA requires that a finding of any reasonable unmet transit need must be funded before TDA funds can be used for streets and road purposes.

**If you are unable to attend a public hearing, you may
submit written comments and statements to:**
