CHIEF'S PREFACE

The Officers and Employees of the Manteca Police Department have served the City of Manteca with pride and professionalism since 1918. Through our commitment to duty, honor, and service and in partnership with our community, we provide the highest quality of public safety service anywhere. The men and women of the Manteca Police Department are the finest in law enforcement and it is my privilege to serve as your Chief.

As with any organization, we are only as good as our people. Here in Manteca, our employees and volunteers are, without question, our most valuable resource. For us to be a professional, effective, and trusted organization we must deliver a consistently superior level of service to the public. The purpose of this policy and procedure manual is to provide you with guidance and direction in order to serve in a manner consistent with community expectations, department values, and modern law enforcement principles and practices. This policy manual is a living document that is subject to constant change. New laws, court decisions, City Council policies, new methodologies and other factors dictate the need for a continual review of these policies, initiating revisions where necessary and appropriate. It must be kept in mind that no set of policies, no matter how complete, can ever address all of the situations we may encounter in policing. Therefore, in those unique situations we depend upon our employees to use reasoned good judgment and discretion consistent with our departmental values, community expectations, and sound law enforcement principles and practices. It is our practice to hire exceptional employees, provide them with excellent training and equipment, and empower them to be effective problem solvers. It is each employee’s responsibility to become familiar with the contents of this manual and to keep it current as updates are made. The policies established in this manual will help to uphold this great organization by ensuring high standards in all of our activities.

Jodie Estarziau, Chief of Police
LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Sworn members of this department are authorized to exercise peace officer powers pursuant to applicable state law (Penal Code § 830.1 et seq.).

100.2.1 DELIVERY TO NEAREST MAGISTRATE
When an officer makes an arrest pursuant to a warrant with bail set, and the warrant was issued in a county other than where the person was arrested, the officer shall inform the person in writing of the right to be taken before a magistrate in the county where the arrest occurred (Penal Code § 821; Penal Code § 822).

100.2.2 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE MANTECA POLICE DEPARTMENT
The arrest authority outside the jurisdiction of the Manteca Police Department includes (Penal Code § 830.1; Penal Code § 836):

(a) When the officer has probable cause to believe the person committed a felony.
(b) When the officer has probable cause to believe the person has committed a misdemeanor in the presence of the officer and the officer reasonably believes there is immediate danger to person or property or of escape.
(c) When the officer has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized even if not committed in the presence of the officer such as certain domestic violence offenses and there is immediate danger to person or property or of escape or the arrest is mandated by statute.
(d) When authorized by a cross jurisdictional agreement with the jurisdiction in which the arrest is made.
(e) In compliance with an arrest warrant.

On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot or fresh pursuit, while following up on crimes committed with the City or while assisting another agency.

On-duty officers who discover criminal activity outside the jurisdiction of the City should when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.
100.2.3 ARREST AUTHORITY INSIDE THE JURISDICTION OF THE MANTECA POLICE DEPARTMENT

The arrest authority within the jurisdiction of the Manteca Police Department includes (Penal Code § 830.1; Penal Code § 836):

(a) When the officer has probable cause to believe the person has committed a felony, whether or not committed in the presence of the officer.

(b) When the officer has probable cause to believe the person has committed a misdemeanor in this jurisdiction and in the presence of the officer.

(c) When the officer has probable cause to believe the person has committed a public offense outside this jurisdiction, in the presence of the officer and the officer reasonably believes there is an immediate danger to person or property, or of escape.

(e) In compliance with an arrest warrant.

100.2.4 TIME OF MISDEMEANOR ARRESTS

Officers shall not arrest a person for a misdemeanor between the hours of 10:00 p.m. of any day and 6:00 a.m. of the next day unless (Penal Code § 840):

(a) The arrest is made without a warrant pursuant to Penal Code § 836 which includes:
   1. A misdemeanor committed in the presence of the officer.
   2. Misdemeanor domestic violence offenses (See the Domestic Violence Policy).

(b) The arrest is made in a public place.

(c) The arrest is made with the person in custody pursuant to another lawful arrest.

(d) The arrest is made pursuant to a warrant which, for good cause shown, directs that it may be served at any time of the day or night.

100.2.5 OREGON AUTHORITY

Sworn members of this department who enter the state of Oregon in order to provide or attempt to provide law enforcement assistance have Oregon peace officer authority within 50 miles from the California-Oregon border (ORS 133.405). Such authority shall only apply when officers are acting:

(a) In response to a request for law enforcement assistance initiated by an Oregon sheriff, constable, marshal, municipal police officer or member of the Oregon State Police.

(b) In response to a reasonable belief that emergency law enforcement assistance is necessary to preserve life, and circumstances make it impractical for Oregon law enforcement officials to formally request assistance.

(c) For the purpose of assisting Oregon law enforcement officials with emergency assistance in response to criminal activity, traffic accidents, emergency incidents
or other similar public safety situations, regardless of whether an Oregon law enforcement official is present at the scene of the incident.

Manteca Police Department officers have no authority to enforce Oregon traffic or motor vehicle laws.

Whenever practicable, officers should seek permission from a department supervisor before entering Oregon to provide law enforcement services. As soon as practicable, officers exercising law enforcement authority in Oregon shall submit any appropriate written reports concerning the incident to the Oregon agency having primary jurisdiction over the area in which the incident occurred.

100.3 POLICY
It is the policy of the Manteca Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate the abuse of law enforcement authority.

100.4 INTERSTATE PEACE OFFICER POWERS
Peace officer powers may be extended to other states:

(a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.

(b) When an officer enters an adjoining state in close or fresh pursuit of a person believed to have committed a felony (ARS § 13-3832; NRS 171.158; ORS 133.430).

The person arrested out of state must be taken without unnecessary delay before a magistrate of the county in which the arrest was made (ARS § 13-3833; NRS 171.158; ORS 133.440).

104.4 MAINTENANCE OF RECORDS
The oath of office shall be filed as prescribed by law (Government Code § 3105).

106.1 PURPOSE AND SCOPE
The manual of the Manteca Police Department is hereby established and shall be referred to as the Policy Manual or the manual. The manual is a statement of the current policies, rules and guidelines of this department. All members are to conform to the provisions of this manual.

All prior and existing manuals, orders and regulations that are in conflict with this manual are rescinded, except to the extent that portions of existing manuals, procedures, orders and other regulations that have not been included herein shall remain in effect, provided that they do not conflict with the provisions of this manual.

106.2 POLICY
Except where otherwise expressly stated, the provisions of this manual shall be considered as guidelines. It is recognized that the work of law enforcement is not always predictable and circumstances may arise which warrant departure from these guidelines. It is the intent of this manual to be viewed from an objective standard, taking into consideration the sound discretion entrusted to members of this department under the circumstances reasonably available at the time of any incident.

106.2.1 DISCLAIMER
The provisions contained in the Policy Manual are not intended to create an employment contract nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Manteca Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or members. Violations of any provision of any policy contained within this manual shall only form the basis for department administrative action, training or discipline. The Manteca Police Department reserves the right to revise any policy content, in whole or in part.

106.3 AUTHORITY
The Chief of Police shall be considered the ultimate authority for the content and adoption of the provisions of this manual and shall ensure compliance with all applicable federal, state and local laws. **Shall or will** - Indicates a mandatory action.

**Should** - Indicates a generally required or expected action, absent a rational basis for failing to conform.

**Supervisor** - A person in a position of authority that may include responsibility for hiring, transfer, suspension, promotion, discharge, assignment, reward or discipline of other department members, directing the work of other members or having the authority to adjust grievances. The supervisory exercise of authority may not be merely routine or clerical in nature but requires the use of independent judgment.
The term “supervisor” may also include any person (e.g., officer-in-charge, lead or senior worker) given responsibility for the direction of the work of others without regard to a formal job title, rank or compensation.

When there is only one department member on-duty, that person may also be the supervisor, except when circumstances reasonably require the notification or involvement of the member's off-duty supervisor or an on-call supervisor.

**USC** - United States Code.

### 106.5 ISSUING THE POLICY MANUAL

An electronic version of the Policy Manual will be made available to all members on the department network for viewing and printing. No changes shall be made to the manual without authorization from the Chief of Police or the authorized designee.

These policies shall include, but are not limited to, the following:

- Training Policy (Training Coordinator)

Members are responsible for keeping abreast of all Policy Manual revisions.

Each Division Commander will ensure that members under his/her command are aware of any Policy Manual revision.

All department members suggesting revision of the contents of the Policy Manual shall forward their written suggestions to their Division Commanders, who will consider the recommendations and forward them to the command staff as appropriate.
Chapter 2 - Organization and Administration
Organizational Structure and Responsibility

200.1 PURPOSE AND SCOPE
The organizational structure of this department is designed to create an efficient means to accomplish our mission and goals and to provide for the best possible service to the public.

200.2 DIVISIONS
The Chief of Police is responsible for administering and managing the Manteca Police Department. There are two Divisions in the Police Department as follows:

- Services Division
- Operations Division

200.2.1 OPERATIONS DIVISION
The Operations Division is commanded by a Captain whose primary responsibility is to provide general management direction and control for that Division. The Operations Division includes the Traffic Unit, SWAT/HNT Team (CRU), EOD, Training Unit, Reserves, Explorers, Canine Unit, Mounted Unit, Honor Guard, SHARPs and School Resource Officers.

200.2.2 SERVICES DIVISION

The Services Division consists of the investigative units (Detectives, Street Crimes and Gangs), Crime Analysis, Property and Evidence, the Communications Center, Animal Control and the Records Unit.

200.3 COMMAND PROTOCOL

200.3.1 SUCCESSION OF COMMAND
The Chief of Police exercises command over all personnel in the Department. During planned absences the Chief of Police will designate a Division Commander to serve as the acting Chief of Police.

Except when designated as above, the order of command authority in the absence or unavailability of the Chief of Police is as follows:

(a) Police Captain, based on seniority
(b) Police Lieutenant, based on seniority
(c) Police Sergeant, based on seniority
(d) Sworn Officer who has qualified as an Acting Watch Commander, based on seniority
(e) Sworn Police Officer, based on seniority
An employee currently holding a higher rank than they normally would (e.g. Acting Lieutenant), will be considered at the higher rank (rather than their permanent rank) for purposes of succession of command.

200.3.2 UNITY OF COMMAND
The principles of unity of command ensure efficient supervision and control within the Department. Generally, each member shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment (e.g., Traffic, SWAT), any supervisor may temporarily direct any subordinate if an operational necessity exists.

200.3.3 ORDERS
Members shall respond to and make a good faith and reasonable effort to comply with the lawful order of superior officers and other proper authority.
Special Order

204.1 PURPOSE AND SCOPE
Special Orders establish an interdepartmental communication that may be used by the Chief of Police to make immediate changes to policy and procedure consistent with the current Memorandum of Understanding and as permitted by Government Code § 3500 et seq. Special Orders will immediately modify or change and supersede sections of this manual to which they pertain.

204.1.1 SPECIAL ORDER PROTOCOL
Special Orders will be incorporated into the manual as required upon approval of Staff. Special Orders will modify existing policies or create a new policy as appropriate and will be rescinded upon incorporation into the manual.

All existing Special Orders have now been incorporated in the updated Policy Manual as of the below revision date.

Any Special Orders issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year, followed by the number 01. For example, 12-01 signifies the first Special Order for the year 2012.

204.2 RESPONSIBILITIES

204.2.1 STAFF
The staff shall review and approve revisions of the Policy Manual, which will incorporate changes originally made by a Special Order.

204.2.2 CHIEF OF POLICE
The Chief of Police shall issue all Special Orders.

204.3 ACCEPTANCE OF SPECIAL ORDERS
All employees are required to read and obtain any necessary clarification of all Special Orders. All employees are required to acknowledge in writing the receipt and review of any new Special Order. Signed acknowledgement forms and/or e-mail receipts showing an employee’s acknowledgement will be maintained by the Training Manager.
Training Policy

208.1 PURPOSE AND SCOPE
It is the policy of this department to administer a training program that will provide for the professional growth and continued development of its personnel. By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

208.2 PHILOSOPHY
The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels, and legal mandates. Whenever possible, the Department will use courses certified by the California Commission on Peace Officer Standards and Training (POST).

208.3 OBJECTIVES
The objectives of the Training Program are to:
   (a) Enhance the level of law enforcement service to the public
   (b) Increase the technical expertise and overall effectiveness of our personnel
   (c) Provide for continued professional development of department personnel

208.4 TRAINING PLAN
A training plan will be developed and maintained by the Training Manager. It is the responsibility of the Training Manager to maintain, review, and update the training plan on an annual basis.

208.5 TRAINING NEEDS ASSESSMENT
The Training Manager will conduct an annual training-needs assessment of the Department. The needs assessment will be reviewed by staff. Upon approval by the staff, the needs assessment will form the basis for the training plan for the fiscal year.

208.6 TRAINING COMMITTEE
The Training Manager shall establish a Training Committee, which will serve to assist with identifying training needs for the Department.

The Training Committee shall be comprised of at least three members, with the senior ranking member of the committee acting as the chairperson. Members should be selected based on their abilities at post-incident evaluation and at assessing related training needs. The Training Manager may remove or replace members of the committee at his/her discretion.
The Training Committee should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Committee should review include, but are not limited to:

(a) Any incident involving the death or serious injury of an employee.
(b) Incidents involving a high risk of death, serious injury or civil liability.
(c) Incidents identified by a supervisor as appropriate to review to identify possible training needs.

The Training Committee should convene as needed, as determined by the Training Manager, to review the identified incidents. The committee shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Training Manager. The recommendation should not identify specific facts of any incidents, such as identities of employees involved or the date, time and location of the incident, but should focus on the type of training being recommended.

The Training Manager will consider the recommendations of the committee and determine what training should be addressed, taking into consideration the mission of the Department and available resources.

208.7 TRAINING PROCEDURES

(a) All employees assigned to attend training shall attend as scheduled unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to the following:

1. Court appearances
2. First choice vacation
3. Sick leave
4. Physical limitations preventing the employee’s participation.
5. Emergency situations

(b) When an employee is unable to attend mandatory training, that employee shall:

1. Notify his/her supervisor as soon as possible but no later than one hour prior to the start of training.
2. Document his/her absence in a memorandum to his/her supervisor.
3. Make arrangements through his/her supervisor and the Training Manager to attend the required training on an alternate date.
208.8  DAILY TRAINING BULLETINS
The Lexipol Daily Training Bulletins (DTBs) is a web-accessed system that provides training on the Manteca Police Department Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Manager.

Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Training Manager. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. In all cases, other than those of extended absences, DTB’s shall be completed by the 15th of the month after they were assigned. DTB’s incomplete after the 15th are considered late and may be cause for discipline.

Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.
Electronic Mail

212.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of the Department’s electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

212.2 EMAIL RIGHT OF PRIVACY
All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

212.3 PROHIBITED USE OF EMAIL
Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user’s name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual’s email, name and/or password by others.

212.4 EMAIL RECORD MANAGEMENT
Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.
Electronic Mail

The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

212.5 CITYWIDE EMAIL POLICIES
Members of the Manteca Police Department shall also familiarize themselves with the City policies on email and electronic communications and will adhere to those policies as well.
Administrative Communications

214.1 PURPOSE AND SCOPE
Administrative communications of this department are governed by the following policies.

214.2 DEPARTMENT E-MAIL
Department Email may be issued periodically by the Chief of Police to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

214.3 CORRESPONDENCE
In order to ensure that the letterhead and name of the Department are not misused, all external correspondence shall be on Department letterhead. All Department letterhead shall bear the signature element of the Chief of Police. Personnel should use Department letterhead only for official business and with approval of their supervisor.

214.4 SURVEYS
All surveys made in the name of the Department shall be authorized by the Chief of Police or a Division Commander.
Staffing Levels

216.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure an adequate number of personnel are available for deployment to serve the citizens of Manteca and that proper supervision is available for all shifts. The Department intends to balance the employee’s needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

216.2 MINIMUM STAFFING LEVELS
The following is to be the minimum staffing level for patrol:

(a) DAY SHIFT (0600-1600):
   1. Day Shift will consist of a minimum of one supervisor and four officers for a total shift complement of five sworn personnel.

(b) SWING SHIFT (1500-0100):
   1. Sunday through Wednesday, Swing Shift will consist of a minimum of one supervisor and four officers for a total shift complement of five sworn personnel.
   2. Thursday, Friday and Saturday, Swing Shift will consist of a minimum of one supervisor and five officers for a total shift complement of six sworn personnel.

(c) GRAVEYARD SHIFT (2000-0600):
   1. Sunday through Wednesday, Graveyard Shift will consist of a minimum of one supervisor and four officers for a total shift complement of five sworn personnel.
   2. Thursday, Friday and Saturday, Graveyard Shift will consist of a minimum of one supervisor and five officers for a total shift complement of six sworn personnel.

(d) MOTORCYCLE OFFICERS:
   1. Motorcycle officers shall not, generally, be counted toward the minimum shift requirement. It may be necessary in time of emergency for a motorcycle officer to be reassigned to patrol responsibilities temporarily until another officer can be called in to relieve them. They shall not, however, be routinely assigned to fill a patrol staffing position.
   2. When more than one motorcycle officer is assigned to a shift, they should not routinely all be allowed to be off at the same time. Sufficient motorcycle personnel should be assigned to report for duty to fill traffic enforcement needs.

(e) COMMUNITY SERVICE OFFICERS:
1. Community service officers (CSO) are assigned in two shifts per day: 0500-1500 and 1000-2000. Both CSO's working on the same day should not routinely be allowed to be off at the same time.

(f) SERGEANTS:

1. Two sergeants are assigned on opposite days on each shift. These sergeants will be scheduled to work simultaneously at least one day per week. Sergeants will overlap between 1500-1600 and between 2000-0100. These sergeants do not count toward the number of officers needed for patrol assignments. Sergeants will not be assigned a beat. Sergeants are team supervisors and will only be assigned in that capacity. This does not preclude sergeants from being dispatched as backup when officer safety needs dictate.

2. If a sergeant is unable to report to duty due to illness, training or an emergency and the shift complement drops below minimum staffing, all efforts will be made to contact another sergeant to fill that vacancy. If the shift compliment is above minimum staffing then an assigned "Acting Watch Commander" will assume supervisor responsibilities. If the shortage occurs during the swing shift grave yard overlap, the second sergeant position does not need to be filled. The primary supervisory responsibilities will fall to the current on-duty sergeant.

216.3 MINIMUM STAFFING WORK OVERLOAD
There will be times when the minimum number of officers will not be sufficient to handle the workload due to planned or unplanned events or emergencies. In those cases, the on duty supervisor may schedule or call in additional personnel as needed.

216.4 MINIMUM STAFFING WAIVER
The Chief of Police, Operations Division Commander or the Patrol Division Lieutenant can waive the minimum staffing levels as may be necessary to provide for training or other needs.
License to Carry a Firearm

218.1 PURPOSE AND SCOPE
The Chief of Police is given the statutory discretion to issue a license to carry a firearm to residents within the community (Penal Code § 26150; Penal Code § 26155). This policy will provide a written process for the application and issuance of such licenses. Pursuant to Penal Code § 26160, this policy shall be made accessible to the public.

218.1.1 APPLICATION OF POLICY
Nothing in this policy shall preclude the Chief or other head of a municipal police department from entering into an agreement with the Sheriff of the county or preclude the Sheriff of the county from entering into an agreement with the Chief of any municipal police department to process all applications and license renewals for the carrying of concealed weapons (Penal Code § 26150; Penal Code § 26155).

218.2 POLICY
The Manteca Police Department will fairly and impartially consider all applications to carry firearms in accordance with applicable law and this policy.

218.3 QUALIFIED APPLICANTS
In order to qualify for a license to carry a firearm, the applicant must meet certain requirements, including:

(a) Be a resident of the City of Manteca (Penal Code § 26150; Penal Code § 26155).

(b) Be at least 21 years of age (Penal Code § 29610).

(c) Fully complete an application that will include substantial personal information. Much of the information in the application may be subject to public access under the Public Records Act.

(d) Be free from criminal convictions that would disqualify the applicant from carrying a firearm. Fingerprint will be required and a complete criminal background check will be conducted.

(e) Be of good moral character (Penal Code § 26150; Penal Code § 26155). The applicant should provide at least three letters of character reference.

(f) Show good cause for the issuance of the license (Penal Code § 26150; Penal Code § 26155).

(g) Pay all associated application fees. These fees are set by statute and may not be refunded if the application is denied.

(h) Provide proof of ownership or registration of any firearm to be licensed.
License to Carry a Firearm

(i) Be free from any psychological conditions that might make the applicant unsuitable for carrying a firearm (Penal Code § 26190).

(j) Complete required training (Penal Code § 26165).

218.4 APPLICATION PROCESS
The application process for a license to carry a firearm shall consist of two phases. Upon the successful completion of each phase, the applicant will advance to the next phase until the process is completed and the license is either issued or denied.

218.4.1 PHASE ONE (TO BE COMPLETED BY ALL APPLICANTS)
(a) Any individual applying for a license to carry a firearm shall first fully complete a California Department of Justice (DOJ) application to be signed under penalty of perjury. Any applicant who provides false information or statements on the application will be removed from further consideration and may be prosecuted for a criminal offense (Penal Code § 26180).

1. In the event of any discrepancies in the application or background investigation, the applicant may be required to undergo a polygraph examination, at no cost to the applicant.

2. If an incomplete application package is received, the Chief of Police or authorized designee may do any of the following:
   (a) Require the applicant to complete the package before any further processing.
   (b) Advance the incomplete package to phase two for conditional processing pending completion of all mandatory conditions.
   (c) Issue a denial if the materials submitted at the time demonstrate that the applicant would not qualify for a license to carry a firearm even if the package was completed (e.g., not a resident, disqualifying criminal conviction, absence of good cause).

(b) At the time the completed application is submitted, the applicant shall submit a check made payable to the California Department of Justice for the required California DOJ application fee, along with a separate check made payable to the City of Manteca for a nonrefundable 20 percent of the application fee to cover the cost of processing the application (Penal Code § 26190).

1. Additional fees may be required for fingerprinting, training or psychological testing, in addition to the application fee.

2. Full payment of the remainder of the application fee will be required upon issuance of a license.

3. Payment of related fees may be waived if the applicant is a duly appointed reserve peace officer as defined in Penal Code § 830.6 (a) or (b) (Penal Code § 26170).
License to Carry a Firearm

(c) The applicant shall be required to submit to fingerprinting and a complete criminal background check by the California DOJ. A second set of fingerprints may be required for retention in department files. Two recent passport-size photos (2 inches by 2 inches) of the applicant shall be submitted for department use. No person determined to fall within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100 or Welfare and Institutions Code § 8103 will be issued a license to carry a firearm. A license shall not be issued if the California DOJ determines that the applicant is prohibited by state or federal law from possessing, receiving, owning or purchasing a firearm (Penal Code § 26195).

(d) The applicant should submit at least three signed letters of character reference from individuals other than relatives.

(e) The applicant shall submit proof of ownership or registration of each firearm to be licensed.

Once the Chief of Police or authorized designee has reviewed the completed application package and relevant background information, the application will either be advanced to phase two or denied.

In the event that an application is denied at the conclusion of, or during, phase one, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

218.4.2 PHASE TWO
This phase is to be completed only by those applicants successfully completing phase one.

(a) Upon successful completion of phase one, the applicant shall be scheduled for a personal interview with the Chief of Police or authorized designee. During this stage, there will be further discussion of the applicant’s statement of good cause and any potential restrictions or conditions that might be placed on the license.

1. The determination of good cause should consider the totality of circumstances in each individual case.

2. Any denial for lack of good cause should be rational, articulable and not arbitrary in nature.

3. The Department will provide written notice to the applicant as to the determination of good cause (Penal Code § 26202).

(b) The Chief of Police may, based upon criteria established by the Chief of Police, require that the applicant be referred to an authorized psychologist used by the Department for psychological testing. The cost of such psychological testing (not to exceed $150) shall be paid by the applicant. The purpose of any such psychological testing is intended only to identify any outward indications or history of psychological problems that might render the applicant unfit to carry a firearm. This testing is not intended to certify in any other respect that the applicant is psychologically fit. If it is determined that the applicant is not a suitable candidate for carrying a firearm, the applicant shall be removed from further consideration (Penal Code § 26190).
License to Carry a Firearm

(c) The applicant shall complete a course of training approved by the department, which complies with Penal Code § 26165. The applicant will not be required to complete and pay for any training courses prior to any determination of good cause (Penal Code § 26165; Penal Code § 26202).

(d) The applicant shall submit any firearm to be considered for a license to the Rangemaster or other department authorized gunsmith, at no cost to the applicant, for a full safety inspection. The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer’s specifications or that is unsafe (Penal Code § 31910).

(e) The applicant shall successfully complete a firearms safety and proficiency examination with the firearm to be licensed, to be administered by the department Rangemaster, or provide proof of successful completion of another department-approved firearms safety and proficiency examination, including completion of all releases and other forms. The cost of any outside inspection/examination shall be the responsibility of the applicant.

Once the Chief of Police or authorized designee has verified the successful completion of phase two, the license to carry a firearm will either be granted or denied.

Whether an application is approved or denied at the conclusion of or during phase two, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

218.4.3 APPLICATION DENIAL/RESUBMITTAL
Any applicant whose request for a concealed carry permit is denied must wait a period of no less than 365 days before resubmitting their application. The date of denial shall be construed as "day zero" for purposes of calculating the date an application may be resubmitted. The Chief of Police, or his designee, holds the right to rescind or modify this directive.

218.5 LIMITED BUSINESS LICENSE TO CARRY A CONCEALED FIREARM
The authority to issue a limited business license to carry a concealed firearm to a non-resident applicant is granted only to the Sheriff of the county in which the applicant works. A chief of a municipal police department may not issue limited licenses (Penal Code § 26150). Therefore, such applicants may be referred to the Sheriff for processing.

An individual who is not a resident of the county but who otherwise successfully completes all portions of phases one and two above, may apply for and be issued a limited license subject to approval by the Sheriff and subject to the following:

(a) The applicant physically spends a substantial period of working hours in the applicant’s principal place of employment or business within the City of Manteca (Penal Code § 26150).
License to Carry a Firearm

(b) Such a license will be valid for a period not to exceed 90 days from the date of issuance (Penal Code § 26220).

(c) The applicant shall provide a copy of the license to the licensing authority of the city or county in which the applicant resides (Penal Code § 26220).

(d) Any application for renewal or reissuance of such a license may be granted only upon concurrence of the original issuing authority and the licensing authority of the city or county in which the applicant resides (Penal Code § 26220).

218.6 ISSUED FIREARMS PERMITS
In the event a license to carry a firearm is issued by the Chief of Police, the following shall apply:

(a) The license will be subject to any and all reasonable restrictions or conditions the Chief of Police has deemed warranted, including restrictions as to the time, place, manner and circumstances under which the person may carry the firearm.

1. All such restrictions or conditions shall be conspicuously noted on any license issued (Penal Code § 26200).

2. The licensee will be required to sign a Restrictions and Conditions Agreement. Any violation of any of the restrictions and conditions may result in the immediate revocation of the license.

(b) The license shall be laminated, bearing a photograph of the licensee with the expiration date, type of firearm, restrictions and other pertinent information clearly visible.

1. Each license shall be numbered and clearly identify the licensee.

2. All licenses shall be subjected to inspection by the Chief of Police or any law enforcement officer.

(c) The license will be valid for a period not to exceed two years from the date of issuance (Penal Code § 26220).

1. A license issued to a state or federal magistrate, commissioner or judge will be valid for a period not to exceed three years.

2. A license issued to any reserve peace officer as defined in Penal Code § 830.6(a) or (b), or a custodial officer employed by the Sheriff as provided in Penal Code § 831.5 will be valid for a period not to exceed four years, except that such license shall be invalid upon the individual’s conclusion of service as a reserve officer.

(d) If the licensee’s place of residence was the basis for issuance of a license and the licensee moves out of the county of issuance, the license shall expire 90 days after the licensee has moved (Penal Code § 26210).
License to Carry a Firearm

(e) The licensee shall notify this department in writing within 10 days of any change of place of residency.

218.6.1 LICENSE RESTRICTIONS
(a) The Chief of Police may place special restrictions limiting time, place, manner and circumstances under which any license shall be valid. In general, these restrictions will prohibit the licensee from:
1. Consuming any alcoholic beverage while armed.
2. Falsely representing him/herself as a peace officer.
3. Unjustified or unreasonable displaying of a firearm.
5. Being under the influence of any medication or drug while armed.
6. Interfering with any law enforcement officer’s duties.
7. Refusing to display his/her license or firearm for inspection upon demand of any peace officer.
8. Loading the permitted firearm with illegal ammunition.
(b) The Chief of Police reserves the right to inspect any license or licensed firearm at any time.
(c) The alteration of any previously approved firearm including, but not limited to adjusting the trigger pull, adding laser sights or modifications shall void any license and serve as grounds for revocation.

218.6.2 AMENDMENTS TO LICENSES
Any licensee may apply to amend a license at any time during the period of validity by completing and submitting a written Application for License Amendment along with the current processing fee to the Department in order to (Penal Code § 26215):
(a) Add or delete authority to carry a firearm listed on the license.
(b) Change restrictions or conditions previously placed on the license.
(c) Change the address or other personal information of the licensee (Penal Code § 26210).

In the event that any amendment to a valid license is approved by the Chief of Police, a new license will be issued reflecting the amendment. An amendment to any license will not serve to extend the original expiration date and an application for an amendment will not constitute an application for renewal of the license.

218.6.3 REVOCATION OF LICENSES
Any license issued pursuant to this policy may be immediately revoked by the Chief of Police for any of the following reasons:
(a) The licensee has violated any of the restrictions or conditions placed upon the license.
License to Carry a Firearm

(b) The licensee becomes psychologically unsuitable to carry a firearm.

(c) The licensee is determined to be within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100, Welfare and Institutions Code § 8103 or any state or federal law.

(d) The licensee engages in any conduct which involves a lack of good moral character or that might otherwise remove the good cause for the original issuance of the license.

(e) If the license is one to carry “loaded and exposed,” the license shall be revoked immediately upon a change of the licensee’s place of residence to another county (Penal Code § 26210).

The issuance of a license by the Chief of Police shall not entitle the holder to either a property or liberty interest as the issuance, amendment or revocation of such license remains exclusively within the discretion of the Chief of Police as set forth herein.

If any license is revoked, the Department will immediately notify the licensee in writing and the California DOJ (Penal Code § 26225).

218.6.4 LICENSE RENEWAL
No later than 90 days prior to the expiration of any valid license to carry a firearm, the licensee may apply to the Chief of Police for a renewal by:

(a) Verifying all information submitted in the original application under penalty of perjury.

(b) Completing a department-approved training course pursuant to Penal Code § 26165. The applicant shall not be required to pay for a training course prior to the determination of good cause (Penal Code § 26165).

(c) Submitting any firearm to be considered for a license renewal to the Rangemaster for a full safety inspection. The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer’s specifications or that is unsafe (Penal Code § 31910).

(d) Paying a non-refundable renewal application fee.

Once the Chief of Police or authorized designee has verified the successful completion of the renewal process, the renewal of the license to carry a firearm will either be granted or denied. Prior issuance of a license shall not entitle any licensee to any property or liberty right to renewal.

Whether an application for renewal is approved or denied, the applicant shall be notified in writing within 90 days of the renewal application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later (Penal Code § 26205).

218.7 DEPARTMENT REPORTING AND RECORDS
Pursuant to Penal Code § 26225, the Chief of Police shall maintain a record of the following and immediately provide copies of each to the California DOJ:

(a) The denial of a license

(b) The denial of an amendment to a license
License to Carry a Firearm

(c) The issuance of a license
(d) The amendment of a license
(e) The revocation of a license

The Chief of Police shall annually submit to the State Attorney General the total number of licenses to carry firearms issued to reserve peace officers and judges.

218.8 CONFIDENTIAL RECORDS

The home address and telephone numbers of any peace officer, public defender, prosecutor, magistrate, court commissioner or judge contained in an application shall not be considered public record (Government Code § 6254(u)(2)).

Any information in an application for a license to carry a firearm that indicates when or where the applicant is vulnerable to attack or that concerns the applicant's medical or psychological history or that of his/her family shall not be considered public record (Government Code § 6254(u)(1)).
Retiree Concealed Firearms

220.1 PURPOSE AND SCOPE
The purpose of this policy is to outline the process and conditions associated with the issuance, revocation, and denial of a concealed weapons (CCW) endorsement for retired officers, and retired Level 1 Reserve Officers, of this department.

220.2 QUALIFIED RETIREES
Any full-time sworn officer (or retired Level 1 Reserve Officer as described below) of this department who was authorized to, and did, carry a concealed firearm during the course and scope of his/her appointment shall be issued an identification card with a "CCW Approved" endorsement upon honorable retirement (Penal Code § 25455).

(a) For the purpose of this policy, honorably retired includes all peace officers who have qualified for, and accepted, a service or disability retirement, however, shall not include any officer who retires in lieu of termination.

(b) For purposes of this policy, honorably retired also includes any retired Level 1 Reserve Officer as described in paragraph (1) of subdivision (a) of Penal Code Section 832.6, and he or she served in the aggregate no less than 10 years in that capacity (Penal Code § 26300).

(c) No CCW Approved endorsement shall be issued to any officer retiring because of a psychological disability (Penal Code § 26305).

220.3 MAINTAINING A CCW ENDORSEMENT
In order to maintain a "CCW Approved" endorsement on an identification card, the retired officer (or retired Level 1 Reserve Officer) shall (Penal Code § 26305):

• Remain subject to all department rules and policies as well as all federal, state and local laws.

Pursuant to 26305 PC, "A retired peace officer may have the privilege to carry a concealed and loaded firearm revoked or denied by violating any departmental rule, or state or federal law that, if violated by an officer on active duty, would result in that officer's arrest, suspension, or removal from the agency."

Pursuant to 26305 PC, "An identification certificate authorizing the officer to carry a concealed and loaded firearm or an endorsement on the certificate may be immediately and temporarily revoked by the issuing agency when the conduct of a retired peace officer compromises public safety."

The Manteca Police Department does not require retired officers, (or retired Level 1 Reserve Officers), to qualify with their firearms.
220.4 CARRYING FIREARMS OUT OF STATE
Subject to 18 USC § 926C and the Firearms Policy, qualified retired officers (or retired Level 1 Reserve Officers) of this department may be authorized to carry a concealed weapon in other states.

Retired officers (or retired Level 1 Reserve Officers) who choose to carry a concealed firearm out of state must ensure that they understand the requirements of, and are in compliance with, 18 USC § 926C. It is not the duty of the Manteca Police Department to ensure that retired officers who visit or reside in out of state locations are compliant with this section. Retired officers who do not understand or comply with the requirements of 18 USC § 926C, and choose to carry firearms out of state, do so at their own risk.

220.4.1 QUALIFIED RETIRED LAW ENFORCEMENT OFFICER (FOR OUT OF STATE CARRY)
In order to carry a firearm out of state pursuant to 18 USC § 926, one must be a "qualified retired law enforcement officer" as defined in that section. This includes the following:

(a) Must have separated from employment with the Manteca Police Department in good standing (18 USC § 926C(c)(1)).

(b) Must have been authorized by law to engage in or supervise the prevention, detection, investigation, or prosecution of, or the incarceration of any person for, any violation of law, and had statutory powers of arrest (18 USC 926C(c)(2)).

(c) Before such separation, either served as a law enforcement officer for an aggregate of 10 years or more, or completed their probationary period successfully and separated from employment due to a service-connected disability (18 USC § 926C(c)(3)).

(d) Has successfully completed a firearms qualification as defined in 18 USC § 926C(c) (4), within the past 12 month period prior to the time they choose to carry the firearm.

(e) Has not been found unqualified due to mental health reasons, (18 USC § 926C(c)(5)).

(f) Is not under the influence of alcohol or drugs at the time they choose to carry a firearm (18 USC § 926C(c)(6)).

(g) Must not be prohibited by Federal law from receiving a firearm (18 USC § 926C(c)(7)).

220.4.2 QUALIFICATION REQUIREMENTS (FOR OUT OF STATE CARRY)
As noted above, retired officers (or retired Level 1 Reserve Officers) who choose to carry a firearm out of state (either as a visitor or resident) have additional requirements beyond the need for a department issued identification card. In addition to their basic Manteca Police Department identification card, retired officers must also meet the qualification requirements of 18 USC §926C(d). This makes it necessary for the retired officer to have in their possession, in addition to their Manteca P.D. identification card, the following:

- A certification from the Manteca Police Department that the individual has, not less than one year before the date the individual is carrying the concealed firearm, been
tested or otherwise found by the Manteca Police Department to meet the active duty standards for qualification in firearms training as established by the Manteca Police Department to carry a firearm of the same type as the concealed firearm; or

• A certification issued by the State in which the individual resides or by a certified firearms instructor that is qualified to conduct a firearms qualification test for active duty officers within that State that indicates that the individual has, not less than one year before the date the individual is carrying the concealed firearm, been tested or otherwise found by the State or a certified firearms instructor that is qualified to conduct a firearms qualification test for active duty officers within the State to have met:
  o the active duty standards for qualification in firearms training, as established by the State, to carry a firearm of the same type as the concealed firearm; or
  o if the State has not established such standards, standards set by any law enforcement agency within that State to carry a firearm of the same type as the concealed firearm

220.4.3 IN-HOUSE CERTIFICATIONS (FOR OUT OF STATE CARRY)
Retired officers who choose to utilize the Manteca Police Department to obtain their firearms qualification certification must contact the Supervising Rangemaster to be tested. The Supervising Rangemaster will advise the retired officer of the upcoming range training days or the next regularly scheduled CCW qualification. If for some reason the retired officer cannot make these dates the Supervising Rangemaster, with the approval of the Patrol Lieutenant or Division Commander, may set an appointment for the officer to be tested.

The course of fire for a retired officer shall be the standard off-duty course of fire administered to active duty officers.

Once the retired officer has successfully qualified with the firearm, the Supervising Rangemaster will ensure that the retired officer receives a certification that minimally includes the following:

• the name and identifying information of the retired officer
• a statement that he/she has successfully qualified
• the date on which the qualification took place
• the weapon, or type of weapon, that was used to qualify

The certification issued by the Supervising Rangemaster may consist of a sticker applied directly to the retired officer's identification card, an amended identification card that includes the above information, or any other appropriate document as approved by the Chief of Police or Services Division Commander.
220.5 IDENTIFICATION CARD FORMAT
The identification card issued to any qualified and honorably retired officer (or retired Level 1 Reserve Officer) shall be two inches by three inches and minimally contain the following (Penal Code § 25460, 18 USC § 926):

(a) Photograph of the retiree.
(b) Retiree's name and date of birth.
(c) Date of retirement.
(d) Name and address of this department.
(e) A stamped endorsement stating "CCW Approved". In cases where a CCW endorsement has been denied or revoked, the identification card shall be stamped "No CCW Privilege".
(f) The following language, "Pursuant to 18 USC § 926C, the subject associated with this identification card is a qualified retired law enforcement officer."
(g) The rank of the officer at the time of retirement, (e.g. Retired Officer, Retired Sergeant, etc). All Level 1 Reserve Officers who are issued an identification card will have only the rank of "Retired Reserve," regardless of what rank they held within the Reserve Program.

Note: Identification cards issued to any qualified and honorably retired officer (or retired Level 1 Reserve Officer) shall have no expiration date unless the Chief of Police deems one is necessary in a particular case. The card may, however, include the firearms qualification data enumerated in § 220.4.3. In that case it is the retired officer's responsibility to ensure that he or she qualifies, and updates their identification card, often enough to remain compliant with 18 USC § 926.

220.6 DENIAL OR REVOCATION OF STATE CCW ENDORSEMENT
The CCW endorsement under Penal Code § 25470 for any officer retired from this department may be denied or permanently revoked only upon a showing of good cause. Any denial or revocation under this section shall also be considered disqualification under 18 USC § 926C(d). The CCW endorsement may be immediately and temporarily revoked by the Watch Commander when the conduct of a retired peace officer compromises public safety. Good cause, if challenged, shall be determined in the following manner:

(a) In the event that a CCW endorsement is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.

(b) Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class
Retiree Concealed Firearms

mail, postage prepaid, return receipt requested to the retiree’s last known address (Penal Code § 26315).

1. The retiree shall have 15 days from the date of service to file a written request for a hearing.

2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).

3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.

(c) The hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization and one selected jointly (Penal Code § 26320).

1. The decision of such hearing board shall be binding on the Department and the retiree.

2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card which shall be stamped "No CCW Privilege".

220.6.1 WATCH COMMANDER RESPONSIBILITY
Employees who have reason to suspect a retiree’s conduct has compromised public safety should notify the Watch Commander as soon as practical. The Watch Commander should notify the Service's Division Commander. The Service's Division Commander should consider the following steps in these instances:

(a) Take appropriate steps to promptly look into the matter.

(b) If warranted, contact the retiree in person and advise him/her in writing of the following:
   1. The retiree's CCW endorsement is immediately and temporarily revoked.
   2. The retiree will have 15 days to request a hearing to determine whether the temporary revocation should become permanent.
   3. The retiree will forfeit his/ her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

(c) A current copy of Penal Code § 12027.1 should be attached to the written notice.

(d) In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Service’s Division Commander should attempt to make the above notice of temporary suspension through another peace officer. For example, if a retiree was arrested or detained by a distant agency, the Service’s Division Commander may
request that a peace officer of that agency act as the Department's agent to deliver the written notification.

(e) Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 12027.1 (a)(1)(C).

(f) The Service's Division Commander should document in a memo the investigation, the actions taken, and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.
Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS
Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law shall promptly report these observations to a supervisor.

300.3 USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably
appears necessary in a particular situation, with limited information and in circumstances that are
tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter,
officers are entrusted to use well-reasoned discretion in determining the appropriate use of force
in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it
would be impractical or ineffective to use any of the tools, weapons or methods provided by
the Department. Officers may find it more effective or reasonable to improvise their response
to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any
improvised device or method must nonetheless be reasonable and utilized only to the degree that
reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury,
nothing in this policy requires an officer to retreat or be exposed to possible physical injury before
applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST
Any peace officer may use reasonable force to effect an arrest, to prevent escape or to overcome
resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist
from his/her efforts by reason of resistance or threatened resistance on the part of the person
being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense
by the use of reasonable force to effect the arrest, prevent escape or to overcome resistance
(Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether to apply force and evaluating whether an officer has used reasonable
force, a number of factors should be taken into consideration, as time and circumstances permit.
These factors include, but are not limited to:

(a) Immediacy and severity of the threat to officers or others.
(b) The conduct of the individual being confronted, as reasonably perceived by the officer
    at the time.
(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level
    of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The effects of drugs or alcohol.
(e) Subject’s mental state or capacity.
(f) Proximity of weapons or dangerous improvised devices.
(g) The degree to which the subject has been effectively restrained and his/her ability to
    resist despite being restrained.
(h) The availability of other options and their possible effectiveness.
Use of Force

(i) Seriousness of the suspected offense or reason for contact with the individual.

(j) Training and experience of the officer.

(k) Potential for injury to officers, suspects and others.

(l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.

(m) The risk and reasonably foreseeable consequences of escape.

(n) The apparent need for immediate control of the subject or a prompt resolution of the situation.

(o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

(p) Prior contacts with the subject or awareness of any propensity for violence.

(q) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.

(b) Whether the person can comply with the direction or orders of the officer.

(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD
The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is subject to the following:

(a) The officer shall have successfully completed department-approved training in the use and application of the carotid control hold.

(b) The carotid control hold may only be used when circumstances perceived by the officer at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:

1. The subject is violent or physically resisting.
Use of Force

2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm officers, him/herself or others.

(c) The application of a carotid control hold on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of applying a carotid control hold:

1. Females who are known to be pregnant
2. Elderly individuals
3. Obvious juveniles
4. Individuals who appear to have Down syndrome or who appear to have obvious neck deformities or malformations, or visible neck injuries

(d) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

(e) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.

(f) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

(g) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Manteca Police Department for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
Use of Force

(b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

The completion of the Department's Use of Force Report form shall be completed or all uses of force beyond the level of pain compliance techniques. This would include, but not limited to use of the carotid restraint, impact weapons, O.C. Spray, Tasers, lesslethal projectiles, hand/foot strikes, canines and deadly force. A Use of Force Report form will also be completed any time a Use of Force results in injury or a complaint of injury. It shall be the responsibility of the primary officer of the incident to ensure that the Use of Force Report Form is completed and submitted to the supervisor.
300.5.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.
(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of a TASER device or control device.
(f) Any application of a restraint device other than handcuffs, shackles or belly chains.
(g) The individual subjected to the force was rendered unconscious.
(h) An individual was struck or kicked.
(i) An individual alleges any of the above has occurred.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Unit policy.

300.6 MEDICAL CONSIDERATION
Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).
Use of Force

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY
When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her Miranda rights, the following shall apply:
   1. The content of the interview should not be summarized or included in any related criminal charges.
   2. The fact that a recorded interview was conducted should be documented in a property or other report.
   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation.
   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.
Use of Force

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY
The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING
Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

300.9 DEPARTMENTAL RESPONSIBILITY
In every case in which a Use of Force Report is completed the department shall:

- Have the Use of Force Report Review form reviewed contemporaneously by a supervisor for content and completeness
- Utilize a Use of Force Committee to regularly review and evaluate the incident, and then report back to the Chief of Police
- Retain the Use of Force Report forms and reviews in a retrievable format with a five (5) year retention schedule
- When required, ensure a complete Internal Affairs investigation is completed

300.10 USE OF FORCE ANALYSIS
At least annually, the Operations Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

(a) Training needs recommendations.
(b) Equipment needs recommendations.
(c) Policy revision recommendations.
Operational Outline

301.1 PURPOSE AND SCOPE
To establish a standard procedure for the dissemination of information regarding certain types of planned events.

301.2 DEFINITIONS
Special Operations - Include small scale operations where there is little likelihood of violence, no forcible entry required and public attendance is limited or easily controlled. Special operations include, but are not limited to, DUI and driver's license checkpoints, saturation patrols, surveillance, ABC stings, low-key parole searches, low-key probation searches, knock-and-talks, directed patrols, low-key search warrants, farmers markets, dances, school functions, parades, etc.

Major Police Operations - Include large scale operations where violence is likely or crowds may be large or unruly. Major police operations include, but are not limited to, labor disputes, civil protests, and large public events such as fairs, July 4th celebrations and rallies.

Raid - Planned entries for the purposes of conducting a search or arrest where a forcible entry is planned or anticipated or where active resistance by the target subjects is expected.

301.3 PROCEDURE
• All major police operations and all raids shall require an Operational Outline. An Operational Outline also shall be required when the action has a potential of evolving into a major confrontation in which emergency assistance may be required.
• Special operations do not require an Operational Outline, but they are encouraged in cases that may become large in scale or are complicated in nature.
• An Operational Outline may be completed for any event in which a supervisor deems one would be beneficial or otherwise appropriate.

301.4 COMPLETION OF OPERATIONAL OUTLINE
A police incident number shall be assigned to all major operations and raids.

An Operational Outline will then be completed by the primary officer, supervisor or his designee. The outline may follow any of the standard established formats (e.g. the B.N.E. Operations Plan) but must address the following topics at the minimum:

• Date, time, location and description of event
• Type of operation (search warrant, parade, etc)
• Personnel and equipment assigned to the operation
Operational Outline

- Personnel contact numbers
- Suspect information if applicable
- Any special problems or considerations (weapons, fortifications, etc)

Once completed, the Operational Outline shall be submitted to a supervisor for review and approval.

301.4.1 SUPERVISOR REVIEW
The supervisor in charge shall:

(a) Review the Operational Outline and provide any necessary planning or direction to minimize the risk to life and property
(b) Verify the location and identity of the participants/suspect(s)
(c) Consider logistical requirements such as transportation, scheduling, size of event, etc
(d) Make necessary requests for specialized personnel and/or equipment
(e) Provide necessary equipment to ensure the success of the operation, including safe entry and/or apprehension
(f) Confirm the warrant or probable cause for the actions has been properly obtained

Once the supervisor has determined that the Operational Outline is complete, and everything has been done to mitigate potential risks, the supervisor shall sign and date the Operational Outline.

In the case of pre-planned SWAT deployments, or other very high risk events, the supervisor will also submit the Operational Outline to a Division Commander for secondary approval.

301.5 DISTRIBUTION
Operational Outlines shall be sent to all concerned agencies, offices, divisions or sections by fax, computer terminal or hand delivery of a hard copy, prior to the event.

In all cases, a copy of the Operational Order shall be delivered to the Communications Center as well as the Watch Commander, prior to the event.
Use of Force Review

302.1 PURPOSE AND SCOPE
This policy establishes a process for the Manteca Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY
The Manteca Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee may be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW COMMITTEE
The Department's Use of Force Committee will be a standing committee, selected by the Chief of Police or his designee.

The Use of Force Committee will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Use of Force Committee shall also meet on a regular basis (such as quarterly) to review all reportable uses of force as defined in the Use of Force policy, and will report back to the Chief of Police on whether the uses of force were reasonable and within policy, and to make recommendations for training needs.

The Operations Division Commander will have oversight of the Use of Force Committee. It will be the responsibility of the Operations Division Commander to ensure that the committee meets when required and that they report timely to the Chief of Police.

302.4.1 COMPOSITION OF THE COMMITTEE
The Operations Division Commander should select a minimum of three Use of Force Committee members, with consideration given to the following:

• Sworn representatives of each division if possible
• At least one sergeant, or higher, if possible
Use of Force Review

- The Training Manager if available
- Department instructor in defensive tactics and/or a rangemaster if possible

The senior ranking representative on the committee will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE COMMITTEE

The Use of Force Review Committee is empowered to conduct an administrative review and inquiry into the circumstances of an incident where force was used or a firearm was discharged.

The committee members may request further investigation, request reports be submitted for the committee’s review, call persons to present information and request the involved employee to appear. If requested to appear, the involved employee will be notified of the meeting of the committee and may choose to have a representative through all phases of the review process, if desired.

The committee does not have the authority to recommend discipline.

The Chief of Police will determine whether the committee should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges the decision not to file criminal charges, or any other action. The committee should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the employee, no more than two members of the committee may ask questions of an involved employee (Government Code § 3303). Other members may provide questions to these members.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the committee will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The committee shall make one of the following recommended findings:

(a) The employee’s actions were within department policy and procedure.
(b) The employee’s actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the committee. The committee may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The committee chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee’s actions were within policy and procedure and will determine whether any additional
Use of Force Review

actions, investigations or reviews are appropriate. The Chief of Police’s final findings will be forwarded to the involved employee’s Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.
Handcuffing and Restraints

306.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY
The Manteca Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS
Only members who have successfully completed Manteca Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

• The circumstances or crime leading to the arrest.
• The demeanor and behavior of the arrested person.
• The age and health of the person.
• Whether the person is known to be pregnant.
• Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
• Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons, waist chains or handcuffs behind the body.

No person who is in labor, delivery or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized
Handcuffing and Restraints

determination that such restraints are necessary for the safety of the arrestee, officers or others (Penal Code § 3407; Penal Code § 6030).

306.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS
Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or
Handcuffing and Restraints

distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

(b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
Handcuffing and Restraints

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION
If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

(a) The amount of time the suspect was restrained.

(b) How the suspect was transported and the position of the suspect.

(c) Observations of the suspect's behavior and any signs of physiological problems.

(d) Any known or suspected drug use or other medical problems.
Control Devices and Techniques

308.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Manteca Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 WATCHCOMMANDER RESPONSIBILITIES
The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 SUPERVISING RANGEMASTER RESPONSIBILITIES
The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES
Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES
As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS
Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.
Control Devices and Techniques

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each use of a pepper projectile system shall be documented. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES
This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE
Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.
Control Devices and Techniques

(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject’s clothing.

(d) The subject’s proximity to others.

(e) The location of the subject.

(f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.9.3 SAFETY PROCEDURES
Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

If assigned a kinetic energy device, officers will inspect the shotgun and projectiles at the beginning of their shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.
Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.10 TRAINING FOR CONTROL DEVICES
The Training Manager shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer’s training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Conducted Energy Device

309.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of TASER devices.

309.2 POLICY
The TASER® device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING TASERS
Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member’s current assignment. Those leaving a particular assignment may be required to return the device to the department’s inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver’s compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift. When carried while in uniform officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon.

(a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.

(c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.

(d) Officers should not hold both a firearm and the TASER device at the same time.

309.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the TASER device may be deployed.
Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer’s lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

309.5 USE OF THE TASER
The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE TASER
The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.
(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
Conducted Energy Device

(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.

(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3 TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE TASER
Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

(a) Whether the probes are making proper contact.

(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.

(c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Officers shall notify a supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence.
Conducted Energy Device

The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject’s skin.

309.5.6 DANGEROUS ANIMALS
The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.7 OFF-DUTY CONSIDERATIONS
Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION
Officers shall document all TASER device discharges in the related arrest/crime report and on a Use of Force Report form pursuant to the Use of Force Policy. Notification shall also be made to a supervisor in compliance with the Use of Force Policy.

309.6.1 REPORTS
The officer should include the following in the arrest/crime report:

(a) Identification of all personnel firing TASER devices
(b) Identification of all witnesses
(c) Medical care provided to the subject
(d) Observations of the subject’s physical and physiological actions
(e) Any known or suspected drug use, intoxication or other medical problems

309.7 MEDICAL TREATMENT
After securing the subject in handcuffs, the officer will remove the probes using the prescribed methods. Used TASER device probes shall be treated as sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
Conducted Energy Device

(d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).

(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

309.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. If there is a question regarding the propriety of the deployment, the device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING
Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur biannually. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Manager. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Manager is responsible for ensuring that all members who carry TASER devices have received initial and bi-annual proficiency training. Periodic audits should be used for verification.
Conducted Energy Device

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Manager should ensure that all training includes:

(a) A review of this policy.

(b) A review of the Use of Force Policy.

(c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentional drawing and firing a firearm.

(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.

(e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.

(f) De-escalation techniques.

(g) Restraint techniques that do not impair respiration following the application of the TASER device.
Officer-Involved Critical Incidents

310.1 PURPOSE AND SCOPE
The intent of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured as the result of an officer-involved critical incident and to ensure that such incidents be investigated in a fair and impartial manner.

310.1.1 DEFINITIONS
Officer-involved critical incident: These include most officer involved shooting incidents and most fatal incidents in which a police agency employee is involved as an actor, victim or custodial officer.

Officer-involved critical incidents include, but are not limited to, the following officer (or police agency employee) involved incidents:

(a) Intentional and accidental shootings in which one party is injured or may have been injured as a result (does not include accidental shooting where both parties are police employees).

(b) Intentional and accidental use of any other dangerous or deadly weapon resulting in death.

(c) Assaults on or by police employees resulting in death.

(d) Deaths made while affecting an arrest or while a subject is in custody or while in transport.

(e) Any fatality to a passenger of a police officer, such as ride-a-longs and citizen transports.

(f) Any fatal vehicle crash involving a police employee, except those that occur off duty or those that are solo vehicle crashes where the only person involved is the police employee.

Refer to the San Joaquin County Critical Incident Protocol document for further information.

310.2 INVESTIGATION RESPONSIBILITY
This department conforms to the San Joaquin County Officer Involved Critical Incident Protocol for investigating officer-involved critical incidents.

310.3 TYPES OF INVESTIGATIONS
Officer-involved critical incidents can involve several separate investigations. The investigations may include:

(a) A criminal investigation conducted pursuant to the guidelines set forth in the San Joaquin County Officer Involved Critical Incident Protocol. This investigation is conducted by the team or task force assembled jointly among the Venue Agency, Employer Agency, CHP and District Attorney’s Office.
1. The Venue agency is the agency in San Joaquin County within whose geographical jurisdiction the Officer Involved Critical Incident occurs.

2. The Employer Agency is the San Joaquin County agency the involved police employee is employed by.

(b) A civil investigation to determine potential liability conducted by the involved officer's agency

(a) An administrative investigation conducted by the involved officer's agency, to determine if there were any violations of department policy

310.4 THE INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved critical incident

310.4.1 DUTIES OF INITIAL ON SCENE SUPERVISOR
Upon arrival at the scene of an officer-involved critical incident, the first uninvolved supervisor should:

(a) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.

(b) Attempt to obtain a brief overview of the situation from any uninvolved officer(s).

1. In the event that there are no uninvolved officers, the supervisor should attempt to obtain a brief voluntary overview from an officer who was directly involved in the critical incident.

(c) If necessary, the supervisor may administratively order any officer from this department to immediately provide publicsafetyinformation necessary to secure the scene and pursue suspects.

1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.

(d) Absent a voluntary statement from any officer(s), the initial on scene supervisor should not attempt to order any officer to provide other than public safety information.

(e) Provide all available information to the Watch Commander and the Communications Center. If feasible, sensitive information should be communicated over secure networks.

(f) Take command of and secure the incident scene with additional personnel until relieved by a detective supervisor or other assigned personnel.

(g) As soon as practical, officers directly involved in the critical incident should respond or be transported (separately, if feasible) to the station for further direction.
1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers pending further direction from a supervisor.

2. When an officer's weapon is taken or left at the scene (e.g., evidence), the officer will be provided with a comparable replacement weapon or transported to the station by other officers.

310.4.2 WATCH COMMANDER DUTIES
Upon learning of an officer-involved critical incident, the Watch Commander shall be responsible for coordinating all aspects of the incident until relieved by the Chief of Police, Division Commander, Lieutenant or Detective Sergeant.

To invoke the San Joaquin County Officer Involved Critical Incident Protocol, Dispatch must contact predetermined personnel in the District Attorney's Office. The Watch Commander must ensure that Dispatch has been advised to invoke the Protocol so that the required calls can be made.

310.4.3 NOTIFICATIONS
In addition to the District Attorney's Office (as noted above), the following person(s) shall be notified as soon as practical:

- Chief of Police
- Services Division Commander
- Operations Division Commander
- Detective Unit supervisor
- Public Information Officer
- Chaplain(s) or Psychological/Peer support personnel (as needed)
- Coroner (if necessary)
- MPOA Board Representative

All outside inquiries about the incident shall be directed to the Watch Commander.

310.4.4 MEDIA RELATIONS
A single press release shall be prepared with input and concurrence from the supervisor and agency representative responsible for each phase of the investigation. This release will be available to the Watch Commander, Investigations Division Commander and Public Information Officer in the event of inquiries from the media.
Officer-Involved Critical Incidents

It will be the policy of this department to not release the identities of involved officers absent their consent or as required by law. Moreover, no involved officer shall be subjected to contact from the media (Government Code § 3303(e)) and no involved officer shall make any comments to the press unless authorized by the Chief of Police or a Division Commander.

Law enforcement officials receiving inquiries regarding incidents occurring in other agency jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.4.5 INVOLVED OFFICERS
Once the involved officer(s) have arrived at the station, the Watch Commander should admonish each officer that the incident shall not be discussed except with authorized personnel or representatives. The following shall be considered for the involved officer:

(a) Any request for department or legal representation will be accommodated, however, no involved officer shall be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report (Government Code § 3303(i)).

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with department representatives (e.g., employee association) will be privileged only as to the discussion of non-criminal information however.

(d) A psychotherapist shall be provided by the Department to each involved officer, or any other officer, upon request.
   1. Interviews with a licensed psychotherapist will be considered privileged and will not be disclosed except to the extent that the officer is or is not fit for return to duty.
   2. An interview or session with a licensed psychotherapist may take place prior to the involved officer providing a formal interview or report, but the involved officers shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.

(e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the officer’s equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Detectives shall make reasonable accommodations to the officer’s physical and emotional needs (Government Code § 3303(d)).
Each involved officer shall be given reasonable paid administrative leave following an officer-involved critical incident. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

### 310.5 THE SHOOTING INCIDENT CRIMINAL INVESTIGATION

#### 310.5.1 DETECTIVE PERSONNEL

Once notified of an officer-involved critical incident, it shall be the responsibility of the Detective Unit supervisor to assign appropriate detective personnel to handle the investigation of related crimes. Detectives will be assigned to work with investigators from the District Attorney’s Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney’s Office.

All related departmental reports except administrative and/or privileged reports will be forwarded to the Detective Supervisor for approval. Privileged reports shall be maintained exclusively by those personnel authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

#### 310.5.2 CRIMINAL INVESTIGATION

It shall be the policy of this department to utilize the *San Joaquin County Officer Involved Critical Incident Protocol* to conduct an independent criminal investigation into the circumstances of any officer-involved critical incident involving injury or death.

If available, detective personnel from this department may be assigned to partner with investigators from the Protocol team to facilitate the criminal investigation.

Once public safety issues have been addressed, criminal investigators will be given the next opportunity to interview involved officers in order to provide them with an opportunity to give a voluntary statement. The following shall be considered for the involved officer:

(a) Supervisors and Internal Affairs Unit personnel should not participate directly in any voluntary interview of officers. This will not prohibit such personnel from monitoring such interviews or indirectly providing areas for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney, prior to speaking with criminal investigators. However, in order to maintain the integrity of each individual officer’s statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(c) Any voluntary statement provided by the officer(s) will be made available for inclusion in the administrative or other related investigations.

(d) Absent consent from the involved officer or as required by law, no administratively coerced statement(s) will be provided to any criminal investigators.
310.5.3 REPORTS BY INVOLVED OFFICERS
In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved officer may write the report, it is generally recommended that such reports be completed by assigned investigators who should interview involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by involved suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures, but should also be included for reference in the investigation of the officer-involved critical incident.

310.5.4 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or other major incident may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identify all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
Officer-Involved Critical Incidents

(c) Assign available personnel to promptly contact the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to contact with officers.

310.6 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved critical incident, the Chief of Police may order an internal administrative investigation and/or review to determine conformance with department policy. This investigation will be considered a confidential peace officer personnel file.

(a) Any officer involved in a critical incident may be administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his or her prior statement before proceeding with any subsequent interview(s) (Government Code § 3303(g))

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer(s) physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview (Government Code § 3303(i)) However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

3. Administrative interview(s) should be recorded by the investigator (the officer may also record the interview) (Government Code § 3303(g)).

4. The officer shall be informed of all constitutional Miranda rights (Government Code § 3303(h)) and, assuming no voluntary waiver, will then be given an administrative order to provide full and truthful answers to all questions (Government Code § 3303(e)). The officer shall be informed, however, that the
interview will be for administrative purposes only and that the statement cannot be used criminally (The Lybarger or Garrity admonishment).

5. The administrative interview shall be considered part of the officer’s confidential personnel file.

6. The Chairman of the Use of Deadly Force Review Board shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

7. The completed administrative investigation shall be submitted to the Use of Deadly Force Review Board, pursuant to Policy #302, which will restrict its findings as to whether there was compliance with the Department use of deadly force policy.

8. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.7 AUDIO AND VIDEO RECORDINGS
Any officer involved in an incident may be permitted to review available Mobile Audio Video (MAV), COBAN, Body Cam (TABC) or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, COBAN, Body Cam (TABC) or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, COBAN, Body Cam (TABC) and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the District Attorney or City’s attorneys as appropriate.

310.8 CRITICAL INCIDENT STRESS DEBRIEFINGS
All officers who are active participants in an officer-involved critical incident that results in death or great bodily injury, shall be required to submit to a Critical Incident Stress Debriefing.

All officers who are active participants in an officer-involved critical incident that does not result in death or great bodily injury, may be required to submit to a Critical Incident Stress Debriefing. The Chief of Police may order the stress debriefing or may grant a stress debriefing for an officer who requests one.

Officers who are involved in, but are not active participants in, an officer-involved critical incident may be required to submit to a Critical Incident Stress Debriefing. The Chief of Police may order the stress debriefing or may grant a stress debriefing for an officer who requests one.

Critical Incident Stress Debriefings will be scheduled by the Police Chief or his/her designee and will be paid for by the department.

312.1 PURPOSE AND SCOPE
This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

312.4.1 REPAIRS OR MODIFICATIONS
Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Supervising Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Supervising Rangemaster or his/her designee.

312.5.3 ALCOHOL AND DRUGS
Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member’s senses or judgment.

When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle’s interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Officers are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

312.6 FIREARMS TRAINING AND QUALIFICATIONS
All non-management members who carry a firearm while on-duty are required to qualify quarterly, at quarterly training, with their duty firearms.

• Under no circumstances may a member qualify less than twice in a calendar year with their duty weapon. If a quarterly training is canceled, or a member is otherwise excused from quarterly training, it is incumbent upon that member to ensure that he/she qualifies at least twice before that calendar year ends.

All non-management members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on an approved range course.

All management level members who carry a firearm are required to qualify at least once per calendar year with their duty firearms as well as any off-duty and secondary firearms.

312.6.1 NON-CERTIFICATION OR NON-QUALIFICATION
If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor, with a copy to the Supervising Rangemaster, as soon as practicable.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided two remedial attempts.

If after three attempts, the member still cannot qualify, remedial training will be scheduled subject to the following requirements:

(a) Additional range trainings deemed necessary, followed by another attempt at achieving a qualifying score on a prescribed course of fire.
(b) If continued failure occurs, the Supervising Rangemaster will submit a memorandum to the Operations Division Commander documenting the deficiency.

(c) Based on the totality of the circumstances, the Operations Division Commander may, among other things:
   1. Prescribe additional training
   2. Restrict the member’s duty assignment
   3. Take other action deemed appropriate

312.7 FIREARM DISCHARGE
Ex except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Critical Incidents Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written memorandum with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

(b) If off-duty at the time of the incident, a written memorandum shall be submitted or a recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.7.1 DESTRUCTION OF ANIMALS
Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

312.7.2 INJURED ANIMALS
With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)).
Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

312.7.3 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

312.8 RANGEMASTER DUTIES
The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.

312.8.1 RANGE SAFETY
The following rules will apply to all activity at the shooting range:

- All loading, unloading, manipulation or use of firearms must be done with extreme caution, taking care never to point weapons at, or otherwise endanger other people.
- Ear and eye protection are mandatory for all shooters and spectators who are near the area of live fire.
- Weapons should not be out of the holster except while on the firing line, the cleaning area, loading/unloading area, or as instructed by the Rangemaster.
Firearms

- All instruction by the Rangemaster will be strictly followed.

312.9 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their Manteca Police Department identification card, bearing the officer’s name, a full-face photograph, identification number, the officer’s signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The Manteca Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Manteca Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer’s need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.
312.10 CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The officer shall carry his/her Manteca Police Department identification card whenever carrying such firearm.
(b) The officer is not the subject of any current disciplinary action.
(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.
Vehicle Pursuits

314.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officer's conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.2 OFFICER RESPONSIBILITIES
It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

314.2.1 WHEN TO INITIATE A PURSUIT
Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.
The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.

(c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).

(d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.

(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.

(f) Pursuing officers familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.

(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

(i) Vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(k) Availability of other resources such as helicopter assistance.

(l) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner in the police vehicle.

314.2.2 WHEN TO TERMINATE A PURSUIT
Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In
the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

(b) Pursued vehicle’s location is no longer definitely known.

(c) Officer’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.

(d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.

(e) There are hazards to uninvolved bystanders or motorists.

(f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

(g) Pursuit is terminated by a supervisor.

314.2.3 SPEED LIMITS
The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

(b) Pursuit speeds have exceeded the driving ability of the officer.

(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

314.3 PURSUIT UNITS
Pursuit units should be limited to three vehicles (two units and a supervisor); however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.
314.3.1 LAW OFFICERS
A police motorcycle should replace a police car as primary and/or secondary pursuit unit as soon as practical when the pursuit is initiated.

314.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Officer(s) in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those officers should terminate their involvement immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.

If an unmarked unit (equipped with an operable red light and siren) engages in a pursuit, it must disengage as soon as there is a sufficient number of marked police units in position to take over the pursuit.

314.3.3 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator’s vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify the Communications Center that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
(e) Number of known occupants.
(f) The identity or description of the known occupants.
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

314.3.4 SECONDARY UNITS RESPONSIBILITIES
The second officer in the pursuit is responsible for the following:
Vehicle Pursuits

(a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.

(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.

(c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

314.3.5 PURSUIT DRIVING TACTICS

The decision to use or not use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle;

(b) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from an air unit.
   2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
   3. Requesting other units to observe exits available to the suspect(s).

(c) As a general rule, officers should avoid pursuing a vehicle driving left of center (wrong way) on a highway to prevent creating a hazard to the public. In the event the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from an air unit.
   2. Maintaining visual contact with the pursued vehicle by driving on the correct side of the roadway, unless it is safe to pass. The officer should avoid traveling in the opposite lane of traffic for a prolonged period of time to prevent creating a hazard to the public.

(d) Notifying the California Highway Patrol and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or requested to do so by the primary unit.

314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian
Vehicle Pursuits

traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

314.3.7 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.8 AIRCRAFT ASSISTANCE
When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should provide information and assistance to the Watch Commander so that the Watch Commander can maintain effective control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should help the Watch Commander coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY
It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.
(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.

(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that aircraft are requested if available.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.

(i) Controlling and managing MPD units when a pursuit enters another jurisdiction.

(j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

314.4.1 WATCH COMMANDER RESPONSIBILITY
Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content.

314.5 COMMUNICATIONS
If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES
Upon notification that a pursuit has been initiated, the Communications Center will:

(a) Coordinate pursuit communications of the involved units and personnel.

(b) Notify and coordinate with other involved or affected agencies as practicable.

(c) Ensure that a field supervisor is notified of the pursuit.

(d) Assign an incident number and log all pursuit activities.

(e) Broadcast pursuit updates as well as other pertinent information as necessary.

(f) Notify the Watch Commander as soon as practicable.

314.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.
314.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Manteca Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

314.6.2 PURSUITs EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

(a) Ability to maintain the pursuit
(b) Circumstances serious enough to continue the pursuit
(c) Adequate staffing to continue the pursuit
(d) The public's safety within this jurisdiction
(e) Safety of the pursuing officers

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency’s pursuit.
Vehicle Pursuits

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practicable.

314.7.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

314.7.2 DEFINITIONS

**Blocking or vehicle intercept** - A slow-speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

**Boxing-in** - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Pursuit Intervention Technique (PIT)** - A low-speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

**Ramming** - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.

**Roadblocks** - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle.

**Spikes or tack strips** - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.
314.7.3 USE OF FIREARMS
The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION STANDARDS
Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
4. The target vehicle is stopped or traveling at a low speed.
5. At no time should civilian vehicles be used to deploy this technique.

(b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer’s disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:
Vehicle Pursuits

1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.

2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.

3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

(d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.

(e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public.

314.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspects.

314.8 REPORTING REQUIREMENTS
The following reports should be completed upon conclusion of all pursuits:
Vehicle Pursuits

(a) The primary officer should complete appropriate crime/arrest reports.

(b) The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is completed. The Records Supervisor shall ensure that the CHP 187A is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.

(c) After obtaining the available information, the field supervisor shall promptly complete a pursuit memo, briefly summarizing the pursuit, and submit it via Blue Team or IAPro. This memo should minimally contain the following information:

1. Date and time of pursuit
2. Length of pursuit
3. Involved units and officers
4. Initial reason for pursuit
5. Starting and termination points
6. Disposition (arrest, citation), including arrestee information if applicable
7. Injuries and/or property damage
8. Medical treatment
9. Name of supervisor at scene
10. A preliminary determination whether the pursuit appears to be in compliance with this policy and whether additional review or follow-up is warranted

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

314.8.2 POLICY REVIEW
Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member’s training file.
314.9 APPLICATION OF VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.
Officer Response to Calls

316.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.2 RESPONSE TO CALLS
Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

316.3.1 NUMBER OF UNITS ASSIGNED
Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes additional unit(s).

316.4 INITIATING CODE 3 RESPONSE
If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify the Communications Center. Generally, only one unit should respond Code-3 to a situation. Should another officer believe a Code-3 response is appropriate, the Communications Center
shall be notified and the Watch Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

316.5 RESPONSIBILITIES OF RESPONDING OFFICERS
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer’s judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

316.6 COMMUNICATIONS RESPONSIBILITIES
When dispatching officers to an emergency call, the dispatcher shall advise them if a Code 3 response is authorized. The dispatcher may authorize a Code 3 response based on the conditions known to the dispatcher and the responding officer(s). The Watch Commander may overrule the decision of the dispatcher. The dispatcher shall:
   (a) Attempt to assign the closest available unit to the situation/location requiring assistance.
   (b) Immediately notify the Watch Commander.
   (c) Notify and coordinate allied emergency services (e.g., fire and ambulance).
   (d) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.
   (e) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor.

316.7 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:
   (a) The proper response has been initiated
   (b) No more than those units reasonably necessary under the circumstances are involved in the response
   (c) Affected outside jurisdictions are being notified as practical
Officer Response to Calls

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.
Canines

318.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment police services to the community including, but not limited to locating individuals and contraband and apprehending criminal offenders.

318.1.1 CANINE CLASSIFICATION
Participants in the Canine Program will be classified in two groups: Service Canines and Reserve Service Canines.

Service Canines are those dogs who are classified as patrol dog teams assigned to the Patrol Division on a full-time working schedule basis.

Reserve Service Canines are dog/handler teams designated by the Chief of Police to augment the Canine Program in order to provide a higher level of service to the community. Reserve Service Canines may include, but are not limited to, narcotic detection dogs, search and rescue dogs, tracking dogs and additional patrol dogs. Classification as a Reserve Service Canine handler is a voluntary assignment and, as such, is not entitled to Specialty Pay as defined in the Memoranda of Understanding. Reserve Service Canines will adhere to all provisions of this policy.

318.2 POLICY
It is the policy of the Manteca Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

318.3 GUIDELINES FOR THE USE OF CANINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed or threatened to commit any serious offense, committed a felony, or if any of the following conditions exist:

(a) There is a reasonable belief that the individual poses an imminent threat of violence or serious harm to the public, any officer, or the handler.

(b) The individual is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance. Note: Because service dogs are trained to apprehend and hold, the use of a service dog is not to be considered lethal force.

(c) The individual(s) is/are believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

(d) The individual is a prowler.

(e) In response to an intrusion alarm or forced entry to a structure.
It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.

Absent reasonable belief that any of the above circumstances have been met, mere flight from a pursuing officer(s) shall not serve as good cause for the use of a canine to apprehend the individual.

Once the individual has been apprehended or no longer reasonably appears to represent a threat or risk of escape, the canine should be placed in a down-stay or otherwise secured as soon as it becomes reasonably practical.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

318.3.1   PREPARATION FOR UTILIZING A CANINE
Prior to the use of a canine to search for or apprehend any individual, the canine handler and/or the supervisor on scene shall carefully consider all pertinent information that is reasonably available at the time. The information should include, but is not limited to the following:

(a) The individual's age or estimate thereof.
(b) The nature of the suspected offense.
(c) Any potential danger to the public and/or other officers at the scene if the canine is released.
(d) The degree of resistance or threatened resistance, if any, the subject has shown.
(e) The potential for escape or flight if the police dog is not utilized.
(f) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved personnel to minimize the risk of unintended injury.

A canine handler shall have the ultimate authority not to deploy the dog. The handler will evaluate each situation and determine if the use of a canine is technically feasible. Generally, the decision whether to deploy the dog shall remain with the handler. However, a supervisor sufficiently apprised of the situation may decide not to deploy the dog.

318.3.2   WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE
Unless it would otherwise increase the risk of injury or escape, a clearly audible warning to announce that a canine will be released if the person does not come forth, shall be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. The canine handler, when practical, shall first advise the supervisor of his/her decision if a verbal warning is not
Canines

given prior to releasing the canine. In the event of an apprehension, the handler shall document in any related report whether or not a verbal warning was given and, if none was given, the reasons why.

On giving the announcement for canine deployment, handlers shall document the announcement via radio transmission.

318.3.3 USE OF NARCOTIC-DETECTION CANINES
The narcotic detection canine is a support tool. Because of the nature of the search and the dangers associated with these searches, a cursory physical and visual search should be conducted by officers prior to the canine team entering the scene.

A narcotic detection trained canine may be used in accordance with current law under the following circumstances:

(a) To assist in the search for narcotics during a search warrant service.
(b) To obtain a search warrant by using the detection canine in support of probable cause.
(c) To search vehicles, buildings, bags and any other articles deemed necessary.
(d) To search clothing worn by a person when the officer has the required elements (probable cause, consent, warrant, etc.). The Watch Commander must give approval prior to a person search for narcotics.

318.3.4 GUIDELINES FOR NON-APPREHENSION USE
Because canines have senses far superior to those of humans, they may often be effectively utilized to track or search for non-criminals (e.g. lost children, individuals who may be disoriented or in need of medical attention) or even suspects wanted for minor criminal offenses. In such circumstances, it will be necessary for the handler to evaluate the conditions and ability of the canine to determine the feasibility of such an application.

(a) Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such applications should be conducted on leash or under such conditions that will minimize the likelihood that the canine will bite or otherwise injure the individual.
(b) Throughout the deployment of the canine in such circumstances, the handler should consider issuing periodic verbal assurances that the canine will not bite or hurt the person.
(c) Unless otherwise directed by a supervisor, assisting personnel should take direction from the handler in order to minimize interference with the canine.

318.3.5 REPORTING CANINE USE, BITES AND INJURIES
Whenever a canine is deployed and intentionally bites or otherwise causes injury to a suspect, a supervisor shall be promptly notified and the injuries documented in any related incident or arrest report.
Canines

Any unintended bite or injury caused by the canine during deployments, operations, training, presentations or under any other circumstances, either on- or off-duty, shall be promptly reported to the Unit Coordinator. Unintended bites or injuries caused by the canine should be documented in an administrative memo, not in a crime report or Use of Force Report Form.

If the injuries are significant enough to require medical attention, the injured person shall be afforded treatment by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment.

318.3.6 REPORTING CANINE INJURIES
In the event a service dog handler is injured and the service dog cannot be controlled, another person capable of exercising control over the animal shall be called to the scene immediately. This may include the handler’s spouse or another service dog handler.

In the event that a canine is injured, the injury will be immediately reported to the Watch Commander.

Depending on the severity of the injury, the canine shall either be treated by the designated veterinarian or transported to a designated emergency medical facility for treatment. If the handler and dog are out of the area, the handler may use the nearest available veterinarian.

The injury and subsequent treatment will be documented on a memorandum to the Operations Division Commander via the Unit Supervisor.

318.3.7 ASSIGNMENT OF CANINES
Service Canines shall be assigned to the Operations Division to supplement and assist the Patrol Unit. Reserve Service Canines shall be deployed by the Chief of Police or his designee based on the needs of the department

Service Canines shall function as regular patrol units but should be used as the primary cover units whenever possible. Reserve Service Canines may be deployed by the Watch Commander based on the needs of the department. Canine Teams may be assigned by the Watch Commander to other functions based on the needs of the shift at the time.

Canine teams should not be assigned to handle matters that will take them out of service for extended periods of time unless absolutely necessary and only with the approval of the Watch Commander.

318.4 REQUEST FOR USE OF CANINE TEAMS
Personnel within the Department are encouraged to freely solicit the use of the canines. Requests for immediate assistance of a canine team from outside of the Patrol Unit can be authorized by the Watch Commander or the Canine Unit Supervisor.

318.4.1 REQUEST FOR ASSISTANCE FROM OTHER AGENCIES
The Watch Commander or the Canine Unit Supervisor must approve all requests for canine assistance from outside agencies, subject to the following provisions:
Canines

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.

(b) The handler has the ultimate authority to decide whether the canine should be used for any specific assignment.

(c) Canine teams shall not be called out while off-duty or used outside the boundaries of the City of Manteca unless authorized by the Watch Commander or the Unit Supervisor.

(d) It shall be the responsibility of the canine handler to coordinate with outside agency personnel in order to minimize the risk of unintended injury.

After deployment to assist an outside agency, the handler will contact and brief the Unit Supervisor on the details of the event.

318.4.2 REQUEST FOR PUBLIC DEMONSTRATIONS
All public requests for a canine team shall be approved by the Unit Supervisor prior to making any commitment.

Handlers shall not demonstrate any apprehension work to the public unless authorized to do so by the Unit Supervisor.

318.5 SELECTION OF CANINE HANDLERS
Assignments to the Canine Unit as a Service Canine Handler shall be made pursuant to the Special Assignment policy. Assignment to the Canine Unit as a Reserve Service Canine Handler shall be through the Chief's Office at the Chief's discretion. In addition to requirements therein, Canine Officers must also meet the following:

(a) Reside in an adequately fenced, single-family, residence (minimum five-foot high fence with locking gates)

(b) Agree to accept the duties of canine handler in addition to, not in place of, regular assigned duties as a patrol officer.

318.6 CANINE HANDLER RESPONSIBILITIES

318.6.1 AVAILABILITY
The handler shall be available for call-out under conditions specified by the Unit Supervisor.

318.6.2 CARE FOR THE CANINE AND EQUIPMENT
The handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions. The handler will be responsible for the following:

(a) Unless required by a particular application, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
Canines

(b) Service dog handlers shall take necessary actions to prevent another animal from injuring or deterring the service dog while performing its duties. The action may include the killing of the other animal if necessary.

(c) The handler shall maintain all department equipment including canine vehicles under his/her control in a clean and serviceable condition.

(d) When a handler takes an annual vacation that is away from home, the canine may be kenneled at city expense. When doing so the handler must provide the Unit Supervisor with the contact information for the kennel along with a method for contacting the handler, if possible, while he/she is away.

(e) Any changes in the living status of the handler which may affect the lodging or environment of the canine shall be reported to the Unit Supervisor as soon as possible.

(f) When off-duty, canines shall be maintained in kennels, provided by the City, at the homes of their handlers. When a canine is kenneled at the handler’s home, the gate shall be secured with a lock. When off-duty, canines may be let out of their kennels while under the direct control of their handlers.

(g) The canine should be encouraged to socialize in the home with the handler’s family under the direct supervision of the handler.

(h) Under no circumstances will the canine be lodged at another location unless approved by the Unit Supervisor or Watch Commander.

(i) When off-duty, handlers shall not involve their canines in any activity or conduct unless approved in advance by the Unit Supervisor or Watch Commander.

(j) Handlers shall permit the Unit Supervisor to conduct spontaneous on-site inspections of affected areas of their residence as well as their canine vehicle, to verify that conditions and equipment conform to this policy.

318.6.3 CANINE IN PUBLIC AREAS
All canines shall be kept on a leash when in areas that allow access to the public. Exceptions would include specific police operations for which the canines are trained.

(a) Canines shall not be left unattended in any area to which the public may have access.

(b) When the canine unit is left unattended all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also insure that the unattended unit remains inhabitable for the canine.

318.6.4 HANDLER COMPENSATION
The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the dog as provided in the Fair Labor Standards Act. The compensation shall be prescribed in the employee's Memorandum of Understanding.
Canines

318.7 MEDICAL CARE OF THE CANINE
All medical attention shall be rendered by the designated canine veterinarian, except during an emergency as provided in Policy Manual § 318.6.2.

318.7.1 NON-EMERGENCY MEDICAL CARE
Non-emergency medical care will be coordinated through the Unit Supervisor.

Any indication that a canine is not in good physical condition shall be reported to the Unit Supervisor or the Watch Commander as soon as practical.

All records of medical treatment shall be maintained in the canine handler's personnel file.

318.7.2 EMERGENCY MEDICAL CARE
The handler shall notify the Unit Supervisor as soon as practicable when emergency medical care for the canine is required.

Depending on the severity of the injury or illness, the canine shall either be treated by the designated veterinarian or transported to a designated emergency medical facility for treatment. If the handler and dog are out of the area, the handler may use the nearest available veterinarian.

318.8 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet or exceed current POST guidelines. Cross-trained dog teams or those dog teams trained exclusively for the detection of narcotics and/or explosives shall be trained and certified to meet or exceed the standards established for such detection dogs by the California Narcotic Canine Association or other recognized and approved certification standards.

Narcotics detection canines shall minimally be certified to detect marijuana, heroin, cocaine and methamphetamine.

Canines in final preparation for assignment in the field may be authorized by the Unit Supervisor to ride in a canine vehicle under the direct supervision of the handler to acclimate them to shiftwork in a car. Canines in this phase shall have no public contact nor shall they be left in a vehicle unsupervised unless all doors and windows are secured and locked.

The Unit Supervisor shall be responsible for scheduling periodic training for all department personnel in order to familiarize them with how to conduct themselves in the presence of department canines.

318.8.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to meet or exceed current POST guidelines and the California Narcotic Canine Association or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams shall receive training as defined in the current contract with the department's canine training provider.
Canines

(b) Canine handlers are encouraged to engage in additional training with approval of the Unit Supervisor.

(c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is contrary to the policies of the Manteca Police Department.

(d) All canine training shall be conducted while on-duty unless otherwise approved by the Unit Supervisor.

318.8.2 FAILURE TO SUCCESSFULLY COMPLETE POST TRAINING
Any canine team failing POST canine certification and, if cross-trained, the California Narcotic Canine Association or other recognized and approved certification standards shall not be deployed in the field until certification is achieved. When practical, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

318.8.3 TRAINING RECORDS
It shall be the responsibility of each handler to maintain a log of activity that documents the use of the canine in a day to day performance of duties. This deployment log will be turned into the Unit Supervisor at the end of the month.

It shall be the responsibility of each handler to provide continued maintenance training approved by the department trainer. The handler will maintain a training log documenting all training activity. The training log will be turned into the Unit Supervisor at the end of the month.

All canine deployment and training records shall be maintained in the canine handler's training file.

318.9 CANINE UNIT COORDINATOR RESPONSIBILITIES
The Unit Supervisor shall be appointed by staff and shall supervise the Canine Program. The Unit Supervisor is directly responsible to the Operations Division Commander or to a Patrol Lieutenant if so assigned. The Unit Supervisor shall be responsible for, but not limited to, the following:

(a) Review all canine related Use of Force Reports to insure compliance with policy and to identify training issues and other needs of the program.

(b) Maintain liaison with administrative staff and functional supervisors.

(c) Maintain liaison with other agency canine coordinators.

(d) Maintain accurate records to document canine activities.

(e) Recommend and oversee the procurement of needed equipment and services for the unit.

(f) Be responsible for scheduling all canine related activities.

(g) Ensure the canine teams are scheduled for continuous training to maximize the capabilities of the teams.
318.10 CONTROLLED SUBSTANCE TRAINING AIDS

Controlled substance training aids are required to effectively train and maintain drug detecting dogs. Further, controlled substances can also be an effective training aid during training sessions for law enforcement personnel and the public.

Health & Safety Code § 11367.5 provides that any Sheriff, Chief Of Police, the Chief of the Bureau of Controlled Substance Enforcement, or the Commissioner of the California Highway Patrol, or a designee thereof may, in his or her discretion, provide controlled substances in his or her possession for training purposes:

(a) To any duly authorized peace officer or civilian drug detection canine trainer working under the direction of a law enforcement agency
(b) Provided the controlled substances are no longer needed as criminal evidence
(c) Provided the person receiving the controlled substances, if required by the Drug Enforcement Administration, possesses a current and valid Drug Enforcement Administration registration that specifically authorizes the recipient to possess controlled substances while providing substance abuse training to law enforcement or the community or while providing canine drug detection training

318.10.1 PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of accidental ingestion of these controlled substances by the canine, the following procedure shall be strictly followed:

(a) All necessary controlled substance training samples shall be acquired from the Manteca Police Department's evidence personnel or from allied agencies authorized by Health & Safety Code § 11367.5 to provide controlled substance training samples. All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler.
(b) The weight and test results shall be recorded by the Unit Supervisor and submitted to and maintained by the Operations Division Commander.
(c) Any person receiving controlled substance training samples pursuant to Health & Safety Code § 11367.5 shall maintain those samples in the secure closet across from the Communications Center accessible by electronic key fob. The narcotics shall be kept in a "Pelican" type case that is assigned to a particular handler only. Each case will be secured via padlock with only the handler having access to it. The case itself will be secured to an immovable object inside the closet with a cable and padlock. Prior to checking out their training samples, the handler will check with Dispatch to ensure that the hallway cameras are on and recording.
(d) Training samples will only be removed just prior to training and shall be returned to the closet immediately after training is completed. If any delay is anticipated or occurs,
Canines

the handler must advise the Unit Supervisor in a manner that can be verified later, such as email or memorandum

(e) A Narcotics Training Log will be kept with the training samples. The log shall include the date and time the narcotics are checked out, ID# of the handler checking it out, the date and time the narcotics are returned, the ID# of the handler returning it and the specific location where the training takes place. Each handler will fill out the log completely whenever training samples are accessed or returned.

(f) The Unit Supervisor shall ensure that all controlled substance training samples are inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the Operations Division Commander.

(g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Office or to the dispensing agency

(h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency

(i) In any case where training narcotics are damaged or lost, the handler who has checked out the narcotics will immediately notify the Unit Supervisor advising them of the circumstances. The handler will submit a memo to the Chief of Police (via chain of command) as soon as practical the circumstances resulting in the damage or loss of narcotics. The memo will include precise amounts that were lost or damaged as well as any witnesses to the event.

318.10.2 IMMUNITY
All duly authorized peace officers acting in the performance of their official duties and any person working under their immediate direction, supervision or instruction are immune from prosecution under the Uniform Controlled Substance Act while providing substance abuse training or canine drug detection training (Health & Safety Code § 11367.5(b)).
Domestic Violence

320.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

320.2 POLICY
The Manteca Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS
The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
Domestic Violence

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigations Unit in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.
Domestic Violence

320.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.
(b) Provide the victim’s contact information to the jail staff to enable notification of the
victim upon the suspect’s release from jail.
(c) Advise the victim whether any type of court order will be in effect when the suspect
is released from jail.

320.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:
   1. Voluntary separation of the parties.
   2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter
      homes, victim witness unit).
(b) Document the resolution in a report.

320.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:

(a) Recognize that a victim’s behavior and actions may be affected.
(b) Provide the victim with the department’s domestic violence information handout, even
    if the incident may not rise to the level of a crime.
(c) Alert the victim to any available victim advocates, shelters and community resources.
(d) Stand by for a reasonable amount of time when an involved person requests law
    enforcement assistance while removing essential items of personal property.
(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained
    injury or complains of pain.
(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport
    the victim to an alternate shelter if the victim expresses a concern for his/her safety
    or if the officer determines that a need exists.
(g) Make reasonable efforts to ensure that children or dependent adults who are under
    the supervision of the suspect or victim are being properly cared for.
(h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order
of available local victim services (Family Code § 6452).

320.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as
practicable.
Domestic Violence

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

320.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.

1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

(b) Check available records or databases that may show the status or conditions of the order.

1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.
320.9 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

320.9.1 STANDARDS FOR ARRESTS
Officers investigating a domestic violence report should consider the following:

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.

1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).

(b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).

(c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender’s child)
3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.
4. Whether either person acted in self-defense.
Domestic Violence

(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer’s presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

320.9.2 COURT ORDERS

(a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person’s parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

(b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).

(c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

(e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

320.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

320.9.4 REPORTS AND RECORDS

(a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.

(b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
Domestic Violence

(c) Officers who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

320.9.5 RECORD-KEEPING AND DATA COLLECTION
This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

320.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE
Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee’s appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).
Search and Seizure

322.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Manteca Police Department personnel to consider when dealing with search and seizure issues.

322.2 POLICY
It is the policy of the Manteca Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
Search and Seizure

322.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search.

2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION
Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search

- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)

- What, if any, injuries or damage occurred

- All steps taken to secure property

- The results of the search, including a description of any property or contraband seized

- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.
Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Manteca Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Penal Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
Temporary Custody of Juveniles

(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

324.2 POLICY

The Manteca Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Manteca Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Manteca Police Department:

(a) Unconscious

(b) Seriously injured

(c) A known suicide risk or obviously severely emotionally disturbed

(d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).

(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Manteca Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).
Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

324.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY
When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

324.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY
Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

324.4 CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the Manteca Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Manteca Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Manteca Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Manteca Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to
Temporary Custody of Juveniles

the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure custody while at the Manteca Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code § 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

(a) Released upon warning or citation.
(b) Released to a parent or other responsible adult after processing at the Department.
(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
(d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile’s freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

324.5 ADVISEMENTS
Officers shall take immediate steps to notify the juvenile’s parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the Miranda rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).
Temporary Custody of Juveniles

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

324.6 JUVENILE CUSTODY LOGS
Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

(a) Identifying information about the juvenile.
(b) Date and time of arrival and release from the Manteca Police Department (15 CCR 1150).
(c) Watch Commander notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
(e) Any changes in status (e.g., emergency situations, unusual incidents).
(f) Time of all safety checks.
(g) Any medical and other screening requested and completed (15 CCR 1142).
(h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).
(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

324.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Manteca Police Department...
Temporary Custody of Juveniles

(trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

324.8 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Manteca Police Department shall ensure the following:

(a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Manteca Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Manteca Police Department more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal safety checks and significant incidents/activities shall be noted on the log.

(d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
   1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
   2. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

(f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

(g) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles shall have privacy during family, guardian, and/or lawyer visits (15 CCR 1143).

(j) Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).

(k) Blankets shall be provided as reasonably necessary (15 CCR 1143).
   1. The supervisor should ensure that there is an adequate supply of clean blankets.

(l) Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
Temporary Custody of Juveniles

(n) Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse (15 CCR 1142).

324.9 USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Manteca Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

324.10 PERSONAL PROPERTY
The officer taking custody of a juvenile offender or status offender at the Manteca Police Department shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Manteca Police Department.

324.11 SECURE CUSTODY
Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

(a) Age, maturity, and delinquent history
(b) Severity of offense for which the juvenile was taken into custody
(c) The juvenile offender’s behavior
(d) Availability of staff to provide adequate supervision or protection of the juvenile offender
Temporary Custody of Juveniles

(e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

324.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.

(b) Juveniles shall have constant auditory access to department members (15 CCR 1147).

(c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).

(d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).

1. All safety checks shall be logged.

2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).

3. Requests or concerns of the juvenile should be logged.

(e) Males and females shall not be placed in the same locked room (15 CCR 1147).

(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.
324.11.2 INTOXICATED JUVENILES
Supervision of minors in secure custody in a locked room who display outward signs of being under the influence of drugs, alcohol or any other intoxicating substance shall include safety checks at least once every 15 minutes until resolution of the intoxicated state or release. These safety checks shall be documented, with actual time of occurrence recorded (15 CCR 1151).

324.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE
The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Manteca Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

(a) Immediate notification of the on-duty supervisor, Chief of Police, Services Division Commander and
(b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
(c) Notification of the appropriate prosecutor.
(d) Notification of the City attorney.
(e) Notification to the coroner.

(h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
(i) Evidence preservation.

324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS
No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of Miranda rights, an officer shall permit a juvenile 15 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

(a) Information is necessary to protect life or property from an imminent threat.
(b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

324.13.1 MANDATORY RECORDINGS OF JUVENILES
Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a
Temporary Custody of Juveniles

department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

324.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in his/her absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Investigations Unit supervisor, giving due consideration to the following:

(a) The gravity of the offense

(b) The past record of the offender
Temporary Custody of Juveniles

(c) The age of the offender

324.15 RELEASE OF INFORMATION CONCERNING JUVENILES
Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Manteca Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Supervisor and the appropriate Investigations Unit supervisors to ensure that personnel of those bureaus act within legal guidelines.

324.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION
The Services Division Commander shall coordinate the procedures related to the custody of juveniles held at the Manteca Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

324.17 RELIGIOUS ACCOMMODATION
Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).
Adult Abuse

326.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Manteca Police Department members as required by law.

326.1.1 ELDER AND DEPENDENT ADULT ABUSE PROTOCOL
The Manteca Police Department participates in the Elder and Dependent Adult Abuse Protocol for San Joaquin County. Officers of this agency are expected to be familiar with the requirements of the protocol and wherever possible abide by the terms and conditions thereof. A copy of the protocol is located on the Utopia server at P:\sergeant\Countywide Protocols.

326.1.2 DEFINITIONS
Definitions related to this policy include:

**Adult abuse** - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

**Abuse of an elder (age 65 or older) or dependent adult** - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. Neglect includes self-neglect (Welfare and Institutions Code § 15610.07; Penal Code § 368.5).

326.2 POLICY
The Manteca Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

326.3 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.

(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(h) Previous addresses of the victim and suspect.

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(j) Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the adult abuse (Welfare and Institutions Code § 15640(f)).

(k) Whether a death involved the End of Life Option Act:

1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)

2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person’s life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)

3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17)

4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

326.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

(a) Conduct interviews in appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to adult abuse investigations.

(c) Present all prosecutable cases of alleged adult abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).

326.5 MANDATORY NOTIFICATION
Members of the Manteca Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

(a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):

1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.

4. When a report of abuse is received by the Department, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

(b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).

(c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.
Adult Abuse

(d) The SDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.

(e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.

(f) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.

(g) The District Attorney’s office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.

(h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).

1. When a report of abuse is received by the Department, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

(i) If during an investigation it is determined that the adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).

(j) When the Department receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Investigations Unit supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney’s Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

326.5.1 NOTIFICATION PROCEDURE
Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

(a) The name of the person making the report.

(b) The name and age of the elder or dependent adult.

(c) The present location of the elder or dependent adult.
Adult Abuse

(d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.
(e) The nature and extent of the condition of the elder or dependent adult.
(f) The date of incident.
(g) Any other information, including information that led the person to suspect elder or dependent adult abuse.

326.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

326.7 INTERVIEWS

326.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When
practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.7.2 DETAINING VICTIMS FOR INTERVIEWS
An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the adult need to be addressed immediately.
   2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

326.8 MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.9 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.9.1 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

(a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Investigations Unit supervisor so an interagency response can begin.

326.9.2 SUPERVISOR RESPONSIBILITIES
The Investigations Unit supervisor should:
Adult Abuse

(a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Investigations Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

326.10 RECORDS UNIT RESPONSIBILITIES
The Records Unit is responsible for:

(a) Providing a copy of the adult abuse report to the APS, ombudsman and/or other agencies as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)) or by the Dependent Adult Abuse Protocol for San Joaquin County.

(b) Retaining the original adult abuse report with the initial case file.

326.11 TRAINING
The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting interviews.

(c) Availability of therapy services for adults and families.

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to adult abuse investigations.

(f) Availability of victim advocates or other support.

326.12 RECORDS BUREAU RESPONSIBILITIES
The Records Unit is responsible for:

(a) Providing a copy of the adult abuse report to the APS, ombudsman or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).

(b) Retaining the original adult abuse report with the initial case file.

### 326.13 JURISDICTION

The Manteca Police Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request in such cases. Discriminatory Harassment

328.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY
The Manteca Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS
Definitions related to this policy include:

328.3.1 DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.
328.3.2 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person’s sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member’s work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.3.4 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES
This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Director of Human Resources and Risk Management or the City Manager.
Any member who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of each supervisor and manager shall include, but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.

(c) Ensuring that his/her subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Chief of Police or Director of Human Resources and Risk Management in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

328.4.2 SUPERVISOR’S ROLE
Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

(a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

328.4.3 QUESTIONS OR CLARIFICATION
Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Director of Human Resources and Risk Management, the City Manager or the California Department of Fair Employment and Housing for further information, direction or clarification.
Discriminatory Harassment

328.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

328.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Director of Human Resources and Risk Management or the City Manager.

328.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

328.6 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:
Discriminatory Harassment

• Approved by the Chief of Police, the City Manager or the Director of Human Resources and Risk Management, depending on the ranks of the involved parties.
• Maintained in accordance with the department’s established records retention schedule.

328.6.1 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

328.7 WORKING CONDITIONS
The Administration Division Commander or the authorized designee should be responsible for reviewing facility design and working conditions for discriminatory practices. This person should collaborate with other City employees who are similarly tasked (2 CCR 11034).

328.8 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the Department.

All members shall receive annual training on the requirements of this policy in conjunction with their annual evaluation. The evaluating party should notate in the evaluation that the policy was discussed and that the subject understood it and agreed to abide by its provisions.

328.8.1 SUPERVISOR TRAINING
All supervisors shall receive specific training and education regarding sexual harassment, prevention of abusive conduct and harassment based on gender identity, gender expression and sexual orientation within six months of assuming a supervisory position. Refresher training shall be provided every two years thereafter (Government Code § 12950.1; 2 CCR 11024).

328.8.2 TRAINING RECORDS
The Training Manager shall be responsible for maintaining records of all discriminatory harassment training provided to members. Records shall be retained in accordance with established records retention schedules and for a minimum of two years (2 CCR 11024).

328.9 REQUIRED POSTERS
The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).
Child Abuse

330.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Manteca Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

330.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

330.2 POLICY
The Manteca Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

330.3 MANDATORY NOTIFICATION
The child protection agency shall be notified when (Penal Code § 11166):

(a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child’s welfare, or

(b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney’s office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1);
neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment as a peace officer.

330.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Penal Code § 11166):

(a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.

(b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

330.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

330.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.
Child Abuse

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.5.1 EXTRA JURISDICTIONAL REPORTS
If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

330.6 PROTECTIVE CUSTODY
Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.
Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:

1. The child has an immediate need for medical care.
2. The child is in immediate danger of physical or sexual abuse.
3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child’s health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:

1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
2. There is no lawful custodian available to take custody of the child.
3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

330.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW
An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

330.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS
Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.
Child Abuse

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Existent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
   2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

330.7.3 INTERVIEWS AT A SCHOOL
Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

330.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child’s transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a
Child Abuse

medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.9 DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics. To accomplish this, the San Joaquin County Drug Endangered Children (DEC) Protocol has been established. Investigations conducted by the Manteca Police Department should comply with the protocol whenever possible.

330.9.1 SUPERVISOR RESPONSIBILITIES
The Investigations Unit supervisor should:

(a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Investigations Unit supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

330.9.2 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Investigations Unit supervisor so an interagency response can begin.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS
California requires or permits the following:

330.10.1 RELEASE OF REPORTS
Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).
330.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)
Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California’s CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

330.10.3 CACI HEARING OFFICER
The Investigations Unit supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person’s name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

330.10.4 CACI HEARING PROCEDURES
The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

(a) Case reports including any supplemental reports
(b) Statements by investigators
(c) Statements from representatives of the District Attorney’s Office
(d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party’s name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person’s name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.
330.10.5 CHILD DEATH REVIEW TEAM
This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

330.11 TRAINING
The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.
(b) Conducting forensic interviews.
(c) Availability of therapy services for children and families.
(d) Availability of specialized forensic medical exams.
(e) Cultural competence (including interpretive services) related to child abuse investigations.
(f) Availability of victim advocate or guardian ad litem support.
Missing Persons

332.1 PURPOSE AND SCOPE
This policy provides guidance for handling missing person investigations.

332.1.1 DEFINITIONS
At risk - Includes, but is not limited to (Penal Code § 14215):

• A victim of a crime or foul play.
• A person missing and in need of medical attention.
• A missing person with no pattern of running away or disappearing.
• A missing person who may be the victim of parental abduction.
• A mentally impaired missing person, including cognitively impaired or developmentally disabled.

Missing person - Any person who is reported missing to law enforcement when the person’s location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

Missing person networks - Databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

332.2 POLICY
The Manteca Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Manteca Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

332.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS
The Investigations supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

• Department report form for use in missing person cases
• Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)
• Missing person school notification form
• Medical records release form from the California Department of Justice
• California DOJ missing person forms as appropriate
• Biological sample collection kits

332.4 ACCEPTANCE OF REPORTS
Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

332.5 INITIAL INVESTIGATION
Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

(a) Respond to a dispatched call for service as soon as practicable.

(b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.

(c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).

(d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).

(e) Ensure that entries are made into the appropriate missing person networks as follows:

1. Immediately, when the missing person is at risk.
2. In all other cases, as soon as practicable, but not later than two hours from the time of the initial report.

(f) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.

(g) Collect and/or review:

1. A photograph and a fingerprint card of the missing person, if available.
2. A voluntarily provided biological sample of the missing person, if available (e.g., toothbrush, hairbrush).
Missing Persons

3. Any documents that may assist in the investigation, such as court orders regarding custody.

4. Any other evidence that may assist in the investigation, including personal electronic devices (e.g., cell phones, computers).

(h) When circumstances permit and if appropriate, attempt to determine the missing person’s location through his/her telecommunications carrier.

(i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

332.6 REPORT PROCEDURES AND ROUTING
Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

332.6.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of the supervisor shall include, but are not limited to:

(a) Reviewing and approving missing person reports upon receipt.
   1. The reports should be promptly sent to the Records Unit.

(b) Ensuring resources are deployed as appropriate.

(c) Initiating a command post as needed.

(d) Ensuring applicable notifications and public alerts are made and documented.

(e) Ensuring that records have been entered into the appropriate missing persons networks.

(f) Taking reasonable steps to identify and address any jurisdictional issues to ensure cooperation among agencies.

If the case falls within the jurisdiction of another agency, the supervisor should facilitate transfer of the case to the agency of jurisdiction.

332.6.2 RECORDS UNIT RESPONSIBILITIES
The receiving member shall:

(a) As soon as reasonable under the circumstances, notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person’s residence in cases where the missing person is a resident of another jurisdiction (Penal Code § 14211).
Missing Persons

(b) Notify and forward a copy of the report to the law enforcement agency in whose jurisdiction the missing person was last seen (Penal Code § 14211).

(c) Notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person’s intended or possible destination, if known.

(d) Forward a copy of the report to the Investigations Unit.

(e) Coordinate with the NCIC Terminal Contractor for California to have the missing person record in the NCIC computer networks updated with additional information obtained from missing person investigations (34 USC § 41308).

332.7 INVESTIGATIONS UNIT FOLLOW-UP

In addition to completing or continuing any actions listed above, the investigator assigned to a missing person investigation:

(a) Shall ensure that the missing person’s school is notified within 10 days if the missing person is a juvenile.
   1. The notice shall be in writing and should also include a photograph (Education Code § 49068.6).
   2. The investigator should meet with school officials regarding the notice as appropriate to stress the importance of including the notice in the child’s student file, along with contact information if the school receives a call requesting the transfer of the missing child’s files to another school.

(b) Should recontact the reporting person and/or other witnesses within 30 days of the initial report and within 30 days thereafter to determine if any additional information has become available via the reporting party.

This policy establishes standards of conduct that are consistent with the values and mission of the Manteca Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member’s supervisors.

340.2 POLICY
The continued employment or appointment of every member of the Manteca Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

340.3.1 UNLAWFUL OR CONFLICTING ORDERS
Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. 342.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to emails, texts or anything published, shared, transmitted or maintained through file-sharing software or any Internet site that is accessed, transmitted, received or reviewed on any department computer system.

The Department reserves the right to access, audit and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks.

Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Password length, format, structure and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

342.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Department involving one of its members or a member’s duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

Report Preparation

344.1 PURPOSE AND SCOPE

The purpose of reports is to document sufficient information to refresh the officer’s memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

344.1.1 REPORT PREPARATION
Generally, reports shall be completed in our Aegis Report Writing System. Refer to our Aegis Report Writing Manual for information and requirements of this system. Handwritten documents must be prepared legibly. If the document is not prepared legibly, the officer will be required by the supervisor to promptly correct the report. Officers who dictate reports by any means shall use appropriate grammar, as content is not the responsibility of the typist. Officers who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard, or assimilated by any other sense, and any pertinent actions taken. Employees shall not repress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing.

In-custody reports, auto theft reports, reports associated with a sig-event, or any reports that a reasonable member should believe are time sensitive, shall be completed and approved on the shift that the report was generated, prior to the member securing. Only a Watch Commander or above, with good cause, may give a member permission to leave the shift prior to completing the report and having it approved.

All reports of any kind must be completed prior to a member leaving for his/her days off, (including two or more days off for vacation, CTO, or other time off). As with in-custody reports, only a Watch Commander or above, with good cause, may give a member permission to leave for his/her days off prior to completing their weekly reports.

Any time a member holds a report(s) over into their next work week, that report(s) must be completed on the member’s first day back at work. A member may only hold the report(s) longer with permission from a Patrol Lieutenant or higher.

Due to statistical reporting to DOJ, all reports for any given month must be submitted and approved by the third day of the following month. Only under unusual circumstances, and only with the permission of the Watch Commander, may an incomplete, unsubmitted or unapproved report be carried over beyond the third day of the following month.
Report Preparation

If an officer responds to an initial investigation, in which he/she will be completing a supplemental report, it shall be the responsibility of the assigned officer to ensure that these reports are completed and submitted in a timely manner.

Follow up reports completed by patrol officers or detectives should be completed as soon as possible after the follow up investigation has been done.

Manteca Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

348.3 SUBPOENAS
The party that issues a civil subpoena to an officer to testify as a witness must tender the statutory fee of $275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

(a) He/she knows that he/she will be unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena.

(b) It is less than five working days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

348.3.1 SPECIAL NOTIFICATION REQUIREMENTS
Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the City Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

(a) Any civil case where the City or one of its members, as a result of his/her official capacity, is a party.

(b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.

(c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.

(d) Any civil action stemming from the member’s on-duty activity or because of his/her association with the Manteca Police Department.

(e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Manteca Police Department.
The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

348.3.2 CIVIL SUBPOENA

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member’s compensation through the civil attorney of record who subpoenaed the member.

348.3.3 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

348.3.4 SUBPOENA PROCEDURES

Subpoenas will be received, logged and distributed for service by Records.

(a) Once subpoenas have been logged by Records, they will normally be placed in the appropriate subpoena tray located outside the Administrative Sergeant’s door, (subpoena’s for personnel in the Detective annex will be placed in the mail slot for the corresponding supervisor). If it is a short notice subpoena, the Watch Commander should be notified personally by Records.

(b) At the beginning of each shift, the Watch Commander will check the subpoena trays for subpoenas that need to be served. The Watch Commander will serve all member subpoena(s) as soon as practicable. Subpoenas that are for non-member witnesses will be distributed for service, by the Watch Commander, as he/she sees fit.

(c) Watch Commanders should evaluate the subpoenas to determine if there are time constraints or other problems that may make them difficult to serve. Watch Commanders will endeavor to have as many of the assigned subpoenas served as possible.

(d) Subpoenas that cannot be served will be returned to Records. An "Unable to Appear" form should be completed explaining why the service could not be made. Records will then update the log and return the subpoena to the D.A.’s Office or other attorney as appropriate. Unserved subpoenas should be returned no less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

(e) Subpoenas that have been successfully served will have the corresponding Proof of Service completed and then returned to Records. Records will then update the log and return the Proof of Service to the D.A.’s Office or other attorney as appropriate.
348.4 FAILURE TO APPEAR
Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

348.5 STANDBY
To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

Members shall coordinate their stand-by availability with the associated attorney. If a member on standby changes his/her location during the day, the member shall notify the associated attorney of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

348.6 COURTROOM PROTOCOL
When appearing in court, members shall:

(a) Be punctual and prepared to proceed immediately with the case for which they are scheduled to appear.

(b) Dress in the department uniform, business attire or attire particular to the member's assignment.

348.7 OVERTIME APPEARANCES
When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with the current memorandum of understanding or collective bargaining agreement.

348.8 CLAIMS
When any member of the department receives a claim naming the city, police department or a member of the police department as a defendant, the claim will be immediately forwarded to the Office of the Chief of Police.

The Chief of Police may then forward the claim to the Services Division Commander who shall review the claim and complete the following:

(a) Obtain and review the booking room or Coban tape (if applicable) covering the time period of the claim, and ensure that tape is preserved as evidence.

(b) Obtain and review any recordings of telephone and/or radio traffic relevant to the claim and ensure the recordings are preserved as evidence.

(d) Ensure that all evidence related to the incident giving rise to the claim or lawsuit shall be retained by the department except as otherwise required by valid court order until the claim/lawsuit is resolved.

The Services Division Commander shall, after a complete review of the incident, within 10 working days of receipt of the claim, recommend to the Chief of Police whether further investigation should be done regarding the incident.

All property issued to the reserve officer shall be returned to the Department upon termination or resignation. Reserve Officers are not compensated generally, but may be compensated for specific functions at the determination of the Police Chief.

350.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS
Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult Administrative Services prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

350.3 DUTIES OF RESERVE OFFICERS
Reserve officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Assignments of reserve officers will usually be to augment the

Operations Division. Reserve officers may be assigned to other areas within the Department as needed. Reserve officers are required to work a minimum of 16 hours per month.

350.3.1 POLICY COMPLIANCE
Police reserve officers shall be required to adhere to all departmental policies and procedures. The policies and procedures will be made available to each reserve officer and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this manual refers to a sworn regular full-time officer, it shall also apply to a sworn reserve officer unless by its nature it is inapplicable.

350.3.2 RESERVE OFFICER ASSIGNMENTS
All reserve officers will be assigned to duties by the Reserve Coordinator or the Police Reserve Captain.

350.3.3 RESERVE COORDINATOR

(g) Maintaining liaison with other agency Reserve Coordinators

The Reserve Coordinator, within the scope of the Reserve Unit, is subordinate only to the Operations Division Commander.

350.3.4 RANK STRUCTURE
The Chief of Police may appoint a Reserve Police Captain, and the Reserve Coordinator may assign individual Reserve Officers as supervisors or managers within the Reserve Unit. The Reserve Coordinator may assign Lieutenants and/or Sergeants as needed, with the approval of the Chief of Police. The Reserve Coordinator may also assign duties to those individuals that are commensurate with those positions.

Reserve Officers who are appointed to a ranking position shall not wear insignia of their rank while working in a Patrol function. Reserve insignias of rank may be worn at Reserve meetings, Reserve training or elsewhere as determined by the Reserve Coordinator or the Chief of Police.
350.4 FIELD TRAINING
Penal Code § 832.6 requires Level II reserve officers, who have not been released from the immediate supervision requirement per the Completion of the Formal Training Process subsection, to work under the immediate supervision of a peace officer who possesses a Basic POST Certificate.

350.4.1 TRAINING OFFICERS
Officers of this department, who demonstrate a desire and ability to train reserve officers, may train the reserves subject to Watch Commander and/or Reserve Coordinator approval.

350.4.2 PRIMARY TRAINING OFFICER
Upon completion of the Academy, reserve officers will be assigned to a primary training officer. The primary training officer may be selected from members of the Field Training Officer (FTO) Unit, or may be any sworn officer if approved by the Watch Commander, Reserve Coordinator or higher. The primary training officer will act as a mentor for the duration of the reserve officer's training program. The primary training officer (FTO) will be responsible for updating the daily observation reports (DOR) and monitoring the training of the reserve officer throughout his/her training.

350.4.3 FIELD TRAINING MANUAL
Each new reserve officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Manteca Police Department. The reserve officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

350.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE
During the reserve training, the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officer in training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

350.4.5 SECONDARY TRAINING PHASE
The reserve officer may ride with any officer authorized by the Watch Commander, Reserve Coordinator or higher. The reserve officer's performance will continue to be closely monitored by the primary training officer (FTO).

350.4.6 THIRD TRAINING PHASE
At the completion of all recommended training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve officer's evaluations, and input from the primary training officer, the Reserve Coordinator shall decide if the reserve officer has satisfactorily completed his/her formal training. If the reserve officer has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.
350.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS
When a reserve officer has satisfactorily completed all the recommended training, he/she will have had a minimum of 484 hours of on-duty training.

350.5 SUPERVISION OF RESERVE OFFICERS
Reserve officers who have attained the status of Level II shall be under the immediate supervision of a regular sworn officer (Penal Code 832.6). The immediate supervision requirement shall also continue for reserve officers who have attained Level I status unless special authorization is received from the Reserve Coordinator with the approval of the Division Commander.

350.5.1 SPECIAL AUTHORIZATION REQUIREMENTS
Reserve officers certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Division Commander, be relieved of the "immediate supervision" requirement. Level I reserve officers may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Division Commander, the Watch Commander may assign a certified Level I reserve officer to function under the authority of Penal Code § 832.6(a)(1) for specific purposes and duration.

350.5.2 RESERVE OFFICER MEETINGS
All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

350.5.3 IDENTIFICATION OF RESERVE OFFICERS
All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

350.5.4 UNIFORM
Reserve officers shall conform to all uniform regulation and appearance standards of this department.

350.5.5 INVESTIGATIONS AND COMPLAINTS
If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Operations Division Commander.

Reserve officers are considered at-will employees. Government Code § 3300 et seq. applies to reserve officers with the exception that the right to hearing is limited to the opportunity to clear their name.
Reserve Officers

Any disciplinary action that may have to be administered to a reserve officer shall be accomplished as outlined in the Policy Manual.

350.5.6 RESERVE OFFICER EVALUATIONS
While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed.

350.6 FIREARMS REQUIREMENTS
Penal Code § 830.6(a)(1) designates a reserve officer as having peace officer powers during his/her assigned tour of duty, provided the reserve officer qualifies or falls within the provisions of Penal Code § 832.6.

350.6.1 CARRYING WEAPON ON DUTY
Penal Code § 830.6(a)(1) permits qualified reserve officers to carry a loaded firearm while on duty. It is the policy of this department to allow reserves to carry firearms only while on duty or to and from duty.

Upon approval the Chief of Police Level 1 Designated reserve officers will have 24 hour police officer powers. These designated level 1 police officers are allowed to carry the approved firearm on and off duty. This is an exception to 350.6.2

350.6.2 CONCEALED FIREARMS PROHIBITED
No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit. An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in the Field Training section), he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Chief of Police with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve officer's qualification will be individually judged. A reserve officer's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for
as long as the reserve officer remains in good standing as a Reserve Officer with the Manteca Police Department.

350.6.3 RESERVE OFFICER FIREARM TRAINING
All reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers shall comply with all areas of the firearms training section of the Policy Manual, with the following exceptions:

   (c) Should a reserve officer fail to qualify, that reserve officer will not be allowed to carry a firearm until he/she has reestablished his/her proficiency
Outside Agency Assistance

352.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

352.1.1 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES
If assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions. The handling officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting officer should secure radio frequencies for use by all involved agencies so that communication can be coordinated as needed. If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.

352.2 POLICY
It is the policy of the Manteca Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

352.3 ASSISTING OUTSIDE AGENCIES
Generally, requests for any type of assistance from another agency should be routed to the Watch Commander’s office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.
Outside Agency Assistance

352.3.1 INITIATED ACTIVITY
Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Manteca Police Department shall notify his/her supervisor or the Watch Commander and the Communications Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

352.4 REQUESTING OUTSIDE ASSISTANCE
If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

352.5 REPORTING REQUIREMENTS
Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Watch Commander.

352.6 MANDATORY SHARING
Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Commander or the authorized designee.

The documentation should include:

(a) The conditions relative to sharing.
(b) The training requirements for:
   1. The use of the supplies and equipment.
   2. The members trained in the use of the supplies and equipment.
(c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to the Communications Center and the Watch Commander to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Manager should maintain documentation that the appropriate members have received the required training.
Registered Offender Information

356.1 PURPOSE AND SCOPE
This policy establishes guidelines by which the Manteca Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

356.2 POLICY
It is the policy of the Manteca Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

356.3 REGISTRATION
The Investigations Unit supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

356.3.1 CONTENTS OF REGISTRATION
The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph and any other information required by applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

356.4 MONITORING OF REGISTERED OFFENDERS
The Investigations Unit supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.

(b) Review of information on the California DOJ website for sex offenders.

(c) Contact with a registrant’s parole or probation officer.
Any discrepancies should be reported to the California DOJ.

The Investigations Unit supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Manteca Police Department personnel, including timely updates regarding new or relocated registrants.

356.5 DISSEMINATION OF PUBLIC INFORMATION
Members will not unilaterally make a public notification advising the community of a particular registrant’s presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Manteca Police Department's website. Information on sex registrants placed on the Manteca Police Department’s website shall comply with the requirements of Penal Code § 290.46.

The Records Supervisor may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1; Health and Safety Code § 11594), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

356.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY
California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

(a) The offender’s full name
(b) The offender’s known aliases
(c) The offender’s sex
(d) The offender’s race
(e) The offender’s physical description
(f) The offender’s photograph
(g) The offender’s date of birth
(h) Crimes resulting in the registration of the offender under Penal Code § 290
(i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).
356.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

(d) The crime for which a person is convicted may not accurately reflect the level of risk.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

(f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

358.5.1 SIG-EVENT NOTIFICATIONS
If an incident meets the definition of a sig-event, then the Watch Commander, or other person in charge of the event, shall send a sig-event email. The sig-event email should be a concise synopsis of the event; it should not be a copy of the comprehensive memo submitted to the Chief of Police. The sig-event email may include, but is not limited to, names, ages and city of residence of suspects and victims, and booking charges if applicable.

No confidential information from a sig-event may be released without consent of the Chief of Police or other member of Command Staff.
Death Investigation

360.1 PURPOSE AND SCOPE
The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

360.2.1 CORONER REQUEST
Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

(a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).

(b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.

(c) Physician unable to state the cause of death. Unwillingness does not apply. Includes all sudden, unexpected and unusual deaths and fetal deaths when the underlying cause is unknown.

(d) Known or suspected homicide.

(e) Known or suspected suicide.

(f) Involving any criminal action or suspicion of a criminal act. Includes child and dependent adult negligence and abuse.

(g) Related to or following known or suspected self-induced or criminal abortion.

(h) Associated with a known or alleged rape or crime against nature.

(i) Following an accident or injury (primary or contributory). Deaths known or suspected as resulting (in whole or in part) from or related to accident or injury, either old or recent.

(j) Drowning, fire, hanging, gunshot, stabbing, cutting, starvation, exposure, alcoholism, drug addiction, strangulation or aspiration.

(k) Accidental poisoning (food, chemical, drug, therapeutic agents).
Death Investigation

(l) Occupational diseases or occupational hazards.
(m) Known or suspected contagious disease and constituting a public hazard.
(n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room or elsewhere.
(o) In prison or while under sentence. Includes all in-custody and police involved deaths.
(p) All deaths of unidentified persons.
(q) All deaths of state hospital patients.
(r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.
(s) All deaths where the patient is comatose throughout the period of the physician's attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

360.2.2 SEARCHING DEAD BODIES
The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

360.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Coroner’s Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.
360.2.4 UNIDENTIFIED DEAD BODIES
If the identity of a dead body cannot be established after the Coroner arrives, the Coroner’s office will issue a “John Doe” or “Jane Doe” number for the report.

360.2.5 DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented on the appropriate form.

360.2.6 SUSPECTED HOMICIDE
If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

360.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES
Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).
Identity Theft

362.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING
(a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:

1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

(d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

(e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

(f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

362.2.1 ONLINE REPORTING
Nothing in this policy should prevent a victim from being referred to the internet to report the identity theft online at the Manteca Police Department's website. As is always the case with online
Identity Theft

reporting, should the reporting person not have access to a computer or otherwise wish to make the report in person, an in-person report will be taken subject to the above criteria.
Private Persons Arrests

364.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;

(b) When the person arrested has committed a felony, although not in his or her presence;

(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

364.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

1. Take the individual into physical custody for booking
2. Release the individual pursuant to a Notice to Appear
3. Release the individual pursuant to Penal Code § 849

364.5 REPORTING REQUIREMENTS
In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Citizen's Arrest form under penalty of perjury.

In addition to the Citizen's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.
Anti-Reproductive Rights Crimes Reporting

366.1 PURPOSE AND SCOPE
This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

366.2 DEFINITIONS
Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

(a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant

(b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant

(c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility

366.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

(a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.

(b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Investigation Division Commander.

(c) By the tenth day of each month, it shall be the responsibility of the Investigation Division Commander to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.

1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.
2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).
Limited English Proficiency Services

368.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

368.1.1 DEFINITIONS
Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Manteca Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 POLICY
It is the policy of the Manteca Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

368.3 FOUR-FACTOR ANALYSIS
Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law
Limited English Proficiency Services

enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

368.4 TYPES OF LEP ASSISTANCE AVAILABLE
Manteca Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

368.5 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used may be translated into languages most likely to be encountered. The Administrative Sergeant will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

368.6 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

368.7 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to
Limited English Proficiency Services

communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

368.8 AUTHORIZED INTERPRETERS
Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the Department which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

368.8.1 SOURCES OF AUTHORIZED INTERPRETERS
The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

• Qualified bilingual members of this department or personnel from other City departments.

• Individuals employed exclusively to perform interpretation services.

• Contracted in-person interpreters, such as state or federal court interpreters, among others.
Limited English Proficiency Services

• Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

368.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE
Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

368.9 CONTACT AND REPORTING
While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

368.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
The Manteca Police Department will take reasonable steps and will work with San Joaquin County and the State of California to develop in-house language service contacts that are representative of the community being served.

368.10.1 EMERGENCY CALLS TO 9-1-1
Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language
Limited English Proficiency Services

is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted language service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.11 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If practicable, officers should consider obtaining the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

368.12 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter
Any *Miranda* warnings should be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual’s bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

### 368.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters should be used during custodial interrogations. *Miranda* warnings should be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

### 368.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee’s health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

### 368.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the Watch Commander.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be line-level members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

### 368.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.
368.17 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.
Communications with Persons with Disabilities

370.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

370.2 POLICY
It is the policy of the Manteca Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The City of Manteca has delegated certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator is currently the City's Director of Human Resources and Risk Management.

Some of the responsibilities of the ADA Coordinator may include, but not be limited to:

(a) Working with the Chief of Police or other Departmental liaison regarding the Manteca Police Department’s efforts to ensure equal access to services, programs and activities.
Communications with Persons with Disabilities

(b) Developing reports, new procedures, or recommending modifications to this policy.

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
   1. Contact information
   2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

370.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.
Communications with Persons with Disabilities

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems. Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Manteca Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE
Manteca Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.
Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

370.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).
Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

370.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual’s express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.
Communications with Persons with Disabilities

370.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If practicable, officers should consider obtaining the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter
services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings should be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

**370.15 ARREST AND BOOKINGS**

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

**370.16 COMPLAINTS**

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the Watch Commander or ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be line-level members of this Department.

**370.17 COMMUNITY OUTREACH**

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue
Communications with Persons with Disabilities

to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

370.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.

(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member’s training file in accordance with established records retention schedules.

370.18.1 CALL-TAKER TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.

(b) ASL syntax and accepted abbreviations.

(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.

(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

372.2.1 ARREST OF PUBLIC SCHOOL TEACHER
Upon arrest for one of the above sections, the Chief of Police or his/her designee is mandated to immediately notify by telephone the superintendent of the school district employing the teacher and to immediately give written notice of the arrest to the Commission on Teacher Credentialing and to the superintendent of schools in the county where the person is employed (Health and Safety Code § 11591; Penal Code § 291).

372.2.2 ARREST OF PUBLIC SCHOOL NON-TEACHER EMPLOYEE
Upon arrest for one of the above sections, the Chief of Police or his/her designee is mandated to immediately notify by telephone the superintendent of the school district employing the non-teacher and to immediately give written notice of the arrest to the governing board of the school district employing the person (Health and Safety Code § 11591; Penal Code § 291).

372.2.4 ARREST OF COMMUNITY COLLEGE INSTRUCTOR

Mandatory Employer Notification

372.3 POLICY
The Manteca Police Department will meet the reporting requirements of California law to minimize the risks to children and others.

372.4 ARREST OF PERSONS EMPLOYED IN COMMUNITY CARE FACILITIES
In the event an employee of a community treatment facility, a day treatment facility, a group home, a short-term residential therapeutic program or a foster family agency is arrested for child abuse (as defined in Penal Code § 11165.6) and the employee is free to return to work where children are present, the investigating member shall notify the licensee of the charge of abuse (Health and Safety Code § 1522.2).
Biological Samples

374.1 PURPOSE AND SCOPE
This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

374.2 POLICY
The Manteca Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

374.3 PERSONS SUBJECT TO DNA COLLECTION
Those who must submit a biological sample include (Penal Code § 296):

(a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.

(b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.

(c) An adult arrested or charged with any felony.

374.4 PROCEDURE
When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

374.4.1 COLLECTION
The following steps should be taken to collect a sample:

(a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.

(b) Verify that a biological sample has not been previously collected from the offender by querying the individual’s criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.

(c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.
374.5 USE OF FORCE TO OBTAIN SAMPLES
If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

(a) The person’s parole or probation officer when applicable.
(b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
(c) The judge at the person’s next court appearance.
(d) The person’s attorney.
(e) A chaplain.
(f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
(g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

374.5.1 VIDEO RECORDING
A video recording should be made anytime force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department’s records retention schedule (15 CCR 1059).

374.5.2 CELL EXTRACTIONS
If the use of force includes a cell extraction, the extraction shall be video recorded, including audio. Video shall be directed at the cell extraction event. The video recording shall be retained by the Department for the length of time required by statute. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained administratively (15 CCR 1059).

374.6 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

374.6.1 DOCUMENTATION RELATED TO FORCE
The Watch Commander shall prepare prior written authorization for the use of any force (15 CCR 1059). The written authorization shall include information that the subject was asked to provide the requisite specimen, sample or impression and refused, as well as the related court order authorizing the force.
Biological Samples

374.6.2 BLOOD SAMPLES
A blood sample should only be obtained under this policy when:

(a) The California DOJ requests a blood sample and the subject consents, or
(b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

374.6.3 LITIGATION
The Chief of Police or authorized designee should notify the California DOJ’s DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state’s DNA Data Bank Program.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person’s intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Manteca Police Department.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

Peer Support Program

377.1 POLICY
The Peer Support Program of the Manteca Police Department is a voluntary, confidential resource program intended to provide support and assistance to employees in dealing with personal problems before they become acute. Peer counselors are trained to be effective listeners, to provide feedback, to clarify issues and to assist the person being counseled to identify options for problem resolution. Peer counselors are NOT therapists. When the problems are already acute or appear to require specialized assistance, information on referral resources will be made available to the person being counseled.

377.2 ADMINISTRATIVE STRUCTURE
The Administrative Liaison for the Peer Support Program will be: Captain of the Patrol Division or in his/her absence the Services Captain or a counseling professional (psychologist/psychiatrist).

377.3 VOLUNTARY PARTICIPATION
All participation in the Peer Support Program shall be voluntary. There will be no mandatory referrals of department members to peer counselors nor will peer counselors be ordered to initiate contact with department members. In order for the program to succeed, CONFIDENTIALITY MUST be as complete as humanly and legally possible.

377.4 SELECTION CRITERIA
Employees interested in participating in the Peer Support Program shall submit a memorandum of interest to the Peer Support Coordinator. Selections shall be made by the Peer Support Program Coordinator. For selection to participate in the program, employees shall meet the following criteria;

1. In most cases, peer counseling will take the form of on duty meetings of relatively short duration, however, overtime may be authorized should a peer support member feel it is necessary to submit for it. Overtime requests shall be submitted through the Peer Support Program Coordinator for approval.

2. Willingness to attend regularly scheduled meetings and training sessions.

3. Willingness to sign an understanding of confidentiality.

4. Willingness to serve a minimum of one year in the program.

377.5 CONFIDENTIALITY
The peer counselor shall maintain the confidentiality entrusted to him/her and not discuss any information developed in a peer counseling session. When a peer counselor has determined that a situation requires specialized assistance, he/she will make the information on the referral resources available to the person being counseled. Again, confidentiality shall be maintained by
the contacted person. The person being counseled shall be advised that confidentiality shall be strictly maintained EXCEPT in these instances;

1. Where the information received by the peer counselor must be disclosed by law, i.e., child abuse or criminal conduct.

2. When the peer counselor gathers information by virtue of his/her duty assignment at the time of the incident (i.e., a supervisory officer or other person required by a Lexipol Policy to investigate or on the orders of a superior).

3. When the peer counselor is directly involved as a participant or a witness in a criminal or internal affairs investigation.

4. When there is reason to believe that the person being counseled intends to injure himself/herself or others.

5. When, due to substance abuse, the person being counseled is a clear or immediate danger to self, citizens or fellow officers.

6. In the above cases, an appropriate supervisory officer shall be notified.

A peer counselor shall not be ordered to give information to the department concerning the content of the peer counseling sessions, except in the instances listed above.

377.6 DUTIES OF SUPERVISORY OFFICERS
Supervisory officers who are peer counselors cannot abdicate their supervisory responsibilities when on duty and confronted with misconduct, disciplinary problems, or other improper actions on the part of subordinates.

377.7 DUTY STATUS
The role of the peer counselor shall be to provide assistance in the time of need; but that assistance should not be extended to prolonged periods of time.

377.8 USE OF DEPARTMENT EQUIPMENT AND FACILITIES
Peer support counselors are authorized to use available departmental resources, including the department facilities and equipment.
Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

380.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Manteca Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

380.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
380.3.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS
During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).
If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

380.3.3 SUPPORT AND COUNSELING REFERRAL
If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES
Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

380.5 TRAINING
The Training Manager is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).
Service Animals

382.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

382.1.1 DEFINITIONS
Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual’s disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler’s control, the facility can accommodate the horse’s type, size and weight, and the horse’s presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

382.2 POLICY
It is the policy of the Manteca Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

382.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with...
schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

382.3.1 VIOLATIONS OF STATE LAW
California Penal Code Sections 365.5 through 365.7 cover violations of state law regarding service dogs.

Section 365.5 PC makes it a misdemeanor to deny any blind person, deaf person, or disabled person and his or her specially trained guide dog, signal dog, or service dog access to any conveyance (such as a taxi or bus) or other location where the general public is invited.

Section 365.6 PC makes it a misdemeanor for any person who, with no legal justification, intentionally interferes with the use of a guide, signal, or service dog or mobility aid by harassing or obstructing the guide, signal, or service dog or mobility aid user or his or her guide, signal, or service dog.

Section 365.7 makes it a misdemeanor for any person to knowingly and fraudulently represents himself or herself, through verbal or written notice, to be the owner or trainer of any canine identified as, a guide, signal, or service dog.

Officers who identify a violation of the above sections may take action up to and including citation or arrest as may be necessary given the circumstances.

382.4 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Manteca Police Department affords to all members of the public (28 CFR 35.136).

382.4.1 INQUIRY
If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

• Is the animal required because of a disability?
• What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.
Service Animals

382.4.2 CONTACT
Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

382.4.3 REMOVAL
If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

382.4.4 COMPLAINTS
When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).
Volunteer Program

384.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

384.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support, a senior unit and youth involved in a law enforcement Explorer Post, among others.

384.2 VOLUNTEER MANAGEMENT
The Volunteer Coordinator shall answer to a Division Commander or other person assigned by the Chief of Police. Each volunteer unit may have a different coordinator. For example, the Reserve Coordinator is designated in the Reserve Officers policy as a police sergeant; the SHARPs Coordinator is a Division Commander.

384.2.1 VOLUNTEER COORDINATOR
The Volunteer Coordinator of a volunteer group shall be appointed by a Division Commander or the Chief of Police. The function of the Volunteer Coordinator is to provide a coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions.
(b) Facilitating the implementation of new volunteer activities and assignments.
(c) Maintaining records for each volunteer.
(d) Tracking and evaluating the contribution of volunteers.
(e) Outlining expectations, policies and responsibilities for all volunteers.
(f) Maintaining a record of volunteer schedules and work hours.
(g) Completion and dissemination as appropriate of all necessary paperwork and information.
Volunteer Program

(h) Planning periodic recognition events.
(i) Administering discipline when warranted.
(j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

384.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

384.2.3 SCREENING
All prospective volunteers should complete a volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and may include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.
(b) Employment
(c) References
(d) Credit check

A polygraph exam may be required of each applicant depending on the type of assignment.

384.2.4 SELECTION AND PLACEMENT
Service as a volunteer with the Department shall be offered only by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

384.2.5 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.
Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

384.2.6  FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

384.2.7  DRESS CODE
As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

384.3  SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be
responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.
(b) Ensure volunteers have work space and necessary office supplies.
(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

384.4 CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by a volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

384.5 PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be worn at all times while on-duty if not in uniform. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

384.5.1 VEHICLE USE
Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a department vehicle must possess a valid California Driver's License.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.
Volunteer Program

Volunteers should not operate a marked patrol car unless authorized by the watch commander or higher.

384.5.2 RADIO AND MDC USAGE
Volunteers shall successfully complete radio procedures training prior to using the police radio. The Volunteer Coordinator should ensure that radio training is provided for volunteers whenever necessary.

384.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.
Off-Duty Law Enforcement Actions

386.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Manteca Police Department with respect to taking law enforcement action while off-duty.

386.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

386.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer’s senses or judgment.

386.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
(c) The lack of equipment, such as handcuffs, OC or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

386.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as a Manteca Police Department officer until acknowledged. Official identification should also be displayed.

386.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

386.4.3 NON-SWORN RESPONSIBILITIES
Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

386.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

386.5 REPORTING
Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.
Illness and Injury Prevention

388.1 PURPOSE AND SCOPE
Employees and members shall be familiar with, and abide by, the City of Manteca Injury and Illness Prevention Plan (I.I.P.P.). The I.I.P.P. is a comprehensive document maintained by the Administrative Services Department. For specifics and further information, refer to the City of Manteca I.I.P.P.
Gun Violence Restraining Orders

389.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders.

389.1.1 DEFINITIONS
Definitions related to this policy include:

**Gun violence restraining order** - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving, or otherwise having custody of any firearms or ammunition, including an ammunition magazine (Penal Code § 18100).

389.2 POLICY
It is the policy of the Manteca Police Department to petition and serve gun violence restraining orders in compliance with state law and to properly account for firearms and ammunition obtained by the Department pursuant to such orders.

389.3 GUN VIOLENCE RESTRAINING ORDERS
An officer who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm may request permission from his/her supervisor to petition the court for a gun violence restraining order.

Officers petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the officer believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, an officer may orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18140).

389.4 SERVICE OF GUN VIOLENCE RESTRAINING ORDERS
An officer serving any gun violence restraining order shall:

(a) Verbally ask the subject of the order if he/she has any firearm, ammunition, or magazine in his/her possession or under his/her custody or control (Penal Code § 18160).

(b) Request that any firearms or ammunition be immediately surrendered and issue a receipt for the surrendered items (Penal Code § 18120).
Gun Violence Restraining Orders

(c) Take into temporary custody any firearm or other deadly weapon discovered in plain view or pursuant to consent or other lawful search (Penal Code § 18250).

(d) Inform the restrained person of any scheduled hearing regarding the order (Penal Code § 18160).

(e) Transmit the original proof of service form to the issuing court as soon as practicable but within one business day (Penal Code § 18115).

(f) As soon as practicable, but by the end of his/her shift, submit proof of service to the Records Supervisor for prompt entry into the California Restraining and Protective Order System (Penal Code § 18115).

The officer should also inform the restrained person that he/she is required, within 24 hours, to surrender to a law enforcement agency any other firearms and ammunition he/she owns or that are in his/her custody or control or sell them to a firearms dealer. This notification should be documented.

All firearms and ammunition collected shall be handled and booked in accordance with the Property and Evidence Policy.

389.4.1 SERVICE OF ORAL GUN VIOLENCE RESTRAINING ORDERS
If a gun violence restraining order is obtained orally, the officer shall (Penal Code § 18140):

(a) Serve the order on the restrained person in the manner outlined above, if the restrained person can reasonably be located.

(b) File a copy of the order with the court as soon as practicable after issuance.

(c) Ensure the order is provided to the Records Unit for entry into the computer database system for protective and restraining orders maintained by the Department of Justice.

389.5 SEARCH WARRANTS
If a person who has been served with a gun violence restraining order refuses to surrender any firearm or ammunition, the officer should consider whether to seek a search warrant. If a search warrant is to be obtained, the preparation and service of the search warrant shall be done in accordance with the Warrant Service Policy. Additionally, (Penal Code § 1542.5):

(a) The officer serving the warrant shall take custody of any firearm or ammunition that is controlled, possessed or owned by the person who is the subject of the gun violence restraining order, including any discovered pursuant to the warrant, a consensual search or other lawful search.

(b) If the location being searched is jointly occupied and the firearm or ammunition is owned by a person other than the restrained person, the firearm or ammunition should not be seized if the following conditions are met:

1. The firearm or ammunition can be stored in a manner that does not allow the restrained person to have control or access.

2. There is no evidence that the owner unlawfully possesses the firearm or ammunition.
(c) If a locked gun safe belonging to someone other than the subject of a gun violence
restraining order is discovered, the officer shall not search the contents of the safe
unless the owner consents or there is a valid search warrant for the safe. Any search
of the safe must be done in the owner’s presence.

Officers should take into consideration the pros and cons of serving a search warrant on a
potentially armed and uncooperative subject relative to a gun violence restraining order. Officers
shall include their supervisor and/or the Tactical Commander when determining the safest way
to serve the search warrant.

389.6 RECORDS SUPERVISOR RESPONSIBILITIES
The Records Supervisor is responsible for ensuring:

(a) Proof of service of any gun violence restraining order served by an officer or received
from the clerk of the court is entered in the computer database system for protective
and restraining orders maintained by the Department of Justice within one business
day of service if served by an officer, or within one business day of receipt of proof
of service if served by a person other than a law enforcement officer (Penal Code §
18115).

(b) Oral orders are entered into the California Restraining and Protective Order System
(Penal Code § 18140).

(c) Copies of receipts of surrendered firearms or ammunition issued by other agencies
for gun violence restraining orders issued by the Department are properly maintained
(Penal Code § 18120).

389.7 COURT-ORDERED FIREARMS AND AMMUNITION SURRENDERS
Authorized members shall accept firearms and ammunition from any individual who is the subject
of a gun violence restraining order. The member receiving any firearm or ammunition shall:

(a) Record the individual’s name, address and telephone number.

(b) Record the serial number of the firearm.

(c) Prepare an incident report and property report.

(d) Provide a property receipt to the individual who surrendered the firearms and
ammunition.

(e) Package and submit the firearms and ammunition in accordance with the Property
and Evidence Policy.

389.8 RELEASE OF FIREARMS AND AMMUNITION
Firearms and ammunition that were taken into temporary custody or surrendered pursuant to a
gun violence restraining order shall be returned to the restrained person upon the expiration of
the order and in accordance with Penal Code § 18120 and the Property and Evidence Policy. A
Department of Justice clearance is required pursuant to Penal Code § 18120 and Penal Code
§ 33850.

(c) Work with community members and the department community relations coordinator to identify issues and solve problems related to community relations and public safety.

(d) Conduct periodic foot patrols of their assigned areas to facilitate interaction with community members. Officers carrying out foot patrols should notify an appropriate supervisor and the Communications Center of their status (i.e., on foot patrol) and location before beginning and upon completion of the foot patrol. They should also periodically inform the Communications Center of their location and status during the foot patrol.
390.4 COMMUNITY RELATIONS COORDINATOR
The Chief of Police or the authorized designee should designate a member of the Department to serve as the community relations coordinator. He/she should report directly to the Chief of Police or authorized designee and is responsible for:

(a) Obtaining department-approved training related to his/her responsibilities.
(b) Responding to requests from department members and the community for assistance in identifying issues and solving problems related to community relations and public safety.
(c) Organizing surveys to measure the condition of the department’s relationship with the community.
(d) Working with community groups, department members and other community resources to:
   1. Identify and solve public safety problems within the community.
   2. Organize programs and activities that help build positive relationships between department members and the community and provide community members with an improved understanding of department operations.
(e) Working with the Operations Division Commander to develop patrol deployment plans that allow officers the time to participate in community engagement and problem-solving activities.
(f) Recognizing department and community members for exceptional work or performance in community relations efforts.
(g) Attending City council and other community meetings to obtain information on community relations needs.

(i) Informing the Chief of Police and others of developments and needs related to the furtherance of the department’s community relations goals, as appropriate.

390.5 COMMUNITY AND YOUTH ACTIVITIES AND PROGRAMS

(c) Youth leadership and life skills mentoring.
(d) School resource officer/Drug Abuse Resistance Education (D.A.R.E.®) programs.
(e) Neighborhood Watch and crime prevention programs.
Community Relations

390.6 INFORMATION SHARING
The community relations coordinator should work with the Public Information Officer to develop methods and procedures for the convenient sharing of information (e.g., major incident notifications, significant changes in department operations, comments, feedback, positive events) between the Department and community members. Examples of information-sharing methods include:

(a) Community meetings.
(b) Social media (see the Department Use of Social Media Policy).
(c) Department website postings.

Information should be regularly refreshed, to inform and engage community members continuously.

390.7 LAW ENFORCEMENT OPERATIONS EDUCATION
The community relations coordinator should develop methods to educate community members on general law enforcement operations so they may understand the work that officers do to keep the community safe. Examples of educational methods include:

(a) Development and distribution of informational cards/flyers.
(b) Department website postings.
(c) Presentations to driver education classes.
(d) Instruction in schools.
(e) Department ride-alongs (see the Ride-Along Policy).
(f) Scenario/Simulation exercises with community member participation.
(g) Youth internships at the Department.
(h) Citizen academies.

Instructional information should include direction on how community members should interact with the police during enforcement or investigative contacts and how community members can make a complaint to the department regarding alleged misconduct or inappropriate job performance by department members.

390.8 SAFETY AND OTHER CONSIDERATIONS
Department members responsible for community relations activities should consider the safety of the community participants and, as much as reasonably practicable, not allow them to be present in any location or situation that would jeopardize their safety.

Department members in charge of community relations events should ensure that participating community members have completed waiver forms before participation, if appropriate. A parent or guardian must complete the waiver form if the participating community member has not reached 18 years of age.
Community Relations

Community members are subject to a criminal history check before approval for participation in certain activities, such as citizen academies.

390.9 TRANSPARENCY
The Department should periodically publish statistical data and analysis regarding the department’s operations. The reports should not contain the names of officers, suspects or case numbers. The community relations coordinator should work with the community advisory committee to identify information that may increase transparency regarding department operations.

390.10 TRAINING
Subject to available resources, members should receive training related to this policy, including training on topics such as:

(a) Effective social interaction and communication skills.
(b) Cultural, racial and ethnic diversity and relations.
(c) Building community partnerships.
(d) Community policing and problem-solving principles.
(e) Enforcement actions and their effects on community relations.

Where practicable and appropriate, community members, especially those with relevant expertise, should be involved in the training to provide input from a community perspective.
Chapter 4 - Patrol Operations
Patrol Function

400.1 POLICY
The Manteca Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

400.2 PURPOSE AND SCOPE
The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

400.3 FUNCTION
Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of Manteca. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

(a) Responding to emergency calls for service.
(b) Apprehending criminal offenders.
(c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
(d) Preventing criminal acts, traffic violations and collisions, maintaining public order and discovering hazardous situations or conditions.
(e) Responding to reports of criminal and non-criminal acts.
(f) Responding to routine calls for service, such as public assistance or public safety.
(g) Carrying out crime prevention activities such as residential inspections, business inspections and community presentations.
(h) Carrying out community oriented policing and problem-solving activities including the application of resources to improve or resolve specific problems or situations and contacting or assisting members of the public in a positive way.
(i) Directing and controlling traffic.

400.4 PATROL INFORMATION SHARING PROCEDURES
The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the Manteca Police Department.
Patrol Function

400.4.1 CRIME REPORTS
A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.4.2 PATROL BRIEFINGS
Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol Briefings as time permits.

400.4.3 INFORMATION CLIPBOARDS
Information clipboards or books will be maintained in the briefing room and will be available for review by officers from all divisions within the Department. These will include, but not be limited to, the 990 log and the wanted persons binders.

400.4.4 BULLETIN BOARDS
A bulletin board will be kept in or near the briefing room and the Detective Unit for display of suspect information, intelligence reports and photographs. New General Orders will be made available for patrol supervisors and will be discussed at briefings and shift meetings.

400.5 TERRORISM
It is the goal of the Manteca Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Terrorism Liaison Officer (TLO) as well as the Investigations Unit Supervisor in a timely fashion.

400.6 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.
Patrol Function

Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.
Trespassing Arrests: Expressive Activity on Private Property

401.1 PURPOSE AND SCOPE
The Manteca Police Department supports both the First Amendment right of an individual to freely express their opinions and the rights of a private property owner to exercise control over their property. In incidents where third party individuals attempt to exercise their free speech rights on private property normally open to the public, but against the wishes of the property owner, these two interests come in conflict. It is the intent of this policy to provide direction to officers regarding trespassing arrests for third party expressive activity on private property open to the public.

401.2 DEFINITIONS
Private Property Open to the Public:
This is property that is privately owned but upon which the general public is routinely allowed access. This would include, but not be limited to, shopping centers, malls, private business parking lots and medical facilities.

Third Party Expressive Activity:
This is activity involving the expression of opinions of public interest that would normally be protected by the First Amendment of the U.S. Constitution. This would include, but not be limited to, gathering petition signatures, soliciting donations, passing out pamphlets or other informational material, and registering voters.

401.3 PROCEDURE
The Manteca Police Department shall respond to calls from property owners reporting persons involved in expressive activity as trespassers. We will make every attempt to mediate the situation without making an arrest if possible.

If the reporting party insists the individuals(s) be arrested for trespassing, the officers will affect the arrest only after a signed private person's arrest form has been obtained from the property owner or person legally able to exercise control over the property. Officers SHALL NOT make an on-view arrest for trespassing in these circumstances.

After taking an individual into custody under these circumstances the arresting officer, with the approval of the Watch Commander, may exercise their discretion regarding in-field citation release or transport and booking.

Any arrests made pursuant to this procedure shall be in compliance with Policy #364 (Private Persons Arrests).
Bias-Based Policing

402.1 PURPOSE AND SCOPE
This policy provides guidance to department members that affirms the Manteca Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

402.1.1 DEFINITIONS
Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

402.2 POLICY
The Manteca Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

402.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

402.3.1 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

Members shall not assist federal government authorities (Government Code § 8310.3):

(a) In compiling personal information about a person’s religious belief, practice, affiliation, national origin or ethnicity.

(b) By investigating, enforcing or assisting with the investigation or enforcement of any requirement that a person register with the federal government based on religious belief, practice, or affiliation, or national origin or ethnicity.
402.4 MEMBER RESPONSIBILITIES
Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

402.4.1 REASON FOR CONTACT
Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.4.2 REPORTING OF STOPS
Unless an exception applies under 11 CCR 999.227, an officer conducting a stop of a person shall collect the data elements required by 11 CCR 999.226 for every person stopped and prepare a stop data report. When multiple officers conduct a stop, the officer with the highest level of engagement with the person shall collect the data elements and prepare the report (11 CCR 999.227).

If multiple agencies are involved in a stop and the Manteca Police Department is the primary agency, the Manteca Police Department officer shall collect the data elements and prepare the stop data report (11 CCR 999.227).

The stop data report should be completed by the end of the officer’s shift or as soon as practicable (11 CCR 999.227).

The Manteca Police department is not required to abide by this statue until January 2023; therefore all data collection will begin at that time.

402.5 SUPERVISOR RESPONSIBILITIES
Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

(a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.

1. Supervisors should document these discussions, in the prescribed manner.

(b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with the policy.
1. Supervisors should document these periodic reviews.

2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.

(c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.

(d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

402.6 ADMINISTRATION
Each year, the Operations Division Commander should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police.

The annual report should not contain any identifying information about any specific complaint, member of the public or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

402.7 TRAINING
Training on fair and objective policing and review of this policy should be conducted as directed by the Training Services.

(a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.

(b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.

(c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).

402.8 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
Beginning in January 2023 the Records Supervisor shall insure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against officers is collected and provided to the DOJ (Penal Code § 13012; Penal Code § 13020). See the Records Unit Policy.
Supervisors should insure that data stop reports are provided to the Records Supervisor for required annual reporting to the DOJ (Government Code § 12525.5) (See Records Bureau Policy).
Enhanced Call Verification of Residential Burglary Alarms

403.1 PURPOSE AND SCOPE
To affect faster responses to valid alarms while simultaneously removing large amounts of wasted officer hours on alarm malfunctions and owner errors.

403.1.1 POLICY
This policy does not change the response to panic, duress, robbery or commercial burglary alarms which shall be dispatched according to existing practice, and without the need for any further verification.

This policy also does not change the response to in-house (City) alarms such as the evidence shed, SWAT van or bicycle storage yard which shall be dispatched according to existing practice, and without the need for any further verification.

403.2 VERIFIED ALARM DEFINED
Verified Alarm: on-site verification by a responder to determine whether or not a police response to a residential burglary alarm is warranted. Verification of a crime or emergency may be accomplished through the use of an audio or video system monitored by the alarm system monitoring company. Witness reports (i.e. private security) of glass breakage, suspicious persons in the area of the alarm, or suspects observed entering the residence, etc., should also be considered verification of the alarm. There may also be any number of other events or circumstances that indicate the alarm may be valid which include, but are not limited to, recent criminal activity in the area, the absence of prior false alarms or multiple zones activated at the subject location. Examples include:

- Audio feedback alarms where the monitoring company has heard evidence of criminal activity.
- Video feedback alarms where the monitoring company can see evidence of possible criminal activity.
- Verification of criminal activity by a guard service, private security or other person that has responded to the location.
- Perimeter alarm activation that is followed immediately by motion sensor activation inside the subject location.

403.3 COMMUNICATIONS RESPONSIBILITY
Once the Communications Center receives a call of an audible or silent burglary alarm at a residence, the dispatcher shall obtain as much information as possible from the alarm monitoring company or other reporting party.
Enhanced Call Verification of Residential Burglary Alarms

- If the information received fits the verification criteria (see above), the dispatcher will confirm that the alarm company has called at least two different phone numbers in an attempt to verify that an actual emergency exists.
- The call should be entered appropriately for the circumstances (i.e. "459 In-Progress") and at least two officers, including a canine if available, will be dispatched to respond. If no officers are available, dispatch will use the same procedure currently used for other in-progress calls.
- If the information received does not fit the verification criteria, the dispatcher will determine, if possible, whether or not a responsible is responding to the scene. The call will be entered as a "Be-on-the-lookout" (B.O.L.) with as much information on the responder as possible included in the call. The purpose of the B.O.L. of unverified alarms is to make officers aware of the activation of an alarm in their assigned area. Officers may, at their discretion, respond to the alarm if time permits.
- Officers should pay particular attention to unverified alarms where the B.O.L. indicates that a responder for the residence will be responding to the location. Further, officers should consider their knowledge of the history of false alarms at the location, the current patterns of burglaries in the area, and other information they are aware of when determining whether to respond.
- If there is no response after approximately 15 to 30 minutes, the dispatcher shall enter "No Officer Response" in the narrative and close the call.
- If an officer responding to an alarm deems the alarm to be false, the officer will close the call "FAL" (FALSE) via mobile communications terminal or radio.

403.4 CALL CLEARANCE
Upon completion of a response, if the alarm is found to be false, the following information should be entered into the call closure:

- Names and contact information of any person contacted, including any suspicious persons or circumstances in the area.
- Any evidence of prior entries, prior damage, or unsecured doors/windows.
- Indication as to whether or not a courtesy notice was left at the scene. A courtesy notice should be left at the scene to notify the owner of the false alarm and the police response.
- Reason, if known, for the activation of the alarm.
Briefing Training

404.1 PURPOSE AND SCOPE

Briefing training is generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations

(b) Notifying officers of changes in schedules and assignments

(c) Notifying officers of new Special Orders, changes in Special Orders, new procedures from management or changes in a procedure or procedures by management.

(d) Reviewing recent incidents for training purposes

(e) Providing training on a variety of subjects

404.2 PREPARATION OF MATERIALS

The supervisor conducting Briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.
Crime and Disaster Scene Integrity

405.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

405.2 POLICY
It is the policy of the Manteca Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

405.3 SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor, detective or other designated person.

405.4 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.
405.5 SEARCHES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

405.5.1 CONSENT
When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

405.6 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).
Crisis Response Units (SWAT and HNT)

407.1 PURPOSE AND SCOPE
The Crisis Response Units (CRU) are comprised of two specialized teams: the Hostage Negotiation Team (HNT) and the Special Weapons and Tactics Team (SWAT). The units have been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary. This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code § 13514.1).

407.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY
The Policy Manual sections pertaining to the Crisis Response Units are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

407.1.2 SWAT TEAM DEFINED
A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

407.2 LEVELS OF CAPABILITY/TRAINING

407.2.1 LEVEL I
A level I SWAT team is a basic team capable of providing containment and intervention with critical incidents that exceed the training and resources available to line-level officers. This does not include ad hoc teams of officers that are formed around a specific mission, detail or incident (e.g. active shooter response). Generally 5% of the basic team's on-duty time should be devoted to training.

407.2.2 LEVEL II
A level II, Intermediate level SWAT team is capable of providing containment and intervention. Additionally, these teams possess tactical capabilities above the Level I teams. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At
least 5% of their on-duty time should be devoted to training with supplemental training for tactical capabilities above the Level I team.

407.2.3 LEVEL III
A Level III, Advanced level SWAT team is a SWAT team whose personnel function as a full-time unit. Generally 25% of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

407.3 POLICY
It shall be the policy of this department to maintain a SWAT team and to provide the equipment, manpower, and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

(a) Command and Control

(b) Containment

(c) Entry/Apprehension/Rescue

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

407.3.1 POLICY CONSIDERATIONS
A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this department. The assessment should consider the team’s capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

407.3.2 ORGANIZATIONAL PROCEDURES
This department shall develop a separate written set of organizational procedures which should address, at minimum, the following:

(a) Locally identified specific missions the team is capable of performing.

(b) Team organization and function.

(c) Personnel selection and retention criteria.

(d) Training and required competencies.

(e) Procedures for activation and deployment.

(f) Command and control issues, including a clearly defined command structure.

(g) Multi-agency response.

(h) Out-of-jurisdiction response.
Crisis Response Units (SWAT and HNT)

(i) Specialized functions and supporting resources.

407.3.3 OPERATIONAL PROCEDURES
This department shall develop a separate written set of operational procedures in accordance with the determination of their level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association Suggested SWAT Best Practices. Because such procedures are specific to CRU members and will outline tactical and officer safety issues, they are not included within this policy. The operational procedures should include, at minimum, the following:

(a) Designated personnel responsible for developing an operational or tactical plan prior to, and/or during SWAT operations (time permitting).
   1. All SWAT team members should have an understanding of operational planning.
   2. SWAT team training should consider planning for both spontaneous and planned events.
   3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.

(b) Plans for mission briefings conducted prior to an operation, unless circumstances require immediate deployment.
   1. When possible, briefings should include the specialized units and supporting resources.

(c) Protocols for a sustained operation should be developed which may include relief, rotation of personnel and augmentation of resources.

(d) A risk assessment form will be completed prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.

(e) The appropriate role for a trained negotiator.

(f) A standard method of determining whether or not a warrant should be regarded as high-risk.

(g) A method for deciding how best to serve a high-risk warrant with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.

(h) Post incident scene management including:
   1. Documentation of the incident.
   2. Transition to investigations and/or other units.
   3. Debriefing after every deployment of the SWAT team.
Crisis Response Units (SWAT and HNT)

(a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs, and reinforces sound risk management practices.

(b) Such debriefing should not be conducted until involved officers have had the opportunity to individually complete necessary reports or provide formal statements.

(c) In order to maintain candor and a meaningful exchange, debriefing will generally not be recorded.

(d) When appropriate, debriefing should include specialized units and resources.

(i) Sound risk management analysis.

(j) Standardization of equipment deployed.

407.4 TRAINING NEEDS ASSESSMENT
The Swat Commander shall conduct an annual SWAT Training needs assessment to ensure that training is conducted within team capabilities, department policy and the training guidelines as established by POST (11 C.C.R. § 1081).

407.4.1 INITIAL TRAINING
SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of the POST-certified Basic SWAT Course or its equivalent.

(a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content (topics) meet or exceed department requirements or POST standardized training recommendations.

407.4.2 UPDATED TRAINING
Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

407.4.3 SUPERVISION AND MANAGEMENT TRAINING
Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level to ensure personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the teams.

Command personnel who may assume incident command responsibilities should attend SWAT or Critical Incident Commander course or its equivalent. SWAT command personnel should attend a POST-certified SWAT commander or tactical commander course, or its equivalent.
407.4.4 SWAT ONGOING TRAINING
Training shall be coordinated by the CRU Commander. The CRU Commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise in addition to specialized training. Training shall consist of the following:

(a) Each SWAT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.

(b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.

(c) Those members who are on vacation, ill, or are on light duty status with a doctor’s note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member, who fails to arrange for and perform the physical fitness test within the 30-day period, shall be considered as having failed to attain a qualifying score for that test period.

(d) Quarterly, each SWAT team member shall perform the mandatory SWAT handgun qualification course. The qualification course shall consist of the SWAT Basic Drill for the handgun. Failure to qualify will require that officer to seek remedial training from a team range master approved by the CRU Commander. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.

(e) Each SWAT team member shall complete the annual SWAT qualification course for any specialty weapon issued to, or used by, the team member during SWAT operations. Failure to qualify will require the team member to seek remedial training from the Team Rangemaster who has been approved by the CRU commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

407.4.5 TRAINING SAFETY
Use of a designated safety officer should be considered for all tactical training.

407.4.6 SCENARIO BASED TRAINING
SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.
407.4.7 TRAINING DOCUMENTATION
Individual and team training shall be documented and records maintained by the CRU Commander or Training Manager as designated by the Chief of Police. Such documentation shall be maintained in each member's individual training file. A separate agency SWAT training file shall be maintained with documentation and records of all team training.

407.5 UNIFORMS, EQUIPMENT, AND FIREARMS

407.5.1 UNIFORMS
SWAT teams from this agency should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

407.5.2 EQUIPMENT
SWAT teams from this agency should be adequately equipped to meet the specific mission(s) identified by the agency.

407.5.3 FIREARMS
Weapons and equipment used by SWAT, the specialized units, and the supporting resources should be agency-issued or approved, including any modifications, additions, or attachments.

407.5.4 OPERATIONAL READINESS INSPECTIONS
The CRU Commander shall appoint a CRU supervisor to perform operational readiness inspections of all unit equipment at least annually. The result of the inspection will be forwarded to the CRU Commander in writing. The inspection will include personal equipment issued to members of the unit, operational equipment maintained in the CRU facility and equipment maintained or used in CRU vehicles.

407.6 MANAGEMENT/SUPERVISION OF CRISIS RESPONSE UNIT
The Commander of the Crisis Response Units (CRU Commander) shall be selected by the Chief of Police upon recommendation of staff. The CRU Commander shall be a sergeant or lieutenant and shall answer to the Operations Division Commander or his designee. School Resource Officer Program

408.1 PURPOSE AND SCOPE
The purpose of this order is to outline the roles and responsibilities of the School Resource Officers. In addition, the reporting procedures and chain of command will be defined.

408.1.1 POLICY
It is the policy of the Manteca Police Department that the Department become formally involved in the educational process at the public school level. This will be primarily accomplished through the School Resource Officer Program. This process includes, but is not limited to, formal instruction, counseling in areas involving the law and/or police, and as a general source of information regarding criminal law and its process for both students and school staff.

The School Resource Officers are police officers first, employed by this Department and are responsible for carrying out all duties and responsibilities as a police officer. Therefore, School Resource Officers must realize that they are enforcement officers in regards to criminal matters, even though the expectations toward counseling, mentoring, education and interacting with students are more formally established in this setting. School Resource Officers are not school disciplinarians and will not assume that role.

School Resource Officers report directly to the Administrative Sergeant concerning all matters pertinent to their position and duties. School Resource Officers will not involve themselves in investigative administrative personnel matters of the M.U.S.D., which are not criminal offenses.

408.2 SELECTION, TERM LIMIT AND PLACEMENT PROCESS
The selection and term of the School Resource Officer will be at the discretion of the Chief of Police or his designee. This position is not a special assignment and the members of this assignment shall not receive incentive pay.

408.3 ROLE OF THE SCHOOL RESOURCE OFFICER
   (a) Formal Instruction: classroom instruction can be made on any topic concerning the police, police department, legal process, crime prevention, courts and current problem areas relating to the City of Manteca and crime or deemed appropriate for instruction.
   (b) Professional Consultation: this area includes talking with teachers, counselors and administrators. The School Resource Officer may provide information to teachers concerning laws and update on new laws as they relate to their field. School Resource Officers may consult with counselors concerning problem students. The School Resource Officer should consult and work closely with the school principal, vice principal and deans at their school regarding school problems, and on activities to make a safe environment for the students.
   (c) Enforcement: although the School Resource Officers have been placed in a formal educational environment, they are not relieved of their duties as enforcement officers.
By placing the officers in the school, the Police Department actually reaches into the community, thus assisting in reaching the goals of community based policing. The accessibility of the School Resource Officer to students and faculty creates a positive and desirable means by which people can report any criminal matters despite the location of occurrence in the city limits of Manteca, or seek advice within their own environment. While on duty the School Resource Officers shall be the reporting officers for criminal acts that occur on M.U.S.D. campuses located within the city limits of Manteca. If a crime is reported to the School Resource Officer that has occurred off campus (but still within the city limits of Manteca), the School Resource Officer shall notify dispatch and then handle the call for service, except when the call should be handled by a community service officer and one is available. When immediate action is needed for reporting an offense and the School Resource Officer is not available it will be the responsibility of dispatch to ensure the call is dispatched to an available officer or community service officer.

(d) Student Consultation: the School Resource Officers are not intended to replace any school counselor, nor are they to conduct or offer any formal psychological counseling. They may act as a resource for teachers, parents and students for conferences on any individual basis dealing with individual problems or questions. This would apply particularly to the areas of substance abuse, gangs and truancy.

(e) Outside Activities: these include activities which are sponsored or sanctioned by the school or Police Department and are held off campus or outside normal school hours. The School Resource Officer is encouraged to become involved in their school's activities.

1. School Resource Officers may attend outside activities as necessary in the course of their duties.

2. School Resource Officers will keep the Administrative Sergeant advised of their school activities and their attendance. Approval will be needed prior to the event if compensation is requested.

(f) Uniform and Appearance: the School Resource Officer is a law enforcement officer working in the schools and should project a professional appearance. It is understood this may include different modes of attire for the School Resource Officer. This may include:

1. The standard patrol duty uniform.

2. Modified patrol duty uniform.

3. Civilian clothes, with approval
408.4 WORK SCHEDULE
School Resource Officers shall work a 4/10 work week while school is in session. Selection of
days off is based on seniority in the Department and not in the SRO Unit. With permission of the
Chief of Police or his designee, this schedule may be changed.

When school is not in session for more than two consecutive days, the School Resource Officer
shall report to the Administrative Sergeant for assignment. The shift and days off are subject to
the needs of the Department as decided by the Chief of Police or his designee.

It is understood that there are special events that may occur during the extended times school
is not in session, such as during "Summer Break". These events may include but are not limited
to, Junior Police Academy and the CSI Academy. At the discretion of the Chief of Police and/
or his designee, School Resource Officers, may be selected to staff and run these events. Their
schedule may be modified to reflect their participation.

409.3 OFFICER'S RESPONSIBILITY
The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. Hazardous Material Response

411.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

411.1.1 HAZARDOUS MATERIAL DEFINED
A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

411.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver’s manifest or statements from the person transporting).

(b) Notify the Fire Department.

(c) Provide first-aid for injured parties if it can be done safely and without contamination.

(d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.

(e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).

(f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

411.3 REPORTING EXPOSURE(S)
Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.
Hazardous Material Response

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

411.3.1 SUPERVISOR RESPONSIBILITY
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.
Hostage and Barricade Incidents

413.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

413.1.1 DEFINITIONS
Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

**Hostage situation** - An incident where it is reasonable to believe a person is:

(a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

(b) Unlawfully held against his/her will under threat or actual use of force.

413.2 POLICY
It is the policy of the Manteca Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

413.3 COMMUNICATION
When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

413.3.1 EMERGENCY COMMUNICATIONS
Only an officer who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record,
or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

(a) The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),

(b) The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and

(c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).

(d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.

(e) The contents of any oral communications overheard are recorded on tape or other comparable device.

413.4 FIRST RESPONDER CONSIDERATIONS
First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

413.4.1 BARRICADE SITUATION
Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
Hostage and Barricade Incidents

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

413.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
Hostage and Barricade Incidents

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

413.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).

1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Department obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.
Hostage and Barricade Incidents

(h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.

(i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

413.6 CRU RESPONSIBILITIES
The Incident Commander will decide, with input from the CRU Commander, whether to deploy the CRU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU. The Incident Commander and the CRU Commander or the authorized designee shall maintain communications at all times.

413.7 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Response to Bomb Calls

415.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to assist members of the Manteca Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

415.1.1 BOMB SQUAD DEFINED
The E.O.D. Unit (or Bomb Squad) is the designated unit specifically trained and equipped to resolve critical incidents involving any commercial or military explosives, legal and illegal fireworks, and any improvised explosive devices, or objects and materials that may have been modified or designed to explode or burn.

415.2 POLICY
It is the policy of the Manteca Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

415.3 FOUND EXPLOSIVES/SUSPECT DEVICES
When handling an incident involving a suspected explosive device, the following guidelines should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The Manteca Police Bomb Squad should be summoned for assistance. If the Manteca Bomb Squad is not available, then one of the following agencies should be summoned in the following order; The San Joaquin County Bomb Squad, The Stockton Police Bomb Squad, or the Lodi Police Bomb Squad.

(b) A minimum perimeter of 300 feet should be established around the device. An access point should be provided for support personnel.

(c) As much information as is available should be promptly relayed to the Watch Commander including:

1. The stated threat.
2. Exact comments.
3. Time of discovery.
4. Exact location of the device.
5. Full description (e.g., size, shape, markings, construction) of the device.

(d) The device should not be touched or moved except by a qualified Bomb Disposal Technician.
Response to Bomb Calls

(e) All equipment within 300 feet of the suspected device capable of producing radio frequency energy should be turned off. This includes two-way radios, cell phones and other personal communication devices.

(f) Consideration should be given to evacuating any buildings near the device.

(g) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area and a perimeter should be established around any additional suspicious device found.

Explosive or military ordnance of any type should be handled only by a Bomb Disposal Technician or a Military Explosive Ordnance Disposal Team (EOD).

415.4 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds, or additional damage by resulting fires or unstable structures. Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

- Assess the scope of the incident, including the number of victims and extent of injuries.
- Assist with first aid (Fire Department has primary responsibility).
- Assist with evacuation of victims (Fire Department may be given primary responsibility).
- Identify and take appropriate precautions to mitigate scene hazards such as collapsed structures, bloodborne pathogens, hazardous materials and secondary explosive devices.
- Request additional resources as needed.
- Identify witnesses.
- Preserve evidence.

415.5 BOMB THREATS RECEIVED AT POLICE FACILITY

This procedure shall be followed should a bomb threat call be received at the police facility.

415.5.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions should be asked if a call of a bomb threat is received at the Police Department:

- When is the bomb going to explode?
- Where is the bomb?
- What kind of bomb is it?
Response to Bomb Calls

- What does it look like?
- What will cause it to explode?
- Why did you place the bomb?
- Who are you? (to avoid possible termination of the call this should be the last question asked)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these basic questions.

During this time, document the following:

- Time of the call.
- Exact words of the person as accurately as possible.
- Estimated age and gender of the caller.
- Speech patterns and/or accents.
- Background noises.

If the incoming call is received at the police facility on a recorded line, steps shall be taken to ensure that the recording is preserved in accordance with current department evidence procedures.

415.5.2 RESPONSIBILITIES
The employee handling the call shall ensure that the Watch Commander is immediately advised and fully informed of the details. The Watch Commander will then direct and assign officers as required for coordinating a general building search or evacuation as he/she deems appropriate.

415.5.3 FEDERAL BUILDING OR PROPERTY
If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility’s security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

415.6 PRIVATE FACILITY OR PROPERTY
When a member of this department receives notification of a bomb threat at a location in the City of Manteca, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.
(b) The nature of the threat.
Response to Bomb Calls

(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting police assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

415.6.1 ASSISTANCE
The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.
   1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
   2. The safety of all participants is the paramount concern.
(e) The need for additional resources, including:
   1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.
415.7 FOUND DEVICE
When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.

(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.

(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices

(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.

(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.

(f) A safe access route should be provided for support personnel and equipment.

(g) Search the area for secondary devices as appropriate and based upon available resources.

(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.

(i) Promptly relay available information to the Watch Commander including:
   1. The time of discovery.
   2. The exact location of the device.
   3. A full description of the device (e.g., size, shape, markings, construction).
   4. The anticipated danger zone and perimeter.
   5. The areas to be evacuated or cleared.

415.8 EXPLOSION/BOMBING INCIDENTS
When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

415.8.1 CONSIDERATIONS
Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:
Response to Bomb Calls

(a) Assess the scope of the incident, including the number of victims and extent of injuries.
(b) Request additional personnel and resources, as appropriate.
(c) Assist with first aid.
(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
(e) Assist with the safe evacuation of victims, if possible.
(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
(g) Preserve evidence.
(h) Establish an outer perimeter and evacuate if necessary.
(i) Identify witnesses.

415.8.2 NOTIFICATIONS
When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Watch Commander
- Division Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

415.8.3 CROWD CONTROL
Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

415.8.4 PRESERVATION OF EVIDENCE
As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.
Responses to Loud Parties or Gatherings

416.1 PURPOSE AND SCOPE
The purpose of this General Order is to implement Manteca Police Department's response to Manteca Municipal Code 9.52.060; Loud Parties or Gatherings.

416.2 INITIAL RESPONSE
Upon receipt of a noise complaint, dispatch will enter the appropriate information into CAD as a call for service.

Upon arriving on scene, the officer(s) will determine if the party/gathering is generating a noise from two (2) or more people which is plainly audible at the property line in violation of MMC 9.52.060.

Upon determining a violation is occurring, the officer(s) will determine the number of officers necessary to address the situation safely and request resources as necessary.

Responding officers will contact the responsible person and the owner or occupant of the property. That person will verbally be given such direction as is necessary to abate the violation or condition.

The primary officer will completely fill out a Manteca Police Department "Loud Party or Gathering Warning" form (in duplicate). The original will be retained by the primary officer for the remainder of his shift. The copy will be provided to the person responsible for the party/gathering.

When the noise has been abated, the officer(s) may clear the call. They shall close the call for service as "no report" in the CAD system. In the narrative of the call, they shall document the responsible for the party/gathering was served with the "Loud Party or Gathering Warning" form.

So the oncoming shifts have access to previous warnings, officers will turn in the "Loud Party or Gathering Warning" forms to the report tray in report writing prior to securing for their shifts.

Supervisors will collect the "Loud Party or Gathering Warning" forms and turn them into records for processing. The forms will be scanned into the Records Management System and attached to the incident or case.

416.3 SECONDARY RESPONSE
Upon receipt of a subsequent complaint involving noise abatement, party dispersal, traffic violations, illegally parked vehicles, or other problems, dispatch will enter the appropriate information into CAD and dispatch officers as needed. The dispatcher will advise the responding officer(s) of the previous response to the location. They will list the previous response incident number in the narrative of the new call for service.

Officers will again determine whether MMC 9.52.060 is being violated and whether additional units are needed to address the situation. The Watch Commander may be contacted at this point.
Responses to Loud Parties or Gatherings

Responding officers will contact the responsible person and the owner or occupant of the property. That person will again verbally be given such direction as is necessary to abate the violation or condition. This direction may include the dispersal of the party/gathering.

The responsible for the party or gathering may be taken into custody for violation of MMC 9.52.060 (a misdemeanor). Arrested individuals may be cited and released in the field at the discretion of the primary officer or supervisor, pursuant to MPD policy.

416.3.1 DOCUMENTATION: SECOND RESPONSE
The primary officer will draw a case number from dispatch and document the incident in a crime report.

The report will include the following:

- Identities of all responding officers to the second complaint.
- The incident number of the first complaint will be cross referenced in the narrative of the report.
- Any damage to public property resulting from law enforcement or emergency response.
- Any injuries to law enforcement or emergency service personnel.
- Whenever possible the "Loud Party or Gathering Warning" form from the original response will be attached to the report.

Supervisors who review the report shall forward a copy to the Chief of Police for cost recovery per MMC 9.52.060(2).
Mental Illness Commitments

417.1 PURPOSE AND SCOPE
This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

417.2 POLICY
It is the policy of the Manteca Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

417.3 AUTHORITY
An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person

(b) A family member

(c) The person subject to the determination or anyone designated by the person

417.3.1 VOLUNTARY EVALUATION
If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

(a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.

(b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.

(c) Document the circumstances surrounding the individual’s desire to pursue voluntary evaluation and/or admission.

417.4 CONSIDERATIONS AND RESPONSIBILITIES
Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:
Mental Illness Commitments

(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions.

(b) Community or neighborhood mediation services.

(c) Conflict resolution and de-escalation techniques.

(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

417.4.1 SECURING OF PROPERTY
When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person’s personal property, the officer shall take reasonable precautions to safeguard the individual’s personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person’s property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

417.5 TRANSPORTATION
When transporting any individual for a 5150 commitment, the transporting officer should have the Communications Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

417.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported
and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

417.7 DOCUMENTATION
The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

417.7.1 ADVISEMENT
The officer taking a person into custody for evaluation shall advise the person of:

(a) The officer’s name and agency.
(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
(c) The name of the facility to which the person is being taken.
(d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

417.8 CRIMINAL OFFENSES
Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
Mental Illness Commitments

(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
(c) Facilitate the individual’s transfer to jail.
(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

417.9 FIREARMS AND OTHER WEAPONS
Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

417.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS
Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Investigations Unit, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.
Mental Illness Commitments

417.10 TRAINING
This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.
Cite and Release Policy

419.1 PURPOSE AND SCOPE
This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

419.2 POLICY
It is the policy of the Manteca Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department’s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

419.3 RELEASE BY CITATION
Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

419.3.1 FIELD CITATIONS
In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

419.3.2 RELEASE AFTER BOOKING
In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.

419.4 NON-RELEASE
419.4.1 DISQUALIFYING OFFENSES
An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

(a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
(b) Felony domestic battery (Penal Code § 273.5)
(c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
(d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
(e) Rape of a spouse (Penal Code § 262)
(f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person’s workplace or residence (Penal Code § 273.6)
(g) Stalking (Penal Code § 646.9)
(h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

419.4.2 REASONS FOR NON-RELEASE
A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
   1. The Manteca Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
(c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
(d) The person has been cited, arrested, or convicted for theft from a store or vehicle in the previous six months, or there is probable cause to believe the person is guilty of committing organized retail theft, as defined in Penal Code § 490.4(a).
(e) There are one or more outstanding arrest warrants for the person or failures to appear in court on previous misdemeanor citations that have not been resolved (see Misdemeanor Warrants elsewhere in this policy).

(f) The person could not provide satisfactory evidence of personal identification.

1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.

(g) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(h) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(i) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(j) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. An arrest warrant or failure to appear that is currently pending shall constitute reason to believe that the person will not appear. Other reasons may include:

   (a) Previous failure to appear is on record
   (b) The person lacks ties to the area, such as a residence, job, or family
   (c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Unit.

### 419.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

(a) The misdemeanor cited in the warrant involves violence.
(b) The misdemeanor cited in the warrant involves a firearm.
(c) The misdemeanor cited in the warrant involves resisting arrest.
(d) The misdemeanor cited in the warrant involves giving false information to a peace officer.
(e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics.
Cite and Release Policy

(f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety.

(g) The person has other ineligible charges pending against him/her.

(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.

(i) The person refuses to sign the notice to appear.

(j) The person cannot provide satisfactory evidence of personal identification.

(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

419.6 JUVENILE CITATIONS
Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the Manteca Municipal Code
- Any violation to be cited to CO-OP
- Any violation which San Joaquin County Juvenile Hall advises they will not hold the juvenile

419.7 REQUESTING CASE NUMBERS
Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.
Foreign Diplomatic and Consular Representatives

421.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Manteca Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

421.2 POLICY
The Manteca Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

421.3 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.

(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.

(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
421.4 ENFORCEMENT

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
   1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
   1. Diplomatic-level staff of missions to international organizations and recognized family members
   2. Diplomatic agents and recognized family members
   3. Members of administrative and technical staff of a diplomatic mission and recognized family members
   4. Career consular officers, unless the person is the subject of a felony warrant

   1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
   2. Support staff of missions to international organizations
   3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
   4. Honorary consular officers
   5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.
421.5 DOCUMENTATION
All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

423.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

423.2 POLICY
The Manteca Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

423.3 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.
(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

**423.4 CONSIDERATIONS**

When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

**423.5 PLANNING**

The Operations Division Commander should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

(j) Coordination with private security providers in critical incident target sites.
423.6 TRAINING
The Training Manager should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
   
   1. This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).
Immigration Violations

427.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Manteca Police Department relating to immigration and interacting with federal immigration officials.

427.1.1 DEFINITIONS
The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

427.2 POLICY
It is the policy of the Manteca Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

427.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or California constitutions.

427.4 IMMIGRATION INQUIRIES PROHIBITED
Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

427.5 DETENTIONS AND ARRESTS
An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under USC § 1326(b)(2), may detain the person for a reasonable period of time to contact federal immigration officials to verify...
whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

427.5.1 SUPERVISOR RESPONSIBILITIES
When notified that an officer has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

(a) Transfer the person to federal authorities.
(b) Transfer the person to jail.

427.6 FEDERAL REQUESTS FOR ASSISTANCE
Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this department should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

427.7 INFORMATION SHARING
No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

(a) Sending information to, or requesting or receiving such information from federal immigration officials
(b) Maintaining such information in department records
(c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

427.7.1 IMMIGRATION DETAINERS
No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).
Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

(a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).

(b) The individual has been arrested and had a judicial probable cause determination for a felony punishable by time in a state prison.

(c) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).

(d) The individual is a current registrant on the California Sex and Arson Registry.

(e) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

427.7.2 NOTICE TO INDIVIDUALS
Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with information as to whether the Manteca Police Department intends to comply with the request (Government Code § 7283.1).

If the Manteca Police Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

427.7.3 ICE INTERVIEWS
Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Manteca Police Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.

427.7.4 TRANSFERS TO IMMIGRATION AUTHORITIES
Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

(a) Transfer is authorized by a judicial warrant or judicial probable cause determination.

(b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).

(c) The individual is a current registrant on the California Sex and Arson Registry.
(d) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

427.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Investigations Unit supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Records Supervisor for required reporting to the DOJ (Government Code § 7284.6(c)(2)(see the Records Unit Policy).

427.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigations Unit supervisor assigned to oversee the handling of any related case. The Investigations Unit supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

(e) Inform the victim liaison of any requests and their status.

427.8.1 TIME FRAMES FOR COMPLETION

Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).
Immigration Violations

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 90 days of a request from the victim or victim’s family related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within 14 days of the request.

427.8.2 REPORTING TO LEGISLATURE
The Investigations Unit supervisor or the authorized designee should ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

427.9 TRAINING
The Training Manager should ensure that all appropriate members receive training on immigration issues.

Training should include:

(a) Identifying civil versus criminal immigration violations.

(b) Factors that may be considered in determining whether a criminal immigration violation has been committed.

(c) Prohibitions contained in the California Values Act (Government Code § 7284 et seq.).
Emergency Utility Service

429.1 PURPOSE AND SCOPE
The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

429.1.1 BROKEN WATER LINES
The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by the Communications Center.

429.1.2 ELECTRICAL LINES
City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

429.1.3 RESERVOIRS, PUMPS, WELLS, ETC.
Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

429.1.4 EMERGENCY NUMBERS
A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by the Communications Center.

429.2 TRAFFIC SIGNAL MAINTENANCE
The City of Manteca contracts with a private maintenance company to furnish maintenance for all traffic signals within the City, other than those maintained by the State of California.

429.2.1 OFFICER'S RESPONSIBILITY
Upon observing a damaged or malfunctioning signal, the officer will advise the Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.
Aircraft Accidents

432.1 PURPOSE AND SCOPE
The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

432.1.1 DEFINITIONS
Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

432.2 POLICY
It is the policy of the Manteca Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

432.3 ARRIVAL AT SCENE
Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

432.4 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.
Aircraft Accidents

432.5 NOTIFICATIONS
When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
(b) Appropriate airport tower
(c) Emergency medical services (EMS)

432.6 CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) Coroner.
(d) Air Carrier/Operators investigative teams with NTSB approval.
(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

432.7 DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
(b) Pressure vessels, compressed gas bottles, accumulators and tires.
Aircraft Accidents

(c) Fluids, batteries, flares and igniters.
(d) Evacuation chutes, ballistic parachute systems and composite materials.

432.8 DOCUMENTATION
All aircraft accidents occurring within the City of Manteca shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of MPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

432.8.1 WRECKAGE
When reasonably safe, members should:

(a) Obtain the aircraft registration number (N number) and note the type of aircraft.
(b) Attempt to ascertain the number of casualties.
(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
   1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
(e) Acquire copies of any recordings from security cameras that may have captured the incident.

432.8.2 WITNESSES
Members tasked with contacting witnesses should obtain:

(a) The location of the witness at the time of his/her observation relative to the accident site.
(b) A detailed description of what was observed or heard.
(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
(d) The names of all persons reporting the accident, even if not yet interviewed.
(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

432.9 MEDIA RELATIONS
The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should
Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims’ names. The PIO should coordinate with other involved entities before the release of information.

434.6.1 FIELD TRAINING OFFICER
The FTO will be responsible for the following:

(a) Complete and submit a written evaluation on the performance of his/her assigned trainee to the FTO Coordinator on a daily basis.

(b) Review the Daily Trainee Performance Evaluations with the trainee each day.

(c) Complete a detailed end-of-phase performance evaluation on his/her assigned trainee at the end of each phase of training.

(d) Sign off all completed topics contained in the Field Training Manual, noting the method(s) of learning and evaluating the performance of his/her assigned trainee.

434.6.2 IMMEDIATE SUPERVISOR
The immediate supervisor shall review and approve the Daily Trainee Performance Evaluations and forward them to the Field Training Administrator.

434.6.3 TRAINEE
At the completion of the Field Training Program, the trainee shall submit a confidential performance evaluation on each of their FTOs and on the Field Training Program.

434.7 DOCUMENTATION
All documentation of the Field Training Program will be retained in the officer’s training files and will consist of the following:

(a) Daily Trainee Performance Evaluations

(b) End-of-phase evaluations

(c) A Certificate of Completion certifying that the trainee has successfully completed the required number of hours of field training
Obtaining Air Support

436.1 PURPOSE AND SCOPE
The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

436.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

436.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for a helicopter, the Watch Commander will have dispatch call the closest agency having helicopter support available, for example the San Joaquin County Sheriff's office or CHP. A list of agencies with helicopters will be kept in dispatch.

436.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Police helicopters may be requested under any of the following conditions:

(a) When the helicopter is activated under existing mutual aid agreements
(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
(c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
(e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.
Detentions And Photographing Detainees

438.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to them at the time of the detention.

438.2 DEFINITIONS
Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-Down Search - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

438.3 FIELD INTERVIEWS
Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

(a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.
Detentions And Photographing Detainees

(b) The actions of the suspect suggest that he/she is engaged in a criminal activity.
(c) The hour of day or night is inappropriate for the suspect's presence in the area.
(d) The suspect's presence in the particular area is suspicious.
(e) The suspect is carrying a suspicious object.
(f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
(g) The suspect is located in proximate time and place to an alleged crime.
(h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

438.3.1 INITIATING A FIELD INTERVIEW
An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Manteca Police Department to strengthen our community involvement, community awareness and problem identification.

438.3.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

(a) Identify all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those persons
      who claim not to have witnessed the incident but who were present at the time
      it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal
      interview should not be detained absent reasonable suspicion to detain or
      probable cause to arrest. Without detaining the individual for the sole purpose
      of identification, officers should attempt to identify the witness prior to his/her
      departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a
    suitable location where criminal investigators may obtain a recorded statement. Such
    witnesses, if willing, may be transported by department personnel.
   1. A written, verbal or recorded statement of consent should be obtained prior to
      transporting a witness in a department vehicle. When the witness is a minor,
Detentions And Photographing Detainees

consent should be obtained from the parent or guardian, if available, prior to transportation.

438.4 PAT-DOWN SEARCHES
A pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or neighborhood where the stop takes place.
(d) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons.
(e) The appearance and demeanor of the suspect.
(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.
(g) The age and gender of the suspect.

Whenever possible, pat-down searches should be performed by officers of the same gender.

438.5 FIELD PHOTOGRAPHS
Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

438.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent.

438.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.
Detentions And Photographing Detainees

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

438.6 SUPERVISOR RESPONSIBILITY
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

438.7 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled. Photographs associated with a case should be entered into the photo system under that case number. Photographs not associated with a case should be entered into the photo system under the person's name.

If the photo and associated FI is relevant to criminal street gang enforcement, the Watch Commander will forward the report that lists the photos to the SCU/Gang Supervisor. The SCU/Gang Supervisor will ensure the photograph and supporting documents are retained as prescribed by Policy § 442.

438.7.1 PURGING THE FIELD PHOTO FILE
The Records Supervisor will be responsible for ensuring that photographs maintained by the Records Unit that are more than one year old and no longer serve a law enforcement purpose are periodically purged and destroyed. Photographs that continue to serve a legitimate law enforcement purpose may be retained longer than one year provided that a notation of that fact is added to the file for each additional year that they are retained. Access to the FI photo file shall be strictly limited to law enforcement purposes.

A photograph need not be purged but may be retained as an updated photograph in a prior booking file if the person depicted in the photograph has been booked at the Manteca Police Department and the booking file remains in the Records Unit.
Criminal Organizations

440.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Manteca Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

440.1.1 DEFINITIONS
Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

440.2 POLICY
The Manteca Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

440.3 CRIMINAL INTELLIGENCE SYSTEMS
No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

(a) Members using any such system are appropriately selected and trained.
(b) Use of every criminal intelligence system is appropriately reviewed and audited.
(c) Any system security issues are reasonably addressed.

440.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Unit. Any
supporting documentation for an entry shall be retained by the Records Unit in accordance with
the established records retention schedule and for at least as long as the entry is maintained in
the system.

The designated supervisor should ensure that any documents retained by the Records Unit are
appropriately marked as intelligence information. The Records Supervisor may not purge such
documents without the approval of the designated supervisor.

440.3.2 GANG DATABASES
The Chief of Police may approve participation by the gang unit in a shared criminal gang
intelligence database, such as CALGANG®. Members must obtain the requisite training before
accessing any such database.

It is the gang unit supervisor’s responsibility to determine whether any report or FI contains
information that would qualify for entry into the database. Prior to designating any person as
a suspected gang member, associate or affiliate in a shared gang database; or submitting a
document to the Attorney General’s office for the purpose of designating a person in a shared
gang database; or otherwise identifying the person in a shared gang database, the gang unit
supervisor shall provide written notice to the person and, if the person is under the age of 18, to
his/her parent or guardian of the designation and the basis for the designation, unless providing
that notification would compromise an active criminal investigation or compromise the health or
safety of a minor. Notice shall also describe the process to contest the designation (Penal Code
§ 186.34).

The person, an attorney working on his/her behalf or his/her parent or guardian (if the person is
under 18 years of age) may request, in writing, information as to whether the person is designated
as a suspected gang member, associate or affiliate in a shared gang database accessible by the
department, the basis for that designation and the name of the agency that made the designation.
The department shall respond to a valid request in writing within 30 days, and shall provide the
information requested unless doing so would compromise an active investigation or compromise
the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest
the designation by submitting written documentation which shall be reviewed by the gang unit
supervisor. If it is determined that the person is not a suspected gang member, associate or
affiliate, the person shall be removed from the database. The person and the parent or guardian
shall be provided written verification of the department’s decision within 30 days of receipt of the
written documentation contesting the designation and shall include the reason for a denial when
applicable (Penal Code § 186.34).

The gang unit supervisor should forward reports or FIs to the Records Unit after appropriate
database entries are made. The supervisor should clearly mark the report/FI as gang intelligence
information.
Criminal Organizations

It is the responsibility of the Records Unit supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

440.3.3 REPORT TO THE CALIFORNIA DEPARTMENT OF JUSTICE
The Investigations Division Commander or the authorized designee shall ensure that the annual report of information submitted to a shared gang database as required by Penal Code § 186.34 is submitted to the California Department of Justice.

440.4 TEMPORARY INFORMATION FILE
No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

440.4.1 FILE CONTENTS
A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

(a) Must only be included upon documented authorization of the responsible department supervisor.

(b) Should not be originals that would ordinarily be retained by the Records Unit or Property and Evidence Unit, but should be copies of, or references to, retained documents such as copies of reports, FI forms, the Communications Center records or booking forms.

(c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

(d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

440.4.2 FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.
Criminal Organizations

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

440.5 INFORMATION RECOGNITION
Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

(a) Gang indicia associated with a person or residence.
(b) Information related to a drug-trafficking operation.
(c) Vandalism indicating an animus for a particular group.
(d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

440.6 RELEASE OF INFORMATION
Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile’s name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

440.7 CRIMINAL STREET GANGS
The Gang Suppression Unit supervisor should ensure that there are an appropriate number of department members who can:

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:

1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).

(b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.

(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

440.8 TRAINING
The Training Manager should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

(a) The protection of civil liberties.

(b) Participation in a multiagency criminal intelligence system.

(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.

(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.

(e) The review and purging of temporary information files.
Watch Commanders and AWC's

442.1 PURPOSE AND SCOPE
Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each watch.

442.2 ACTING WATCH COMMANDER PROGRAM
The goal of the Acting Watch Commander (AWC) program is to simultaneously provide mentoring and training opportunities to officers while preparing the officers for the position of Police Sergeant, and to reduce the need for off duty Sergeants to be called in to fill shifts when a shift Sergeant is absent but there are sufficient personnel present to effectively run the shift.

The art of supervision and leadership is an on-going process and the AWC program is a valuable component of this process. Officers working as AWCs will grow in their knowledge and supervisory ability, while at the same time providing the department the ability to evaluate them. This development of the next generation of leaders in the organization is crucial.

442.3 JOB DUTIES

(a) In the absence of a police Sergeant the AWC shall lead an assigned shift in performing police protection and other law enforcement services to safeguard the lives, property and constitutional rights of the citizens of Manteca; respond to crime and accident scenes, emergency situations and other requests for assistance; detect, apprehend and arrest criminals; enforce the laws and ordinances of the City, County and State; train and provide work direction to assigned staff.

(b) In addition, the AWC will provide direct supervision and guidance to assigned personnel; provide proper scheduling and work assignments to assure adequate coverage of shift activities; review and approve employee written reports and memorandums; collect and assure accuracy of employee timecards; conduct briefing sessions at the start of patrol shifts, and conduct de-briefing sessions as necessary to convey to and gather pertinent information such as anticipated law violators, suspects at large, and arrests made; and all other duties normally assigned to a sergeant.

(c) These duties are in addition to the duties that every officer is required to complete or is otherwise assigned.

442.4 SELECTION CRITERIA

(a) The interested officer shall apply to be an AWC by submitting a memorandum of interest to the Operations Division Commander through the chain of command.

(b) Only officers who meet the following criteria prior to the application deadline may apply.
Watch Commanders and AWC's

1. Must have at least four years experience as a police officer, two with Manteca PD
2. The last two evaluations must have been at least satisfactory overall, with no marks of improvement needed

(c) When the Operations Division Commander has a sufficient number of applications, he/she will schedule an oral board of the interested candidates. The panel shall interview the AWC applicant and determine their suitability for the program.

(d) Applicants not selected for the AWC program or not passing the interview may request a meeting with the Operations Division Commander. If the applicant is not satisfied with the outcome of the meeting with the Operations Division Commander they may request a meeting with the Chief of Police, whose decision shall be final. Applicants who were not selected as an AWC may reapply after a period of one year from the date of their oral board panel.

(e) The oral board panel will consist of three members selected by the Chief of Police or their designee from the pool of already qualified AWCs, Sergeants, Lieutenants, and Captains.

(f) All officers selected to participate in the AWC program will be assigned to a mentor Sergeant or Sergeants for training. The assignment to a mentor shall not change the officer's shift or days off.

(g) The prospective AWCs will complete a program of training approved by the Chief of Police. This training will be documented in a training manual also approved by the Chief of Police. Once the officer has completed the AWC training manual they will be scheduled for an exit interview with the Operations Division Commander or their designee. Upon completion of the AWC training program the officer shall be deemed qualified to act as an AWC.

(h) Any officer who is already qualified to be an AWC and receives two or more improvement needed marks on their current evaluation or at least one improvement needed mark for two consecutive evaluations may be deemed unsuitable to continue on as an AWC until their evaluations improve. Once the officer no longer has improvement needed marks they may submit a memorandum of reinstatement to the Operations Division Commander. The Operations Division Commander may reinstate the officer, may reject the request or may require the officer to complete additional training. An AWC who receives one or more improvement needed marks on an evaluation shall have an appeal right to the Chief of Police.

442.5 DEPLOYMENT CRITERIA

(a) In the instance that a shift has above the minimum number of officers deemed necessary by the department and the shift Sergeant is not present, the senior AWC working that shift will take charge of the shift. The AWC will assume all the normal
duties of a Sergeant and will not be assigned other responsibilities other than that of the shift supervisor.

(b) If a shift is at minimum staffing and a Sergeant is not present then all attempts to secure a Sergeant for the shift shall be made. If all Sergeants are unwilling or unable to work the shift, then the senior AWC will take charge and other officers will be called in to maintain the minimum staffing. In the event that an AWC calls in an officer to cover minimum staffing and that officer is also AWC qualified, the senior most of them will assume the AWC position.

(c) The AWC will be in charge of the on duty patrol personnel until a Sergeant arrives for duty. Once the Sergeant is on duty, the AWC will revert to regular patrol officer duties, unless the on duty Sergeant wishes to make the AWC a field supervisor or assigns them other such duties. Example: swing shift is being run by an AWC and a graveyard Sergeant comes in when graveyard shift starts. The AWC would either revert back to a patrol officer or the Sergeant may assign the AWC to assist the Sergeant as needed. The Sergeant shall still be ultimately responsible for both shifts. If graveyard shift does not have a Sergeant, but is above minimum, then the AWC will assume responsibility once the swing shift Sergeant secures at the end of their shift.

(d) Sergeants who are assigned to off-Patrol duties (special assignments, administrative, light duty, etc) shall not usurp any of the responsibilities of the Watch Commander just because an AWC is in charge. The AWC will have positional authority to run the Patrol shift as if they were the regular Patrol Sergeant.

(e) In the event there are two AWCs working, (for example, one from graveyard and one from swing shift), all patrol officers will answer to both AWCs as if they were Sergeants, and not just the AWC from their own shift. There will be no more than one AWC per shift on duty at a time. For example; if an AWC is on duty from swing shift and the graveyard shift has two AWC qualified officers who are senior to the swing shift AWC, the swing shift AWC will remain one of the two AWCs and only the senior AWC qualified officer on graveyard will become an AWC.

(f) The Operations Division Commander or higher may authorize officers who are in the AWC training program, but have not completed it, to act as an AWC until a sufficient number of trained AWCs are in place.
Mobile Audio Video

444.1 PURPOSE AND SCOPE
The Manteca Police Department has equipped each marked patrol car and police motorcycle with a Mobile Audio & Video (MAV or Coban) recording system as well as each patrol officer with a TASER AXON body camera (TABC or Body Cam). The MAV and Body Cam are designed to assist and compliment patrol officers in the performance of their duties. The MAV and Body Cam are used to record certain activities by providing a visual and/or audio record. Video recordings are intended to provide an unbiased visual/audio record of the incident and to supplement the officer's report.

444.2 POLICY
OFFICER RESPONSIBILITIES:

MAV:

All officers assigned to the Patrol Division will be issued a MAV wireless microphone. It is the officers' responsibility to make sure their wireless microphone is ready for use on duty.

At the beginning of their shift, all officers working Patrol will sync their wireless microphone to the MAV system in the vehicle they will be using that shift. Officers will verify their wireless microphone is working and recording to their vehicle's MAV by conducting a short manual activation of the microphone.

If the system is malfunctioning, the officer shall notify the Watch Commander and notify the IT Department via an email to "MCT Police Car PC List" as well as documenting the problem on the vehicle status board in the briefing room. The officer will utilize another patrol vehicle for their shift unless a supervisor approves the vehicle remain in service.

At the end of shift, officers will upload all videos to the MPD main frame. The system is designed to do this automatically. If the system does not automatically upload the videos, the officer will manually upload videos via the cable uplink located on the south side of the Detective building.

BODY CAM:

All officers assigned to the Patrol Division will be issued a Body Cam. It is the officers' responsibility to make sure their Body Cam is ready for use on duty.

At the beginning of their shift, all officers working Patrol will remove their assigned Body Cam from the charging/upload station, turn the unit on, and assure there is sufficient battery life for the duration of their shift.

If the system is malfunctioning, the officer shall notify the Watch Commander and notify the Body Cam Administrator via an email. The officer shall use one of the spare assigned Body Cam units until the malfunctioning unit is repaired or replaced.
Mobile Audio Video

Personnel shall position the camera on their uniform to facilitate optimum recording field of view.

At the end of shift, officers will return their Body Cam to the charging/upload station to upload all videos to the server (www.evidence.com). The system is designed to upload and charge automatically. If the system does not begin to automatically charge and upload the videos, the officer will notify the Watch Commander and email the Body Cam Administrator.

The wearing of any other personal video recorder is not authorized.

444.3 ACTIVATION

MAV:

The MAV system is designed to turn on automatically when one of the following conditions exist:

1. Activation of the patrol car overhead emergency lights (position 2 or 3)
2. On depression of the shotgun release button.
3. When the vehicle's GPS registers a speed of 80 miles per hour.

An officer can also manually activate the MAV system by utilizing the touch screen controls or activating the remote microphone.

Both audio and video record simultaneously with the exception of the 30 second pre-event recording, which records video only.

The system remains on until turned off manually.

BODY CAM:

The Body Cam does not record automatically. It shall be worn in BUFFERING mode with the power switch in the ON position. Event recording is activated by the officer pressing the EVENT button twice in rapid succession (double tap).

The Body Cam shall be worn with the operating LED’s on. Operating LED’s may be turned off for tactical or covert situations.

Both audio and video record simultaneously with the exception of the 30 second pre-event recording, which records video only. The system records until the EVENT button is held down for three (3) seconds. It is at that point both video and audio stop recording and the Body Cam returns to BUFFERING mode. Except in cases of equipment malfunction, the On/Off switch shall not be utilized to stop recording an event.

444.3.1 REQUIRED ACTIVATION

MAV:

This policy is not intended to describe every possible situation where the system may be used; however, there are many situations where the use of the MAV system is appropriate. In addition
Mobile Audio Video

to the required situations, officers may activate the system any time he/she believes its use would be appropriate and/or valuable to document an incident. In some circumstances it is not possible to capture images of the incident due to conditions or location of the camera however the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The activation of the MAV system is required in any of the following situations:

- Vehicle pursuits
- Code 3 responses
- Vehicle stops

The MAV system may be used to record any party's statement, admission or confession in conjunction with MPD policies on recording statements.

**BODY CAM:**

Members shall activate the Body Cam during all enforcement stops, field interrogation situations or any other time the member reasonably believes that a recording of an on-duty contact may be useful. (Example: A contact becomes adversarial after the initial contact). Members may be disciplined for failing to activate their Body Cam.

Once started, recordings should continue without interruption until the contact ends, if feasible (Exception: A recording may be terminated to protect tactical or confidential discussions or briefings). At no time is a member expected to jeopardize his/her safety in order to activate a Body Cam. However, the recorder should be activated in required situations as soon as practicable.

Personnel are not required to obtain consent from a private person when:

- In a public place
- In a location where there is no reasonable expectation of privacy

Personnel are encouraged to advise private persons they are recording if the advisement may gain compliance, assist in the investigation and does not interfere with the investigation or officer safety.

**444.4 REVIEW OF MAV AND BODY CAM RECORDINGS**

Recordings may be reviewed in any of the following situations:

(a) By a supervisor or manager investigating a specific incident, issue, act of officer conduct, work performance and/or quality of service review

(b) By department personnel reviewing their own recordings

(c) Pursuant to a lawful process, or by members of the District Attorney's Office or court personnel who are otherwise authorized to review evidence in a related case with the permission of the Chief of Police

(d) By media personnel with permission of the Chief of Police or his/her designee

(e) By any person with permission of the Chief of Police or his/her designee
(f) Recordings may be shown for the purposes of training value. If an involved officer objects to the showing of a recording, his/her objection will be submitted to staff to determine if the training value outweighs the officer's objection for not showing the recording. In no event shall any recording be used or shown for the purpose of ridicule or embarrassing any employee.

(g) By a department detective after approval of a supervisor who is participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation

(h) Videos will not be intentionally reviewed solely for the purpose of seeking discipline.

Except in circumstances prohibited by statute, an officer shall have access to review his/her recordings when preparing written reports and/or verbal statements which could lead to formal discipline, relevant to any incident, to help ensure accuracy and consistency of accounts.

444.5 DOCUMENTING MAV AND BODY CAM USE
Any incident that was recorded with either the video or audio system shall be documented in the officer's report. If a citation was issued, a notation shall be made on the citation that indicates the incident was recorded.

444.6 VIDEO MEDIA STORAGE AND INTEGRITY
Once checked in, all video media will be labeled and placed in a designated secure storage area. All video media that is not booked as evidence will be retained for a minimum of one year after which time it will be erased, destroyed, or recycled (Government Code § 34090.6).

Once a video is captured, personnel shall add Metadata to the video evidence as follows:

(a) Note the MPD case or incident number in the ID field. The correct format is xx-xxxxxx.
(b) When no case number is assigned and a citation is issued, note the citation number in the ID field.
(c) Enter a title; the title should include sufficient information to identify the file, such as crime code, suspect name, event, etc.
(d) Select and add the appropriate category from the fixed list.

444.6.1 COPIES OF VIDEO RECORDINGS
Employees may view videos they have been granted access to by the Chief of Police or his designee. Employees are encouraged to utilize the "Back Office Client" software and "EVIDENCE.COM" to add notes to videos so that review and sorting may be expedited. All recorded media, images and audio are property of the Manteca Police Department.

Copies of the original video recording will be made upon proper request for any person authorized in Policy Manual § 446.4.
Videos may be copied for use in court by making a written request for such to the Chief of Police or his designee. Once the copy is authorized, a DVD copy will be made. The requesting employee will check out the DVD from the Chief's designee and will check the DVD back in as soon as it is no longer needed. If the DVD will be later used as evidence, the DVD will be booked into evidence in adherence with the Manteca Police Department Policy Manual.

Unauthorized use, duplication and/or distribution of MAV or Body Cam files is prohibited. Personnel shall not make copies of any MAV and/or Body Cam files for their personal use and are prohibited from using a recording device such as a phone camera or secondary video camera to record MAV and/or Body Cam files.

**444.7 OTHER RECORDINGS**

Officers are encouraged to use the MAVs and the Body Cam to record other activities that may be evidentiary or otherwise beneficial to the department or officer. These recordings may include, but are not limited to:

- Statements from involved parties including suspects or witnesses
- Driving observations or FST's on DUI investigations
- Behavior of an uncooperative suspect, unruly crowd or other volatile situation
- Citizen complaint received by a Watch Commander

When recording an event with the MAV or Body Cam that may be needed later, the officer shall mark the recording with the case number and name of the individual recorded, whenever possible.

The MAV or Body Cam shall not intentionally be used to record non work related activity and shall not intentionally be activated in places where a reasonable expectation of privacy exists, such as locker rooms, dressing rooms or restrooms. Personnel should be aware of surroundings when operating a Body Cam, such as in a hospital emergency room where privacy of patients should be considered.
Mobile Digital Computer Use

446.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center.

446.2 POLICY
Manteca Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

446.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (refer to the City's information technology policies for additional guidance).

446.4 RESTRICTED ACCESS AND USE
MDC use is subject to the City's information technology policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

446.4.1 USE WHILE DRIVING
Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.
Mobile Digital Computer Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

446.5 DOCUMENTATION OF ACTIVITY
Except as otherwise directed by the Watch Commander or other department-established protocol, all priority calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.
(b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

446.5.1 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

446.5.2 EMERGENCY ACTIVATION
If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure the Watch Commander is notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

446.6 EQUIPMENT CONSIDERATIONS

446.6.1 MALFUNCTIONING MDC
Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify the Communications Center. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.
446.6.2 BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.
Medical Marijuana

450.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California’s medical marijuana laws.

450.1.1 DEFINITIONS
Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient’s housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers (“bud”) or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).
450.2 POLICY
It is the policy of the Manteca Police Department to apply California's medical marijuana statutes fairly and with discretion.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana. However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana.

450.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.
(b) Investigations when a medicinal claim is made by a cardholder.
(c) Investigations when a medicinal claim is made by a non-cardholder.

450.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

450.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER
A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

(a) The information contained in the card is false or falsified.
(b) The card has been obtained or used by means of fraud.
(c) The person is otherwise in violation of the provisions of the MMP.
(d) The person possesses marijuana but not for personal medical purposes.

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient’s medical needs (Health and Safety Code § 11362.71; Health and Safety Code §
Medical Marijuana

11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

450.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

450.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

(a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at a later time.
2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

(b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:

1. The amount of marijuana recommended by a medical professional to be ingested.
Medical Marijuana

2. The quality of the marijuana.
3. The method of ingestion (e.g., smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Whether the marijuana is being cultivated indoors or outdoors.

Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).

Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

450.3.5 EXCEPTIONS
This policy does not apply to, and officers should consider taking enforcement action for the following:

(a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

(b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

(c) Smoking marijuana (Health and Safety Code § 11362.79):
   1. In any place where smoking is prohibited by law.
   2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
   3. On a school bus.
   4. While in a motor vehicle that is being operated.
   5. While operating a boat.

(d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

450.3.6 INVESTIGATIONS INVOLVING A STATE LICENSEE
No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to
qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

450.4 FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

450.5 PROPERTY AND EVIDENCE UNIT SUPERVISOR RESPONSIBILITIES
The Property and Evidence Unit supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Unit supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Unit supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Unit supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigations Unit supervisor.

450.6 CITY ORDINANCE
Officers should be familiar with Section 8.35 of the Manteca Municipal Code, governing medical marijuana. This section establishes several additional restrictions on those individuals who are cultivating or in possession of medical marijuana. These restrictions include:

- All cultivation of medical marijuana must be done in a secure, locked and fully enclosed structure (MMC 8.35.030).
- Any cultivation of more than 24 plants can only be done by a collective or cooperative as defined in the ordinance (MMC 8.35.030).
- Collectives or cooperatives must be registered with the police department and are restricted to where they can operate within the city (MMC 8.35.030).
- Medical marijuana dispensaries are banned entirely (MMC 8.35.060).
- Individuals purporting to be primary caregivers must keep names and contact info for their qualified patients with them, and are limited to 10 patients (MMC 8.35.040).
Medical Marijuana

The code contains many other restrictions which all officers should be familiar with.
Bicycle Patrol

452.1 PURPOSE AND SCOPE
The Manteca Police Department has established Bicycle Patrol for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

452.2 POLICY
Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Watch Commander, Patrol Lieutenant or the Operations Division Commander.

452.3 TRAINING
It is recommended that officers or volunteers wishing to ride department bicycles attend training prior to riding the bicycles on duty. Anyone who has not attended training must be approved to ride by the Operations Division Commander prior to riding.

452.4 UNIFORMS AND EQUIPMENT
Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

452.5 CARE AND USE OF PATROL BICYCLES
Officers will be assigned a specially marked and equipped patrol bicycle.
Bicycles utilized for uniformed bicycle patrol shall be primarily black or white with a "POLICE" decal affixed to each side of the crossbar or the bike’s saddlebag. Every such bicycle shall be equipped with front and rear reflectors, front lights and a siren/horn satisfying the requirements of Vehicle Code §2800.1(b).

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle shall be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer it will be brought to the attention of the patrol lieutenant for repair. At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the Patrol Lieutenant, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

The Chief of Police or the Operations Division Commander may authorize the use of a personal bicycle for patrol duty on a case-by-case basis.

452.6 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

(a) In response to an emergency call.
(b) While engaged in rescue operations.
(c) In the immediate pursuit of an actual or suspected violator of the law.
Automated License Plate Readers (ALPRs)

460.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

460.2 ADMINISTRATION
The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Manteca Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by a designated Police Lieutenant. The designated Police Lieutenant will assign members under his/her command to administer the day-to-day operations of the ALPR equipment and data as necessary.

460.2.1 ALPR ADMINISTRATOR
The designated Police Lieutenant will be known as the ALPR Administrator and shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.

(b) Training requirements for authorized users.

(c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.

(d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.

(e) The title and name of the current designee in overseeing the ALPR operation.

(f) Working with the Custodian of Records on the retention and destruction of ALPR data.

(g) Ensuring this policy and related procedures are conspicuously posted on the department’s website.

460.3 OPERATIONS
Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).
(a) An ALPR shall only be used for official law enforcement business.

(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

(e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.

(f) If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

460.4 DATA COLLECTION AND RETENTION
The ALPR Administrator is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

460.5 ACCOUNTABILITY
All data will be closely safeguarded and protected by both procedural and technological means. The Manteca Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data
Automated License Plate Readers (ALPRs) –

relate to a specific criminal investigation or department-related civil or administrative action.

(c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Maintenance and Release Policy.

460.6 POLICY
The policy of the Manteca Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

460.7 RELEASING ALPR DATA
The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

(a) The agency makes a written request for the ALPR data that includes:
   1. The name of the agency.
   2. The name of the person requesting.
   3. The intended purpose of obtaining the information.

(b) The request is reviewed by the ALPR Administrator or the authorized designee and approved before the request is fulfilled.

(c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

460.8 TRAINING
The Training Manager should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).
Homeless Persons

462.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Manteca Police Department recognizes that members of the homeless community are often in need of special protection and services. The Manteca Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

462.1.1 POLICY
It is the policy of the Manteca Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

462.2 FIELD CONTACTS
Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

462.2.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
(b) Document places the homeless person may frequent.
(c) Provide homeless victims with victim/witness resources when appropriate.
(d) Obatin statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.
Homeless Persons

(e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult Abuse Policy.

(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.

(g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

462.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or manager. When practicable, requests by the public for clean-up of a homeless encampment should be referred to a supervisor or manager.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform a supervisor if such property appears to involve a trespass, blight to the community, violation of the camping ordinance or is the subject of a complaint. It will be the responsibility of the supervisor to address the matter in a timely fashion.

462.4 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.
462.5 ECOLOGICAL ISSUES
Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Supervisors dealing with homeless encampments are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and management notification.
Public Recording of Law Enforcement Activity

463.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

463.2 POLICY
The Manteca Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

463.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the officers.
   4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

463.4 OFFICER RESPONSE
Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or
behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

463.5 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.
(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

463.6 SEIZING RECORDINGS AS EVIDENCE
Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
   1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
(c) The person consents.
   1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
   2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the
Public Recording of Law Enforcement Activity

Evidence is to transmit a copy of the recording from a device to a department-owned device. Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.
First Amendment Assemblies

464.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

464.2 POLICY
The Manteca Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

464.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafletting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.

464.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.
464.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

464.5 PLANNED EVENT PREPARATION
For large-scale planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

464.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).
First Amendment Assemblies

464.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with City government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.

464.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

464.6 UNLAWFUL ASSEMBLY DISPERsal ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.
First Amendment Assemblies

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

464.7 USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

464.8 ARRESTS
The Manteca Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the
order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.
(b) Dedicated arrest, booking and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

464.9 MEDIA RELATIONS
The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the News Media Relations Policy).

464.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

464.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan
(b) Any incident logs
(c) Any assignment logs
(d) Vehicle, fuel, equipment and supply records
(e) Incident, arrest, use of force, injury and property damage reports
(f) Photographs, audio/video recordings, the Communications Center records/tapes
(g) Media accounts (print and broadcast media)
First Amendment Assemblies

464.11.1  AFTER-ACTION REPORTING
The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
(c) Problems identified
(d) Significant events
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

464.12  TRAINING
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.
Crisis Intervention Incidents

465.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

465.1.1 DEFINITIONS
Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

465.2 POLICY
The Manteca Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

465.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia
Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

465.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Chief of Police should designate the Training Manager to collaborate with mental health professionals any time a department training course or response protocol is developed.

465.5 FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a)promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b)request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c)if feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d)attempt to determine if weapons are present or available.

1. if time permits prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETs) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).

(e)take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.

(f)secure the scene and clear the immediate area as necessary.

(g)employ tactics to preserve the safety of all participants.

(h)determine the nature of any crime.

(i)request a supervisor, as warranted.

(j)evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.

(k)if circumstances reasonably permit, consider and employ alternatives to force.
465.6 DE-ESCALATION
Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person’s name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

When possible, responding officers generally should avoid:

- Using stances or tactics that can be interpreted as aggressive.
- Allowing others to interrupt or engage the person.
- Arguing, speaking with a raised voice or using threats to obtain compliance.

465.7 INCIDENT ORIENTATION
When handling an incident that may involve mental illness or a mental health crisis, the Dispatcher should acquire and disseminate all critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
(b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

465.8 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.
Crisis Intervention Incidents

(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).

(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.

(d) Ensure that all reports are completed pursuant to the Report Preparation policy and that incident documentation uses appropriate terminology and language.

465.9 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

465.9.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

465.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS
Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.

(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.

(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

465.11 TRAINING
In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and
Crisis Intervention Incidents

Crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).
Medical Aid and Response

466.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

466.2 POLICY
It is the policy of the Manteca Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

466.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by emergency medical services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex and age, if known.
   4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.
466.4 TRANSPORTING ILL AND INJURED PERSONS
Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

466.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

466.5.1 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the County Jail or other detention facility refuses to accept a prisoner based on medical screening, the officer should notify the Watch Commander to determine the appropriate action. This action may include having the prisoner medically cleared at County Hospital prior to booking.
Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor’s approval.

466.6 MEDICAL ATTENTION RELATED TO USE OF FORCE
Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

466.7 AIR AMBULANCE
Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Operations Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider’s minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider’s minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
• Ensure that no one smokes near the aircraft.

466.8 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION
Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

466.8.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES
Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Manager.

Any member who administers an opioid overdose medication should contact the Communications Center as soon as possible and request response by EMS.

466.8.2 OPIOID OVERDOSE MEDICATION REPORTING
Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Manager will ensure that the Records Supervisor is provided enough information to meet applicable state reporting requirements.

466.8.3 OPIOID OVERDOSE MEDICATION TRAINING
The Training Manager should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).

466.8.4 DESTRUCTION OF OPIOID OVERDOSE MEDICATION
The Training Manager shall ensure the destruction of any expired opioid overdose medication (Business and Professions Code § 4119.9).

466.8.5 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT
Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT
Several factors are considered in the development of deployment schedules for officers of the Manteca Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer’s work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:
Traffic Function and Responsibility

500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS
Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:
   (a) Explanation of the violation or charge
   (b) Court appearance procedures

500.3.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:
   (a) Vehicular manslaughter
   (b) Felony and misdemeanor driving under the influence of alcohol/drugs
   (c) Felony or misdemeanor hit-and-run
   (d) Refusal to sign notice to appear
   (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES
If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator’s license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).
Traffic Function and Responsibility

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Manager should be promptly notified whenever the supply of vests in the equipment room needs replenishing.
Traffic Collision Reporting

502.1 PURPOSE AND SCOPE
The Manteca Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

502.2 RESPONSIBILITY
The Traffic Supervisor will be responsible for distribution of the Collision Investigation Manual. The Traffic Supervisor will receive all changes in the state manual and ensure conformity with this policy.

502.3 TRAFFIC COLLISION REPORTING
All traffic collision reports taken by members of this department shall be entered by computer into the "Crossroads Collision Report Writing" system for approval and data entry into the Records Management System. The Crime Analyst will be responsible for monthly and quarterly reports on traffic collision statistics to be forwarded to the Operations Division Commander, or other persons as required.

502.4 REPORTING SITUATIONS

502.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES
Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway, highway or on private property wherein any damage or injury results. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Division Commander.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

502.4.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES
When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Manteca Police Department resulting in a serious injury or fatality, the Traffic Unit Supervisor or the Watch Commander, may notify the California Highway Patrol for assistance.

The term serious injury is defined as any injury that may result in a fatality.

502.4.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS
The Traffic Unit Supervisor or on-duty Watch Commander may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.
Traffic Collision Reporting

502.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY
In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property, unless there is a death or injury to any person involved, a hit and run violation, or vehicle code violation. An accident report may be taken at the discretion of the officer.

502.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS
Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

(a) When there is a death or injury to any persons involved in the collision

(b) When there is an identifiable violation of the Vehicle Code and the responsible party going to be cited

(c) When there is a hit and run collision and there is viable information that may lead to the identification of responsible party or vehicle.

502.5 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION
In the event of a serious injury or death related traffic collision, the Watch Commander shall notify the Traffic Unit Supervisor to relate the circumstances of the traffic collision and seek assistance from the Traffic Unit. In the absence of a Traffic Unit Supervisor, the Watch Commander or any supervisor may assign an accident investigator or motor officer to investigate the traffic collision.
DUI Checkpoints

503.1 PURPOSE AND SCOPE
To establish an operation traffic control plan at a DUI/Driver’s License Checkpoint and to set forth the procedures used to establish and control the operation of the check point itself.

503.2 PUBLIC NOTICE
- The goal of a checkpoint is to deter the public from driving while in an impaired state. All notifications will be made by the Public Information Officer or designee determined by the Chief of Police. Notification of the impending checkpoint will be provided to the local and surrounding area news media no later than the day preceding the checkpoint.
- Manteca Fire Department and Manteca Ambulance at minimum will be notified of the location and time of the DUI Checkpoint.

503.3 SELECTION OF CHECKPOINT AREA
- The selection of checkpoint sites should be based upon DUI/Impaired driver activity as established by DUI/Impaired driver arrests or accidents where a DUI/Impaired driver is a factor in the collision and the safety of the officers at the checkpoint. The Traffic Unit supervisor will review department statistics and select a site, based on those facts.
- Once the site has been selected, a written plan or photographs of the scene shall be completed or taken documenting the location and placement of all signs and other warning devices.
- The site should include an escape route which allows those members of the public who do not wish to proceed through the checkpoint the ability to exercise their choice to turn aside.

503.4 TRAFFIC CONTROL
- All department personnel working within the cone pattern will be in uniform or clearly identifiable as a law enforcement officer/employee.
- A marked police vehicle will be placed within the cone pattern with warning lights activated and facing in the direction of the oncoming traffic.
- One officer will be assigned to monitor the approaching traffic. This officer will sound a warning (verbal or horn) at the first sign of danger from the oncoming vehicles.
- Lighting at the actual checkpoint area will illuminate the work area and personnel within the work area. Street lighting may be sufficient, if not, use portable lights or trailer lights.
DUI Checkpoints

- An area (street, parking lot, etc.) adjacent to the checkpoint must be provided for the parking of public vehicles and the field sobriety tests. The selection of this area must use safety as its primary concern.

- The cone patterns, lane closures, and sign placement will follow CalTrans guidelines. Existing stop signs, stop lights and other control or notification signs may be incorporated into the checkpoint plan. The following signs will be used in the order listed:
  - DUI/Driver's License Checkpoint Ahead
  - DUI/Driver's License Checkpoint Ahead
  - Prepare to Stop
  - Stop Sign

503.5 CHECKPOINT OPERATION

- Vehicles will be stopped at a rate established by the scene supervisor. This must be established by a neutral formula prior to the start of the checkpoint.

- No vehicle is to be delayed more than 3 minutes. If the delay is more than 3 minutes a lower ratio of cars being stopped shall be instituted. At intervals of approximately 15 minutes a vehicle shall be selected and timed through the checkpoint lane and time noted. If a delay of more than 3 minutes occurs the ratio shall be changed.

- No vehicle shall be interviewed for more than 30 seconds within the checkpoint lane unless certain circumstances are met including, but not limited to the driver having difficulty locating their drivers' license (If checkpoint is a combination DUI/Driver License checkpoint), answering questions of the driver, etc.

- The screening officer(s) will evaluate the driver of each stopped vehicle for signs of alcohol and/or drug impairment. The screening officer may also ask for the driver's license if it is a combination DUI/Driver's License checkpoint.

- If potential impairment is detected, the screening officer will direct the driver to the field sobriety area. At that area, the officer will conduct a more thorough examination.

- Those persons failing the field sobriety examination will be taken into custody.

- A count of vehicles passing through the checkpoint will be kept on a tally sheet. This sheet will track the number of total vehicles through the checkpoint, the number stopped, the number directed to the FST area and the number of arrests. It will also track the time sequence of vehicles passing through the checkpoint.

- No citations for mechanical violations will be issued. Verbal warning may be given.

- Citations will be issued for any alcohol related offenses such as open container.
DUI Checkpoints

- Purposefully avoiding the checkpoint does not warrant a vehicle to be stopped. If an officer following this vehicle observes any mechanical or moving violations, the vehicle may be stopped and the driver contacted. A citation may or may not be issued in this circumstance.
- All vehicles regardless of type shall be subject to screening, emergency vehicles are exempted.

503.6 EQUIPMENT, PERSONNEL AND COMMUNICATIONS

- Marked police vehicles.
- Marked police motorcycles, if available.
- One fully equipped DUI checkpoint trailer.
- Flares.
- Flashlight for each person.
- Portable radio for each person.
- Reflective cones.
- Reflective vests to be worn during setup and takedown of the checkpoint.
- Depending on the checkpoint location and traffic volume the number of personnel will vary from seven or more to as few as three including the scene supervisor.
- The scene supervisor shall be a sergeant or above. The scene supervisor shall remain at the check point location except for short periods (less than 15 minutes) when it may be necessary to leave.
- Personnel assigned to checkpoint operations will use Channel 3, unsecured, if available. If it is not available, Channel 2, unsecured may be used.
- Call signs will be assigned to check point personnel. Traffic personnel will use their usual call signs. Other personnel will be given call signs at briefing.
- The scene supervisor shall provide a list of all personnel and the location of the checkpoint to the Communications Center prior to the setting up of the checkpoint.

503.7 BRIEFING

- A briefing will be held 30 minutes prior to the planned start of the checkpoint. Set up will start 15 minutes prior to the planned start of the checkpoint. Briefing will cover the procedures for checkpoint operations, check point assignments and checkpoint duties.
Vehicle Towing and Release

510.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the Manteca Police Department. Nothing in this policy shall require the Department to tow a vehicle.

510.2 STORAGE AND IMPOUNDS
When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

510.2.1 VEHICLE STORAGE REPORT
Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should to be given to the tow truck operator and the original shall be submitted to the Records Unit as soon as practicable after the vehicle is stored.

510.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES
When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Communications Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call a company selected from the rotational list of towing companies in the Communications Center. The officer will then store the vehicle using a CHP Form 180.

510.2.3 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).
Vehicle Towing and Release

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

510.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS
Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver’s license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver’s license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver’s license and current vehicle registration.

510.2.5 DRIVING A NON-CITY VEHICLE
Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

510.2.6 DISPATCHER’S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.
510.2.7 RECORDS UNIT RESPONSIBILITY
Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the appropriate tray so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Unit to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

(a) The name, address, and telephone number of this Department.
(b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
(c) The authority and purpose for the removal of the vehicle.
(d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice.

510.3 TOWING SERVICES
The City of Manteca periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
(b) When a vehicle is being held as evidence in connection with an investigation.
(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

510.4 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.
510.5 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.6 RELEASE OF VEHICLE
The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver’s license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver’s license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:

1. The vehicle was stolen.
2. If the driver reinstates his/her driver’s license or acquires a license and provides proof of proper insurance.
4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.

(d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without
Vehicle Towing and Release

requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.
Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

512.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the Manteca Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

512.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Traffic Sergeant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations
Vehicle Impound Hearings

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department’s policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.

1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department’s expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
Impaired Driving

514.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY
The Manteca Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

514.3 INVESTIGATIONS
Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Traffic Sergeant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

(a) The field sobriety tests (FSTs) administered and the results.
(b) The officer’s observations that indicate impairment on the part of the individual, and the officer’s health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
(c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
(d) Information about any audio and/or video recording of the individual’s driving or subsequent actions.
(e) The location and time frame of the individual’s vehicle operation and how this was determined.
(f) Any prior related convictions in California or another jurisdiction.

514.4 FIELD TESTS
The Traffic Sergeant should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS
A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

(a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
Impaired Driving

(b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person’s blood alcohol content is 0.05 or more (Vehicle Code § 23140).

(c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).

(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 CHOICE OF TESTS
Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

514.5.2 BREATH SAMPLES
The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an
Impaired Driving

alcoholic beverage and any drug. Evidence of the officer’s belief shall be included in the officer’s report (Vehicle Code § 23612(a)(2)(C)).

514.5.3 BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.5.4 URINE SAMPLES
If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

514.5.5 STATUTORY NOTIFICATIONS
Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

514.5.6 PRELIMINARY ALCOHOL SCREENING
Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).
Impaired Driving

514.5.7  PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21
If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and
the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01
or more, the officer shall request that the person take a PAS test to determine the presence of
alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not
immediately available, the officer may request the person to submit to chemical testing of his/her
blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result
of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve
the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

514.6   REFUSALS
When an arrestee refuses to provide a viable chemical sample, officers should:

(a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
(b) Audio- and/or video-record the admonishment when it is practicable.
(c) Document the refusal in the appropriate report.

514.6.1  BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the
following conditions exist:

(a) A search warrant has been obtained (Penal Code § 1524).
(b) The officer can articulate that exigent circumstances exist. Exigency does not exist
solely because of the short time period associated with the natural dissipation of
alcohol or controlled or prohibited substances in the person’s bloodstream. Exigency
can be established by the existence of special facts such as a lengthy time delay in
obtaining a blood sample due to an accident investigation or medical treatment of the
person.
(c) The person is subject to probation, parole or court order restrictions that require them
to submit to a chemical test of their blood alcohol.

514.6.2  FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer
should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the
circumstances.
(b) Ensure that all attempts to obtain a blood sample through force cease if the person
agrees to, and completes a viable form of testing in a timely manner.
Impaired Driving

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.

1. This dialogue should be recorded on audio and/or video if practicable.

(d) Ensure that the blood sample is taken in a medically approved manner.

(e) Ensure the forced blood draw is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.

2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.6.3 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

514.7 RECORDS UNIT RESPONSIBILITIES
The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

514.8 ADMINISTRATIVE HEARINGS
The Records Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.
514.9 TRAINING
The Training Manager should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Manager should confer with the prosecuting attorney’s office and update training topics as needed.

514.10 ARREST AND INVESTIGATION

514.10.1 WARRANTLESS ARREST
In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

(a) The person is involved in a traffic accident.
(b) The person is observed in or about a vehicle that is obstructing the roadway.
(c) The person will not be apprehended unless immediately arrested.
(d) The person may cause injury to him/herself or damage property unless immediately arrested.
(e) The person may destroy or conceal evidence of a crime unless immediately arrested.

514.10.2 OFFICER RESPONSIBILITIES
The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

(a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver’s license to the Department of Motor Vehicles (DMV).
(b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
(c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.
Recovery of Expenses for Emergency Responses

515.1 PURPOSE AND SCOPE
To establish a procedure for obtaining reimbursement for costs related to DUI collision responses and other emergency responses related to incidents caused by intentional wrongful acts.

515.2 PROCEDURE
The Manteca Police Department will attempt to recover costs related to the response to an emergency incident caused by:

(a) Any person who is under the influence of an alcoholic beverage or any drug, or the combined influence of an alcoholic beverage and any drug, whose negligent operation of a motor vehicle caused by that influence proximately causes any incident resulting in an appropriate emergency response or,

(b) Any person whose intentionally wrongful conduct proximately causes any incident resulting in an emergency response.

The costs to be recovered include all city costs related to the emergency response, including the Police Department and Fire Department costs.

515.3 RECOVERY FORM
DUI Crashes - In the case of DUI crashes, completion of the Emergency Response Expense Recovery form will be coordinated by a Traffic Officer who has been delegated this responsibility by the Traffic Supervisor. All DUI crashes will be processed for the expense recovery of the emergency response.

Other Emergency Responses - In the case of other emergency responses (i.e. non-DUI crashes), related to intentionally wrongful acts, the Watch Commander in charge of the incident will be responsible for coordinating the completion of the Emergency Response Expense Recovery form if he/she deems that expense recovery is appropriate. The decision to seek recovery of expenses should be based on the severity of the incident, the likelihood of payment, the approximate cost of the emergency response and any other pertinent facts.

Once the Police Department has completed its portion of the form, the coordinating Traffic Officer (or W/C) will forward it to other city departments as necessary (in most cases this will include the fire department), to be returned to the PD when finished.

Once the Emergency Response Expense Recovery form has been completed by all departments, the coordinating Traffic Officer (or W/C) will forward it to the Operations Division Commander who will review the form and forward it to the Finance Department. The Finance Department will compute the costs and bill the individual.
Traffic Citations

516.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES
The Traffic Sergeant shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Unit shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.2.1 CITATION ISSUANCE
All officers who need a traffic citation book will obtain one from the storage room where they are kept. The officer shall then be responsible for notifying the Records Supervisor of the numerical sequence of any citations so obtained. The Records Supervisor will then ensure that the citation sequence is entered into the associated database.

Under no circumstances is an officer to be in possession of a citation book that has not been logged into the database by Records. For this reason, officers should also send an email to the Records Supervisor verifying the fact that he/she provided the information on their citation book as required above.

516.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Traffic Bureau Manager. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Sergeant may request the Operations Division Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Operations Division Commander for review.

516.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve
the voiding of the citation. The citation and copies shall then be forwarded to the Police Chief, via Chain of Command.

516.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the officer issuing the citation shall complete a letter of correction notice. The correction notice shall be attached to the department's copy and then forwarded to the to the court having jurisdiction and to the recipient of the citation.

516.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee’s immediate supervisor for review. The citation copies shall then be filed with the Records Unit.

Upon separation from employment with this department, all employees issued traffic citation books shall return any unused citations to the Records Unit.

516.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE
Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

The Manteca Police Department currently outsources all of its parking citation processing. In the event that parking citations need to be handled in-house, the following procedure applies:

516.7.1 APPEAL STAGES
Appeals may be pursued sequentially at three different levels:

(a) Administrative reviews are conducted by the Administrative Sergeant who will review written/documentary data. Requests for administrative reviews are available at the front desk of the Manteca Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.

(b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. The Traffic Supervisor will review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own. The Traffic Supervisor may use the Manteca Police Department Parking Enforcement Guide as a tool to assist with the administrative hearing process.

(c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to The Superior Court of California.
516.7.2 TIME REQUIREMENTS
Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

(a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).

(b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

(c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

(d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209; Vehicle Code § 40210).

516.7.3 COSTS

(a) There is no cost for an administrative review.

(b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).

(c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

516.8 JUVENILE CITATIONS
Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile’s age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.
Disabled Vehicles

520.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

520.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

520.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person’s consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

520.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.
72-Hour Parking Violations

524.1 PURPOSE AND SCOPE
This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Manteca City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

524.2 MARKING VEHICLES
Vehicles suspected of being in violation of the City of Manteca 72-Hour Parking Ordinance shall be marked and noted on the Manteca Police Department Vehicle Abatement Report. A case number will be assigned to each vehicle marked.

A visible chalk/crayon mark should be placed on one of the vehicle's tire tread at the fender level unless missing tires or other vehicle conditions prevent marking and an orange 72 hour "Warning" decal should be affixed to the windshield or side window. Any deviation in markings shall be noted on the Vehicle Abatement Report. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

All Vehicle Abatement Reports shall be submitted to Dispatch for computer data entry.

If a marked vehicle has been moved but not off-street or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Vehicle Abatement Report completed and forwarded to Dispatch.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

524.2.1 MARKED VEHICLE FILE
The Records Unit shall be responsible for maintaining Vehicle Abatement Reports. Under normal circumstances, the Vehicle Abatement Reports shall be scanned in to the records management system and attached to the associated case number.

524.2.2 VEHICLE STORAGE
Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report shall be completed by the officer authorizing the storage of the vehicle.

The storage report form (CHP-180) shall be submitted to the Records Unit immediately following the storage of the vehicle. It shall be the responsibility of the Records Unit to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)/(Vehicle Code § 22854.5).
72-Hour Parking Violations

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Unit to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).
Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY
It is the policy of the Manteca Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the Miranda warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.3.1 AUDIO/VIDEO RECORDINGS
Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney or the Investigations Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.3.2 MANDATORY RECORDING OF ADULTS
Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.
(b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.4 INITIAL INVESTIGATION

600.4.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
   1. An initial statement from any witnesses or complainants.
   2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:
   1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
   2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
   3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
   4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
Investigation and Prosecution

6. Take any appropriate law enforcement action.
7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.4.2 NON-SWORN MEMBER RESPONSIBILITIES
A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.5 DISCONTINUATION OF INVESTIGATIONS
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
   1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
   2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

(d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.
600.6 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES
Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.6.1 INTERCEPTING ELECTRONIC COMMUNICATION
Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.7 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of an Investigation's Supervisor, a Division Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.
Stand-by and Call-outs

601.1 PURPOSE AND SCOPE
To provide a guideline for Detective call-outs and stand-by procedure.

601.2 INVESTIGATIONS CALL-OUTS
Detectives and/or SCU (hereafter collectively referred to as detectives) should be called out when the felony crime is of a very serious nature, or there are other such mitigating circumstances that require the expertise or immediate attention of the detectives. The decision to contact detectives for a felony call-out lies with the Watch Commander who must consider the following when deciding whether or not to have detectives respond.

(a) Is the incident of such a serious nature that failing to call out Detectives might result in a felony perpetrator not being brought to justice?
(b) Is the crime scene too involved or complicated to handle with Patrol resources?
(c) Is there a necessity for the preparation of a search warrant?
(d) Is immediate follow-up, outside the City of Manteca, vital to the case?

601.2.1 CALL-OUT CONSIDERATIONS
To assist in the decision making process in regard to Detective call-outs, the following is a list of cases which will almost always require the call-out of detectives.

(a) Homicides and suspicious deaths
(b) Assaults or attempted homicides with great bodily injury
(c) Kidnapping or child abduction cases
(d) Child molests or rape cases which have occurred in the past 72 hours.
(e) Arsons of occupied dwellings
(f) Large scale burglaries with significant M.O.
(g) Drug labs

601.2.2 PATROL RESPONSIBILITIES
Prior to calling out Detectives, it is imperative that the initial response by Patrol consist of a complete and thorough preliminary investigation. Patrol officers assigned to the initial response need to identify all potential witnesses and completely secure the scene pending the arrival of the detectives. Preliminary statements should be obtained from all percipient witnesses so that the detectives can prioritize their response to best accomplish the objectives at hand. Any and all opportunities to identify and/or locate a suspect should be exploited as soon as possible.
Stand-by and Call-outs

601.3 CALL-OUT PROCEDURE
When the Watch Commander has determined that a detective call-out is necessary, the On-call Detective should be contacted for the response. The contact should be handled by the Watch Commander or his/her designee (normally the dispatcher) and shall minimally include a phone call to the detective's residence (with a message left on the answering machine), and if necessary a call to his/her cell phone.

If the On-call Detective can not be located then the remaining detectives will be called until a replacement is located. The Detective Sergeant will be advised any time the assigned On-call Detective cannot be contacted.

The Detective Sergeant shall respond to all homicides, kidnappings or non-parental child abductions.

Nothing in this policy guarantees the On-call Detective exclusive rights to call-outs. Watch Commanders and managers shall have the discretion to call out other members as circumstances dictate.

601.4 STAND-BY PROCEDURES
Detectives will be assigned to standby status for a period of one week, beginning at 0730 hours on Tuesday morning and concluding the following Tuesday morning at 0730 hours.

The Detective Sergeant will be in charge of scheduling the standby time.

Detectives assigned to standby duties must carry their cell phones and shall respond to telephone calls, voicemail messages, etc., within ten minutes.

Detectives assigned to standby duties must remain within such proximity to the City of Manteca so as to be able to arrive on the scene of a call-out in the Manteca city limits within one hour of notification.

Detectives assigned to standby duties will drive a city vehicle home while so assigned, subject to the provisions of the take-home vehicle policy. The mileage restriction for the assignment of take home vehicles does not apply to the On-call Detective.

Detectives assigned to standby may not consume alcoholic beverages and must otherwise maintain their fitness for duty at all times so assigned.

601.5 AUTHORITY
Detectives are in charge of all investigative functions at crime scenes immediately upon arrival at the scene unless there is an ongoing tactical operation.

All requests for patrol assistance will be cleared through the Watch Commander.
Sexual Assault Investigations

602.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.1.1 DEFINITIONS
Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY
It is the policy of the Manteca Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.

(b) Conduct follow-up interviews and investigation.

(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.

(e) Provide referrals to therapy services, victim advocates and support for the victim.

(f) Participate in or coordinate with SART.
Sexual Assault Investigations

602.4 REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.5 RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigations Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.6 TRAINING
Subject to available resources, periodic training will be provided to:

(a) Members who are first responders. Training should include:
   1. Initial response to sexual assaults.
   2. Legal issues.
   3. Victim advocacy.
   4. Victim’s response to trauma.

(b) Qualified investigators who should receive advanced training on additional topics. Advanced training should include:
   1. Interviewing sexual assault victims.
   2. SART.
   3. Medical and legal aspects of sexual assault investigations.
   4. Serial crimes investigations.
   5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
   6. Techniques for communicating with victims to minimize trauma.

602.7 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change
Sexual Assault Investigations

of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.7.1 VICTIM RIGHTS
Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

(a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).

(b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).

1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).

2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

602.7.2 VICTIM CONFIDENTIALITY
Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim’s parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim’s parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.
Sexual Assault Investigations

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.8.1 COLLECTION AND TESTING REQUIREMENTS
Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). Generally, rape kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the sexual assault kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680(d)).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.8.2 DNA TEST RESULTS
A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.
Sexual Assault Investigations

(a) Upon receipt of a written request from a sexual assault victim or the victim’s authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim’s authorized designee regarding the status of any DNA testing.

(b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):

1. To be informed if a DNA profile of the assailant was obtained from the testing of the rape kit or other crime scene evidence from their case.

2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.

3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.

(c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned officer informed with regard to current address, telephone number and email address (if available), any victim or the victim’s authorized designee shall, upon request, be advised of any known significant changes regarding the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.9 DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigations Unit supervisor.

Classification of a sexual assault case as unfounded requires the Investigations Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.
602.10  CASE REVIEW
The Investigations Unit supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.
Investigations Case Assignments

603.1 PURPOSE AND SCOPE
To establish guidelines for the assignment of cases to the Investigations Unit.

603.2 INVESTIGATIVE ASSIGNMENTS
The following will be the general guidelines for the Investigations Supervisors to use when issuing case assignments to the detectives. The Investigations Supervisor may assign other cases, or not assign cases, as he/she deems appropriate.

the case may be sent to the Detective Division, at the discretion of the Watch Commander, for additional out-of-area investigation.
Asset Forfeiture

606.1 PURPOSE AND SCOPE
This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

606.2 POLICY
The Manteca Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person’s due process rights.

It is the policy of the Manteca Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

606.3 ASSET SEIZURE
Before seizing any currency, vehicle or personal property pursuant to Health & Safety Code § 11470, a patrol officer should contact a Street Crimes Unit (SCU) detective. The following guidelines will be observed:

(a) The seizing officer or the detective will serve all persons with Notice of Seizure and Intended Forfeiture forms which includes a San Joaquin County Claim form Opposing Forfeiture, and a forfeiture receipt. Disclaimers (English/Spanish) will be completed on all persons disclaiming ownership of currency, vehicle or property seized.

(b) When someone has made notification other than the Asset Forfeiture detective, a copy of all reports and all applicable asset forfeiture paperwork must be forwarded to the Asset Forfeiture detective in the Street Crimes Unit, for review.

(c) Interview all persons involved concerning their possession of the seized assets, financial situation, employment, income and other resources. The interviewing officer shall ensure that Miranda warnings are given and waivers obtained before interviewing any person who is in custody.

(d) Attempt to promptly determine all lien holders or all persons who may have a legal interest in the seized currency, vehicle or property for further contact, investigation and notification.

(e) The seizure of assets subject to forfeiture is a civil proceeding filed through the County of San Joaquin, Office of the District Attorney Forfeiture Unit or Narcotic Enforcement Team.
Asset Forfeiture

606.3.1 PROPERTY SUBJECT TO SEIZURE
Property seized subject to forfeiture will be inventoried and booked into Property. The officer booking the property will check the Automated Property System to determine if the property has been stolen.

The property will be booked as evidence, with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture counsel’s current minimum forfeiture thresholds should not be seized.

(b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).

(c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect’s immediate family (Health and Safety Code § 11470).

(d) Vehicles, boats or airplanes owned by an “innocent owner,” such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).

(e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

606.3.3 SEIZED VEHICLES
Vehicles seized subject to forfeiture will be taken to a designated secure storage facility. A seized vehicle should not be impounded. The officer seizing the vehicle shall notify the detective supervisor of the seizure of the vehicle and circumstances of the seizure as soon as possible.

If the vehicle cannot be driven, a tow truck will be used to tow the vehicle to the storage facility.

Personal property located in a seized vehicle shall be removed and booked into Property as either evidence or for safekeeping.

606.4 MAINTAINING SEIZED PROPERTY
The Property and Evidence Unit Supervisor is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

(b) All property received for forfeiture is checked to determine if the property has been stolen.
Asset Forfeiture

(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.

(d) Property received for forfeiture is not used unless the forfeiture action has been completed.

606.5 DISPOSITION OF FORFEITED PROPERTY
Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer’s employment or salary depend upon the level of seizures or forfeitures he/she achieves (Health and Safety Code § 11469).

The Department may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

606.5.1 RECEIVING EQUITABLE SHARES
When participating in a joint investigation with a federal agency, the Manteca Police Department shall not receive an equitable share from the federal agency of all or a portion of the forfeiture proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of $40,000 or more.

606.6 CLAIM INVESTIGATIONS
An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If investigation reveals that any person, other than the registered owner, is the legal owner, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at his/her address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).
Informants

608.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Manteca Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Manteca Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 POLICY
The Manteca Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

608.3 USE OF INFORMANTS

608.3.1 INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.2 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians
(b) The juvenile’s attorney, if any
(c) The court in which the juvenile’s case is being handled, if applicable (Penal Code § 701.5)
(d) The Chief of Police or the authorized designee
Informants

608.3.3 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Street Crimes Unit supervisor or their authorized designees.
   1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.

(b) Criminal activity by informants shall not be condoned.

(c) Informants shall be told they are not acting as police officers, employees or agents of the Manteca Police Department, and that they shall not represent themselves as such.

(d) The relationship between department members and informants shall always be ethical and professional.
   1. Members shall not become intimately involved with an informant.
   2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Street Crimes Unit supervisor.
   3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.

(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Street Crimes Unit supervisor.
   1. Officers may meet informants alone in an occupied public place, such as a restaurant.

(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.

(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.4.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member.
Informants

The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.
(b) The informant behaves in a way that may endanger the safety of an officer.
(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
(g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.5 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Street Crimes Unit. The Street Crimes Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Street Crimes Unit supervisor or their authorized designees.

The Investigations Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Street Crimes Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

608.5.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:
Informants

(a) Name and aliases
(b) Date of birth
(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and his/her subsequent reliability
   1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
(j) Name of the officer initiating use of the informant
(k) Signed informant agreement
(l) Update on active or inactive status of informant

608.6 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The SCU supervisor will discuss the above factors with the Operations Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

608.6.1 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from the SCU buy fund.
   1. The SCU supervisor shall sign the voucher for cash payouts from the buy fund.
(b) Single payments exceeding $500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
   1. The check shall list the case numbers related to and supporting the payment.
Informants

2. A written statement of the informant's involvement in the case shall be placed in the informant's file.

3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.

4. This process adds a level of accountability for large payments because the Chief of Police reviews and signs all requests for checks.

(c) Multiple payments to one informant on different cases, where the aggregate amount exceeds $500, require approval from the Services Division Commander.

(d) All money used to pay confidential informants, or money used to purchase narcotics or other items as part of an investigation, shall be properly documented on a Manteca Police Department Disbursement Receipt Sheet. This form is to be completed on the date the money is received and then maintained by the SCU Supervisor in a secure file.

(e) The Disbursement Receipt form shall contain enough information in which an audit of the fund can be easily accomplished. There are (4) four sections to explain where the money is to be disbursed and to whom the money is disbursed to. The areas include the specific case number or CRI/CI# in which the disbursement is linked to and other information needed to audit the account. If money is used for a control buy and also to pay a CRI/CI, more than one section may be needed to properly document the disbursement. If there is no case number or CRI/CI# then there must be enough information for auditing purposes. The unit Supervisor is to ensure there is adequate information indicated when signing the Disbursement Receipt Sheet.

(f) Each Disbursement Receipt form shall be signed by the CRI/CI, disbursing detective, witness officer and the unit supervisor. It will be the ultimate responsibility of the unit supervisor to ensure that the information contained on the Disbursement Receipt form is accurate and complete.

608.6.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

608.6.3 AUDIT OF PAYMENTS
The Street Crimes Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.
Informants

At least once every year, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.
Eyewitness Identification

610.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS
Definitions related to the policy include:

Eye witness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY
The Manteca Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Administrative Sergeant shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

(a) The date, time and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.
Eyewitness Identification

(c) The name of the person administering the identification procedure.

(d) If applicable, the names of all of the individuals present during the identification procedure.

(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.

(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.

(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.

(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.

(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

• The individual was apprehended near the crime scene.
• The evidence points to the individual as the suspect.
• Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.
Eyewitness Identification

610.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS
Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness may do so either sequentially or by use of a standard 6-pack lineup folder or equivalent. The witness should be allowed to view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.8 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:
   1. The length of time the witness observed the suspect.
   2. The distance between the witness and the suspect.
   3. Whether the witness could view the suspect’s face.
   4. The quality of the lighting when the suspect was observed by the witness.
   5. Whether there were distracting noises or activity during the observation.
   6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
   7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.
Eyewitness Identification

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
Brady Material Disclosure

612.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady information") to a prosecuting attorney.

612.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the Manteca Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY
The Manteca Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Manteca Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
Brady Material Disclosure

612.4 DISCLOSURE OF PERSONNEL INFORMATION
Whenever it is determined that Brady information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a Pitchess motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the Assistant District Attorney of the Office of the San Joaquin County District Attorney shall be notified of the potential presence of Brady information in the officer's personnel file.

(b) The Assistant D.A. should then determine whether to file a Pitchess motion in order to initiate an in camera review by the court.

(c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records (under normal circumstances this is the Services Division Commander) shall accompany all relevant files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(e) If the court determines that there is relevant Brady information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

(f) The San Joaquin County District Attorney's Office has published an extensive policy on Brady related issues. That document may be accessed on the Utopia server at P:\sergeant\Countywide Protocols

612.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING
Department members should receive periodic training on the requirements of this policy.
Unmanned Aerial System (UAS) Operations

613.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

613.1.1 DEFINITIONS
Definitions related to this policy include:

**Unmanned Aerial System (UAS)** - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

613.2 POLICY
Unmanned aerial systems may be utilized to enhance the department’s mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

No UAS, including a personally owned UAS, may be placed into service without the written authorization of the Chief of Police or his/her designee.

613.3 PRIVACY
The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

613.4 PROGRAM COORDINATOR
The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.
- Developing uniform protocol for submission and evaluation of requests to deploy a UAS.
Developing protocol for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.

Developing an operational protocol governing the deployment and operation of a UAS including, but not limited to, safety oversight, use of visual observers, establishment of lost link procedures and secure communication with air traffic control facilities.

Developing a protocol for fully documenting all missions.

Developing a UAS inspection, maintenance and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.

Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

Facilitating law enforcement access to images and data captured by the UAS.

Recommending program enhancements, particularly regarding safety and information security. Implementing a system for public notification of UAS deployment.

Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.

**613.5 USE OF UAS**

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

**613.6 PROHIBITED USE**

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.
- To harass, intimidate or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized.
613.7 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule.
Warrant Service

614.1 PURPOSE AND SCOPE
This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Crisis Response Units Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

614.2 POLICY
It is the policy of the Manteca Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

614.3 SEARCH WARRANTS
Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor for review and classification of risk (see the Crisis Response Units Policy).

614.4 ARREST WARRANTS
If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor for review and classification of risk (see the Crisis Response Units Policy).

If the warrant is classified as high risk, service will be coordinated by the Tactical Commander. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

614.5 WARRANT PREPARATION
An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

(a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
Warrant Service

(b) A clear explanation of the affiant’s training, experience and relevant education.
(c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
(d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
(e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
(f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
(g) A sufficient description of the items to be seized.
(h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

614.6 HIGH-RISK WARRANT SERVICE
The Tactical Commander or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The supervisor responsible for overseeing the service of the warrant should complete an Operational Plan (refer to the Operational Plan Policy) and should consider the following:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
(b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.
(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
Warrant Service

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.

614.7 DETENTIONS DURING WARRANT SERVICE
Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

614.8 ACTIONS AFTER WARRANT SERVICE
The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

614.9 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS
The operation supervisor will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the Watch Commander. The Watch Commander should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The Watch Commander should ensure that members of the Manteca Police Department are utilized appropriately. Any concerns regarding the requested
Warrant Service

use of Manteca Police Department members should be brought to the attention of the Division Commander or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If officers intend to serve a warrant outside Manteca Police Department jurisdiction, the operation supervisor should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Manteca Police Department when assisting outside agencies or serving a warrant outside Manteca Police Department jurisdiction.

614.10 MEDIA ACCESS
No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

614.11 TRAINING
The Training Manager should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.
Chapter 7 - Equipment
Department Owned and Personal Property

700.1 PURPOSE AND SCOPE
Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY
Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee’s intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

(a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.

(b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

(c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.

(e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.2.1 TRAFFIC COLLISIONS AND FOLLOW-UP
When a City-owned or leased vehicle is involved in a traffic collision, the involved employee or volunteer shall promptly notify a supervisor.

• A traffic collision report shall be filed with the agency having jurisdiction, except that a Watch Commander may waive a collision report by substitution of a memorandum for minor collisions where there were no injuries, no damage to private property and the city vehicle itself suffers only minor damage.

• When a collision involves a department vehicle that occurs in this jurisdiction, and the collision results in serious injury or death, the department's Major Accident Investigation Team (MAIT) should be summoned to handle the investigation.
Department Owned and Personal Property

- All on-duty fatal traffic collisions, other than employee involved solo vehicle collisions, will require invocation of the San Joaquin County Critical Incident Protocol in which MAIT may assist.

Any damage to a vehicle or equipment that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the shift supervisor.

The supervisor investigating any damage shall prepare a City of Manteca Supervisor's Report of Accident and forward same or copy thereof to the Chief of Police via chain of command.

The report shall also be forwarded to the department's Pursuit Committee to be reviewed on a quarterly basis. The Pursuit Committee shall review the reports for any training issues that need to be addressed and will not address or consider any disciplinary issues. For minor damage reported by a supervisor subsequent to this policy, a Division Commander or the Chief of Police may opt to waive the requirement for review by the Pursuit Committee.

700.2.2 INVENTORY FORM
All property and equipment that is issued to an employee for an extended period of time, other than daily supplies issued or distributed by a Watch Commander on a routine or regular basis, shall be indexed and cataloged on the Annual Equipment Inventory and Control Sheet. This form is an individual permanent record and will be maintained in file by the Police Chief's Administrative Assistant. The Police Chief may require regular updates or reviews of the employees' Annual Equipment Inventory and Control Sheet as needed.

700.3 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage or loss of personal property must be submitted by memorandum. This memo is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall supplement the memo (via notations or a separate memo) and then forward those materials to the appropriate Division Commander. The supervisor shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance Department and/or Administrative Services as necessary.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT
A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.
Department Owned and Personal Property

A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER
Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, regardless of jurisdiction, shall report it as provided below.

(a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

(b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

(c) Whenever possible, the employee will cause photographs to be taken of the damage and made available to the supervisor and management.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY
If employees of another jurisdiction cause damage to real or personal property belonging to the City, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a written report, and photos if possible, before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Division Commander.

700.5 LOCKERS, DESKS AND WORK AREAS
Lockers, desks and work areas assigned to employees are for the storage and maintenance of equipment and supplies needed for the performance of their assigned duties. These lockers and desks are the property of the City of Manteca. It is the responsibility of the employee to properly care and maintain the City property that they have been assigned.

Lockers:

Personal Communication Devices

702.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.1.1 PRIVACY POLICY
Any employee utilizing any computer, internet service, phone service or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communication utilizing such service might otherwise have, including as to the content of any such communication. The Department also expressly reserves the right to access and audit any and all communications (including content) sent, received and/or stored using such service.

702.2 POLICY
The Manteca Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member’s PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.2.1 INDIVIDUALLY OWNED PCD
Employees may carry their own PCD while on duty subject to the following conditions:

(a) Carrying an individually-owned personal communication device is optional.

(b) The device shall be purchased, used and maintained at the employee’s expense.
Personal Communication Devices

(c) Those individuals who receive a stipend for the purchase or costs associated with their own PCD shall abide by whatever arrangements are made with the City in order to receive said stipend.

702.2.2 USE OF PERSONAL COMMUNICATION DEVICES
PCDs, whether provided by the Department or personally-owned, should only be used by on-duty employees for legitimate department business except as provided for below. Employees may use a PCD to communicate with other personnel in those situations where the use of the radio is either impractical or not feasible. PCDs however, should not be used to replace regular radio communications.

(a) PCDs shall not be carried in a manner that allows them to be generally visible while in uniform.

(b) PCD’s may not be used to conduct personal business while on duty except when brief personal communications may be warranted by the circumstances (e.g., inform family of extended hours). While employee’s may use personally owned PCDs for personal business during authorized breaks, such usage should be limited as much as practical to areas where the communication will not be seen or heard by members of the public.

(c) Extended or frequent use of department-issued PCDs or personally owned PCDs while on duty for personal use is prohibited and may be subject to discipline. Employees may be responsible for reimbursing the Department for any charges incurred as a result of personal use.

702.2.3 USE WHILE DRIVING
The use of a PCD while driving can cause unnecessary distractions and presents a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices while driving to matters of an urgent nature and should, where practical, stop the vehicle at an appropriate location to complete their call.

Except in the case of an emergency employees who are operating non-emergency vehicles shall not use cellular phones or other personal communication devices while driving unless the telephone is specifically designed and configured to allow hands-free listening and talking (Vehicle Code 23123 (a)). Such use should be restricted to business related calls or calls of an urgent nature.

702.2.4 OFFICIAL USE
The use of personal communication devices may be appropriate in the following situations:

(a) Barricaded suspects.

(b) Hostage situations

(c) Mobile Command Post.

(d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
Personal Communication Devices

(g) Emergency contact with outside agency or outside agency field unit equipped with PCDs.
(h) When immediate communication is needed and the use of the radio is not appropriate and other means are not readily available.
Vehicle Maintenance

704.1 PURPOSE AND SCOPE

704.2 DEFECTIVE VEHICLES
When a department vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

704.2.1 DAMAGE OR POOR PERFORMANCE
Vehicles that may have been damaged, or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

704.2.2 SEVERE USE
Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer’s parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

704.2.3 REMOVAL OF WEAPONS
All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

- 1 Blood-borne pathogen kit, Incl. protective gloves
- 1 Sharps container
- 1 Hazardous waste disposal bag
- 1 Traffic Safety Vest
- 1 Hazardous Materials Emergency Response Handbook
- 1 Evidence collection kit
- 1 Camera

704.4 VEHICLE REFUELING
Absent emergency conditions or supervisor approval, officers driving patrol vehicles shall not place a vehicle in service that has less than one-quarter tank of fuel. Vehicles shall only be refueled at the authorized location unless circumstances dictate otherwise, such as during out-of-town assignments or when the authorized location is out of service.

704.5 WASHING OF VEHICLES
All units shall be kept clean at all times and weather conditions permitting, shall be washed as necessary to enhance their appearance.

Officers in patrol shall obtain clearance from the dispatcher before responding to the car wash. Only one marked unit should be at the car wash at the same time unless otherwise approved by a supervisor.
Vehicle Maintenance

704.6 NON-SWORN EMPLOYEE USE
Non-sworn employees using marked vehicles shall ensure all weapons are removed from vehicles before going into service. Non-sworn employees shall also prominently display the “out of service” placards or lightbar covers at all times. Non-sworn employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.
Vehicle Use

706.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Manteca to provide assigned take-home vehicles.

706.2 POLICY
The Manteca Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

706.2.1 SHIFT ASSIGNED VEHICLES
Personnel assigned to routine scheduled field duties will normally be assigned a vehicle during the shift briefing. The Watch Commander shall ensure that the Communications Center is advised of the shift roster, including the vehicles associated with each shift member. The Communications Center will then log on the shift member and their related vehicle.

Employees shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shift. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate. The inspection shall minimally include:

- Visual check of the tires to make sure there is sufficient tread on the tires, not less than 1/32” of tread.
- Check of the exterior of the vehicle for any damage that may not have been seen before.
- Check of the interior and exterior lights for proper operation.
- Check of the interior of the vehicle for any contraband that might have been left in the vehicle.
- Check of the trunk to make sure all safety and security equipment are located:
  - Fire extinguisher.
  - Trauma kit.
  - Crime scene tape - one roll.
  - Flares - not less than one-half box.
  - Protective Gloves
Vehicle Use

Absent emergency conditions or supervisor approval, officers driving patrol vehicles shall not place a vehicle in service that has less than one-half tank of fuel. Vehicles shall only be refueled at the authorized location. Vehicles should not be left at the end of the shift with less than 3/4 of a tank of fuel. During fueling, the engine oil shall also be checked and oil added as necessary.

706.2.2 UNSCHEDULED USE OF VEHICLES
Personnel utilizing a vehicle for any purpose other than their normally assigned duties shall first notify the Watch Commander of the reasons for use and a notation will be made on the shift roster indicating the operator's name and vehicle number. This section does not apply to personnel permanently assigned an individual vehicle (e.g., command staff, detectives), or to personnel assigned specific duties such as car washing or transportation to and from the maintenance yard.

706.2.3 UNDERCOVER VEHICLES
Unmarked units, if not assigned to an individual employee, shall not be used without first obtaining approval from the associated unit supervisor, or in his/her absence, another supervisor.

706.2.4 DETECTIVE VEHICLES
Vehicles assigned to the investigative units will be assigned to individual detectives. Use of those vehicles will normally be restricted to the detectives' working hours, except in the case of the on-call detective who is authorized a take-home vehicle. The Detective Supervisors may authorize additional uses of the investigative vehicles as may be appropriate.

Any after hours use of Services Division vehicles by personnel not assigned to the Services Division shall be recorded with the Watch Commander on his/her shift log.

706.2.5 AUTHORIZED PASSENGERS / NON SWORN EMPLOYEE USE
Personnel operating department owned vehicles shall not permit persons other than City employees, or persons required to be conveyed in the performance of duty or as otherwise authorized, to ride as a passenger in their vehicle.

Non-sworn employees using marked vehicles shall ensure all weapons are removed from vehicles before going into service. Non-sworn employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor. Appropriate "OUT OF SERVICE" magnetic signs shall be placed on the right and left side of the vehicle whenever possible.

706.2.6 PARKING
City owned vehicles should be parked in their assigned stalls. Employees shall not park privately owned vehicles in any stall assigned to a City owned vehicle or in other areas of the parking lots not designated as a parking space unless authorized by a supervisor.

An exception exists for employees working after normal business hours. These employees are allowed to park in the back lot's covered parking when the assigned personnel for those spots have gone home for the day.

Privately owned motorcycles shall be parked in designated areas, to include the covered area outside of the booking room adjacent to the Administrative parking.
706.2.7 INSPECTIONS
The interior of any vehicle that has been used to transport any person other than an employee should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized items have not been left in the vehicle.

706.3 SECURITY AND MAINTENANCE
Employees who take home a City-owned vehicle shall meet the following criteria:

- Off-street parking shall be available at the employee’s residence and shall be utilized for parking the City-owned vehicle
- City-owned vehicles shall be locked when unattended
- The following items shall be removed from the interior of the vehicle and safely stored in the residence when the vehicle is unattended:
  - Firearms
  - Kinetic impact equipment
  - Conducted Energy Devices (CED's/Tasers)
  - Badges and identification cards
  - Departmental keys and fobs

When an employee is on vacation, leave or out of the area for one week or more, the vehicle shall be stored at the police facility unless otherwise authorized. The keys should be made available to the Administrative Sergeant in case there is a need to use the vehicle during that time.

706.3.1 KEYS
All uniformed field personnel approved to operate marked patrol vehicles shall be issued their own personal unit key as part of their initial equipment distribution upon hiring. Personnel assigned a permanent vehicle shall be issued keys for their respective vehicle. The loss of any assigned key shall be promptly reported in writing through the employee's chain of command.

706.3.2 ENFORCEMENT ACTIONS
When driving a take-home vehicle to and from work outside of the jurisdiction of the Manteca Police Department or while off-duty, an officer shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

706.3.3 MAINTENANCE
Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the
Vehicle Use

Department and the wash racks at the corp yard are always available for use. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

(a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
(b) It is the member’s responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
(c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.

(e) When leaving the vehicle at the maintenance facility, the member will ensure that the needed maintenance or repairs have been included in an email to pdveh@ci.manteca.ca.us
(f) All weapons shall be removed from any vehicle left for maintenance.
(g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

706.4 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

When a collision involves a department vehicle or when a member of this department is an involved driver in a collision that results in serious injury or death, the California Highway Patrol should be summoned to handle the investigation and/or the San Joaquin County Critical Incident Protocol should be invoked if applicable.

The employee involved in the collision shall complete the City’s vehicle collision reporting requirements. If the employee is incapable, the supervisor shall complete the requirements.

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Watch Commander. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

706.5 EQUIPMENT

706.5.1 ACCESSORIES AND MODIFICATIONS
No modifications, additions or deletions of any equipment or accessories shall be made to the vehicle without written permission from the fleet manager, Division Commander or Chief of Police.

Medical supplies and personal protective equipment are kept in each marked police vehicle, in the orange medical kit. The medical kit is kept secure with a zip tie affixed by the Property Officer. This ensures that the equipment is stocked and available when needed.

If any employee opens the medical kit for any reason, or finds a kit unsecure when doing a vehicle inspection, that employee shall turn the kit in to the Property Officer for restocking and resecuring, as soon as practical.

Chapter 8 - Support Services
The Communications Center

801.1 PURPOSE AND SCOPE
This policy establishes guidelines for the basic functions of the Communications Center. It addresses the immediate information needs of the Department in the course of its normal daily activities and during emergencies.

801.2 POLICY
It is the policy of the Manteca Police Department to provide 24-hour telephone service to the public for information and for routine or emergency assistance. The Department provides two-way radio capability providing continuous communication between the Communications Center and department members in the field.

801.3 THE COMMUNICATIONS CENTER SECURITY
The communications function is vital and central to all emergency service operations. The safety and security of the Communications Center, its members and its equipment must be a high priority. Special security procedures should be established in a separate operations manual for the Communications Center.

Access to the Communications Center shall be limited to the Communications Center members, the Watch Commander, command staff and department members with a specific business-related purpose.

801.4 COMMUNICATIONS PROCEDURES

801.4.1 DISPATCH PERSONNEL
In recognizing the specialized services provided by Public Safety Dispatchers, it is incumbent upon all personnel performing the duties of that position that they be readily available at all times when on duty. This will be accomplished as follows.

(a) When working with a staff of three (3) fully qualified dispatchers, one dispatcher may, with the permission of the Watch Commander, leave the premises during their meal break but shall not be absent for more than thirty (30) minutes. There are also two breaks of 15 minutes duration authorized for each dispatcher. These breaks are contingent upon conditions in dispatch.

(b) When working with a staff of only two dispatchers, both dispatchers shall remain on the premises and are subject to being called back to the Communications Center, unless it is during a time frame CTO would normally be approved and permission to leave has been granted by the Watch Commander.

(c) Exceptions - being called away for a family emergency, a dispatcher may leave with the approval of the Watch Commander or Supervising Dispatcher. In all such cases the Watch Commander shall be notified.
The Communications Center

(d) Premises Defined - the premises shall be defined as the Manteca Police Department buildings and surrounding property of sidewalks and grass areas belonging to and/or attached to the Manteca Police Department. Parking lot may include the parking area on Cherry Lane along the west side of the street.

(e) While on their breaks, the dispatcher is not to interrupt other personnel working in the department.

(f) The dispatcher shall remain in the Communications Center unless on an authorized break, or on other duties requiring the dispatcher to be absent from the Communications Center.

(g) If a dispatcher leaves the Communications Center for any length of time they shall have a means of monitoring the radio traffic in Communications. If they do not have a wireless headset that is capable of continuous monitoring wherever the dispatcher is, they shall carry a portable radio.

(h) In the event of a spontaneous tactical situation occurring while the dispatcher is out of the Communications Center, they shall immediately return to the Center and resume their duties. After the situation has been handled the dispatcher may resume their break or previous activity, if they choose.

801.4.2 EMPLOYEE COOPERATION

It is the commitment of the Manteca Police Department Communications Unit to maintain a workplace which is free from hostility and which promotes harmony and cooperation between co-workers.

Employees shall treat their co-workers and public with courtesy and respect. They should conduct themselves in a professional manner at all times. Employees should always act with due concern for the feelings and sensitivities of others.

All employees are expected to work together in a cooperative effort toward the goals of the unit regardless of personal differences or feelings.

801.4.3 ONLINE REPORTING

When communications personnel receive a call from a citizen wishing to report an incident, the communications dispatcher will determine if the call falls within the scope of an on-line report. If so, communications personnel shall determine if the caller has internet access.

- If the caller does have internet access the dispatcher will inform the caller that the call qualifies as an on-line report, which allows them to file the report immediately, as well as print a copy of the report for free. The dispatcher may offer to advise the caller of the Manteca Police Department website address, which will guide them through filing a report.

- If the caller does not have internet access, or refuses to utilize the internet, the dispatcher will prioritize the call and send a CSO or Officer to take a report. The dispatcher will also make a notation in the CAD detail as to why the internet report option was not utilized.
Unless specified below, online reporting may be used for reports of graffiti, lost property, vehicle burglaries, theft, harassing phone calls, hit-and-run traffic collisions, vandalism, identity theft and vehicle tampering.

Online reporting should not be used to report incidents involving the following:

- lost or stolen vehicles and/or plates where a signature is required
- situations involving hazardous materials
- crimes where valid suspect information is available
- other unusual circumstances.

801.4.4 9-1-1 TRANSFER PROCEDURES

In the event of an evacuation of the police facility, equipment failure or other serious problem, it may become necessary to transfer the incoming 9-1-1 calls to the San Joaquin County Communications Center. The following steps shall be followed:

(a) The senior dispatcher on duty will ensure that the Watch Commander is notified of the need to transfer the 9-1-1 calls

(b) Upon approval from the Watch Commander, Dispatch will notify the San Joaquin County Communications Center and request that they activate their switch

(c) At least 2 dispatchers will respond to the San Joaquin County Communications Center

(d) The responding dispatchers will take with them two portable radios, extra batteries and battery chargers

(e) If possible, they will also note the next available case number so that case numbers can continue to be issued sequentially.

(f) The responding dispatchers will answer telephone and radio traffic directed at our agency until the situation locally has stabilized at which time they will return to the Manteca Police Department and the switch will be deactivated.

801.4.5 BOOKING ROOM, VIDEO SURVEILLANCE, TAPEING AND RETENTION OF VIDEO TAPES

There are numerous video cameras located in the Police Department and specifically in the booking room. These cameras are monitored in the Communications Center on a continual 24-hour basis. The recorded digital video files must be retained for a minimum of 1 year. To accomplish this, there are three digital video recorders (DVRs) located in the Communications Center that are connected to the cameras. No changes shall be made in the settings of the DVRs without approval from the Services Division Commander or higher. The digital video recorders are labeled as DVR #1, DVR #2 and DVR #3. Each DVR has a 2 terabyte (2 TB) internal hard drive and an eSATA 2 TB external hard drive.
Once the DVR reaches maximum capacity, the information will re-write over the oldest data information. These external hard drives will not be booked into evidence except in extreme cases. If an external hard drive is placed into evidence the logbook in dispatch will be filled in providing accurate information.

801.4.6 NIXLE MESSAGES
Dispatchers should broadcast a NIXLE message in all cases where the interests of the public and/or the department would be served by mass notification. These circumstances may include, but not be limited to, B.O.L.’s for missing persons at risk, evacuations, road closures, HAZMAT situations and any other circumstances related to community hazards.

801.4.7 RADIO EQUIPMENT - PORTABLE RADIOS, MOBILES AND DISPATCH CENTER
All personnel, when using any departmental communications device capable of encryption, (e.g. portable radios, mobile radios or dispatch consoles), shall ensure that the device has the encryption mode enabled at all times. This applies to all divisions within the police department. Exceptions to this policy include:

(a) SHARPS or Explorers operating on Channel 2
(b) Specific events not critical to officer safety (e.g. parades, special events, certain department training)
(c) Mutual aid requests or outside agency requests where the Watch Commander has been notified and approved such request.
(d) Personnel assigned to a task force or interagency operation where communications interoperability is necessary.
(e) Any need to communicate with other public safety individuals or agencies who have access to our radio channels.
(f) Any situation where encryption would jeopardize the safety of the public or departmental personnel.
(g) Anytime with the approval of a Watch Commander or higher.

801.5 ELDER I.D. PROGRAM
The Elder I.D. Program is a joint effort among the Alzheimer's Society and the police department. The program creates a resource for identifying people with Alzheimer's Disease, or other forms of dementia.

In the case of Alzheimer patients, the Alzheimer's Society will obtain a photograph and vital information on each dementia patient. They will then complete the Alzheimer's Society patient information sheet and provide it, along with a photo of the patient, to the police department.

In the case of dementia patients falling outside the purview of the Alzheimer’s Society, a Manteca Police Elder I.D. form will be completed by the reporting party. A photograph of the patient will also be obtained.
The photograph and information of the Alzheimer's/dementia patients will be placed alphabetically in a folder located in the Communications Center.

Should an employee locate a person who appears lost, ill or confused and that person cannot identify themselves or where they are from, contact should be made with a dispatcher for a check of the folder. If the patient's name is not known, identification should be attempted by searching the photographs on file.

The Dispatch Coordinator will be responsible for management of the Elder I.D. program. They will ensure that the folder is kept in a readily available location and that it is checked for updates on a regular basis.

801.6 RESPONSIBILITIES

801.6.1 COMMUNICATIONS COORDINATOR
The Chief of Police shall appoint and delegate certain responsibilities to a Communications Coordinator. The Communications Coordinator is directly responsible to the Services Division Commander or the authorized designee.

The responsibilities of the include, but are not limited to:

(a) Overseeing the efficient and effective operation of the Communications Center in coordination with other supervisors.

(f) Maintaining the Communications Center database systems.

(g) Maintaining and updating the Communications Center procedures manual.

1. Procedures for specific types of crime reports may be necessary. For example, specific questions and instructions may be necessary when talking with a victim of a sexual assault to ensure that his/her health and safety needs are met, as well as steps that he/she may take to preserve evidence.

2. Ensuring dispatcher compliance with established policies and procedures.

(h) Handling internal and external inquiries regarding services provided and accepting personnel complaints in accordance with the Personnel Complaints Policy.

(i) Maintaining a current contact list of City personnel to be notified in the event of a utility service emergency.
801.6.2 ADDITIONAL PROCEDURES

The Communications Coordinator should establish procedures for:

(a) Recording all telephone and radio communications and playback issues.
(b) Storage and retention of recordings.
(c) Security of audio recordings (e.g., passwords, limited access, authorized reviewers, preservation of recordings past normal retention standards).
(d) Availability of current information for dispatchers (e.g., Watch Commander contact, rosters, member tracking methods, member contact, maps, emergency providers, tactical dispatch plans).

(h) Handling misdirected, silent and hang-up calls.
(i) Radio interoperability issues.

801.6.3 DISPATCHERS

Dispatchers report to the Communications Coordinator. The responsibilities of the dispatcher include, but are not limited to:

(a) Receiving and handling all incoming and transmitted communications, including:
   1. Emergency 9-1-1 lines.
   2. Business telephone lines.
   3. Telecommunications Device for the Deaf (TDD)/Text Telephone (TTY) equipment.
   4. Radio communications with department members in the field and support resources (e.g., fire department, emergency medical services (EMS), allied agency law enforcement units).
   5. Other electronic sources of information (e.g., text messages, digital photographs, video).
(b) Documenting the field activities of department members and support resources (e.g., fire department, EMS, allied agency law enforcement units in call narratives).
(c) Inquiry and entry of information through the Communications Center, department and other law enforcement database systems (CLETs, DMV, NCIC).
(d) Monitoring department video surveillance systems.
(e) Maintaining the current status of members in the field, their locations and the nature of calls for service.
The Communications Center

(f) Notifying the Watch Commander or field supervisor of emergency activity, including, but not limited to:
   1. Vehicle pursuits.
   2. Foot pursuits.
   3. Assignment of emergency response.

801.7 CALL HANDLING
This Department provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

• Where?
• What?
• When?
• Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in the Communications Center, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller’s language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

801.7.1 EMERGENCY CALLS
A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding department members and affected individuals.

Emergency calls should be dispatched immediately. The Watch Commander shall be notified of pending emergency calls for service when department members are unavailable for dispatch.
801.7.2 NON-EMERGENCY CALLS
A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

801.7.3 SITUATIONAL CALLS

Hostage Negotiations - It is recognized that many hostage and/or suicidal situations come to the attention of the Manteca Police Department first by way of telephone communications directly to the Communication Center. It should be the procedure of the dispatcher(s) to act in accordance with the Crisis Response Units policy, but to include the following procedures prior to a negotiation team being in place.

- The dispatcher on duty receiving the call should be the primary negotiator until such time as a negotiation team is in place and the dispatcher is either designated to, or relieved of, the responsibility by an authorized person.

- Exceptions - if the answering dispatcher is not a trained negotiator and his or her partner is, the caller should be handled by the trained negotiator.

The non-negotiating dispatcher should assume responsibility for any further telephone or radio traffic in order to permit the negotiating dispatcher to devote attention to the critical incident. A 9-4-4 radio status would be acceptable to provide the dispatchers with the necessary attention, but should not be initiated to relieve the non-negotiating dispatchers of performing routine duties.

In the event there are three dispatchers on duty, one may assist the negotiator by listening in on the conversation with the use of the "clicker" which allows for listening but mutes any traffic by the user. The secondary dispatcher on the negotiations can provide assistance by passing notes to the radio dispatcher as the situation progresses so the verbal communications can be kept to a minimum and patrol personnel can be kept abreast of changes.

All other assistance will be provided in accordance with Crisis Response Units policy, keeping non-essential personnel out of the Communication Center.

Missing Persons - In recognizing the importance of safety issues involved in searching for missing persons, dispatchers must follow the protocols established in the Missing Persons policy for entering missing persons into the appropriate database (e.g. MUPS) in a timely manner. A local teletype should be sent when appropriate for missing persons and runaway juveniles.

Private Investigations - On occasion, private investigators telephone this agency to inform our employees of their presence in our jurisdiction. Information regarding their presence in this city is to be obtained and visibly posted for dispatcher information, including the following:

- Location(s)
- Time frame
The Communications Center

- Vehicle description with license number
- Cellular phone number, pager or office number.

The information should also be sent to patrol via MCT. The investigator should be encouraged to call in daily prior to setting up his/her surveillance. It should be noted that this is a courtesy on the part of the investigator, not a requirement.

Airborne/Aircraft Emergencies - It is the policy of the Manteca Police Department to make every reasonable effort to assist a wireless 9-1-1 caller reporting an in-flight emergency on an aircraft and to notify the appropriate authorities of the circumstances. The need to act quickly is obvious. Depending on the type of emergency, appropriate agencies may need to take immediate action to mitigate or eliminate the threat posed by the in-flight emergency.

The Dispatcher/Call-taker receiving a call of an in-flight emergency will need to determine the following from the caller.

- The flight number and direction the plane is currently headed.
- What the flight's final destination is.
- The nature of the emergency, (e.g. medical, hijacking, etc)

If a plane is hijacked then the following steps need to be followed. The first three steps should be done as close to simultaneously as possible.

(a) Notify FAA Duty Officer 24-hour line at (310) 725-3300.
(b) Notify OES California Warning Center (the Warning Center should bring on NORAD to monitor the report). (916) 845-8911 or (800) 421-2921, 24 Hrs.
(c) Notify Transportation Security Administration (TSA) at (703) 563-3240.
(d) Notify the Watch Commander ASAP
(e) Attempt to determine the following information:
   1. Caller's name, seat number, cell phone number and home phone number.
   2. Flight information - name of airline, flight number, departure and destination cities.
   3. The number of suspects and whether they have taken control of the plane or interfered with the flight crew.
   4. The intent of suspects and how they are armed.
   5. Whether the aircraft is being used as a bomb/missile and, if so, the possible target?

Keep FAA, OES, TSA and NORAD updated on any and all information in regards to hijackers.
Try to keep the caller on the line if at all possible. Let the caller decide if they are safe in continuing to talk. If the caller does not feel safe, ask them if they can leave the line open so you will be able to continue to monitor the situation.

Continue to document the situation and steps taken into the CAD incident.

801.8 RADIO COMMUNICATIONS
The police radio system is for official use only, to be used by dispatchers to communicate with department members in the field. All transmissions shall be professional and made in a calm, businesslike manner, using proper language and correct procedures. Such transmissions shall include, but are not limited to:

(a) Members acknowledging the dispatcher with their radio identification call signs and current location.
(b) Dispatchers acknowledging and responding promptly to all radio transmissions.
(c) Members keeping the dispatcher advised of their status and location.
(d) Member and dispatcher acknowledgements shall be concise and without further comment unless additional information is needed.

The Communications Coordinator shall be notified of radio procedure violations or other causes for complaint. All complaints and violations will be investigated and reported to the complainant’s supervisor and processed through the chain of command.

801.8.1 FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE
Manteca Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and requirements.

801.8.2 RADIO IDENTIFICATION
Radio call signs are assigned to department members based on factors such as duty assignment, uniformed patrol assignment and/or member identification number. Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the department member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate department member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the department station name or number.

801.9 DOCUMENTATION
It shall be the responsibility of the Communications Center to document all relevant information on calls for service or self-initiated activity. Dispatchers shall attempt to elicit, document and relay as much information as possible to enhance the safety of the member and assist in anticipating conditions that may be encountered at the scene. Desirable information would include, at a minimum:

• Incident control number.
The Communications Center

- Date and time of request.
- Name and address of the reporting person, if possible.
- Type of incident reported.
- Involvement of weapons, drugs and/or alcohol.
- Location of incident reported.
- Identification of members assigned as primary and backup.
- Time of dispatch.
- Time of the responding member’s arrival.
- Time of member’s return to service.
- Disposition or status of reported incident.

801.10 CONFIDENTIALITY
Information that becomes available through the Communications Center may be confidential or sensitive in nature. All members of the Communications Center shall treat information that becomes known to them as confidential and release that information in accordance with the Protected Information Policy.

801.11 TRAINING AND CERTIFICATION
Dispatchers shall receive training consistent with minimum standards established by POST (Penal Code § 13510).
Property and Evidence

803.1 PURPOSE AND SCOPE
This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

803.2 DEFINITIONS
Chain of Possession - The continuity of the possession of physical evidence from the time of original collection to final disposition.
Contraband - Property that by its nature is illegal to possess.
Property - Includes all items of evidence, items taken for safekeeping and found property.
Evidence - Includes property taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.
Safekeeping - Includes the following types of property:
   • Non-evidentiary property obtained by the Department for temporary protection on behalf of the owner
   • Personal property of an arrestee not taken as evidence
   • Property taken for safekeeping under authority of a law (e.g., Welfare and Institutions Code § 5150 (mentally ill persons))
Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

803.3 PROPERTY HANDLING
Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage area. Care shall be taken to maintain the chain of possession for all evidence. The property then becomes the responsibility of the Manteca Police Department Property Officer. The Property Officer shall maintain absolute control of the property/evidence.

Where ownership can be established as to recovered or found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The reporting officer will accurately describe and/or photograph the property and note in the narrative of the report/incident that the property was returned to the owner.

803.3.1 PROPERTY BOOKING PROCEDURE
All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor, and only then when there is good cause to do so. All reports that have property
associated with them shall be completed in a timely manner, as directed in the Report Preparation Policy. Employees booking property shall observe the following guidelines:

(a) All property shall be entered into the property section of the report separately, listing all serial numbers, and other identifying information or markings. No "Quick Entries" shall be done for property, contraband or evidence items.

(b) In all cases where property is taken from an individual and booked for safekeeping, a Property Receipt form shall be completed. The pink copy of the form is provided to the individual, the yellow copy is placed in the Property Officer’s door slot and the white copy is attached to the case report.

(c) Each item of evidence should be marked with the booking officer’s initials and the date booked using an appropriate method so as not to deface or damage the value of the property.

(d) An evidence/property tag shall be attached to each bag, envelope or item in which the property is stored.

(e) The evidence label shall be affixed to the bag or envelope. Envelopes and bags should then be properly secured and sealed with 2" clear tape along with the booking member’s initials and the date in permanent black marker across the seal.

(f) The property shall be placed into a temporary property locker or other designated location. If the property is stored somewhere other than a property locker, then the log in the Property Officer’s door slot shall be completed so the Property Officer knows where to locate the property and can process it.

(g) When the property is too large to be placed in a locker, the item should be placed in the outside bike cage and documented on the property log. All bicycles and other large items shall be placed in the outside bike yard. All fireworks and flammable liquids shall be placed into the designated flammables locker. Ammunition shall not be placed in the flammable locker.

(h) Because space is limited, members should try to minimize the volume of items that are booked into evidence. If photos or samples of large items can be booked instead of the entire item, without compromising the case, efforts should be made to do so. Items that have no practical evidentiary value (such as a rock on a misdemeanor vandalism case) should not be booked into evidence.

803.3.2 MARIJUANA, NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs shall be booked separately using a separate property tag. When booking is required, paraphernalia as defined by Health & Safety Code § 11364 shall also be booked separately.

Any officer booking evidence for drug analysis shall place the substance in a completed Department of Justice envelope (BFS 2). A property tag will be attached to the evidence. After analysis, the Property Officer shall return the evidence to the Property Room.
Live marijuana plants that are evidence shall be photographed, dried, and placed in approved containers (e.g. plastic buckets or burlap sacks). They shall be booked into property with a property tag attached. Any associated potting materials, such as dirt or containers, should not be booked. Quantities over 10 pounds of controlled substances and excess quantities of PCP may not be stored due to space and health considerations. The excess amounts may be destroyed pursuant to §11479 H&S and §11479.1 H&S.

Marijuana that is booked in association with nothing more than a citation should have the word “Evidence” written on the packaging. The incident number should be written on both the evidence packaging and on the citation itself. The evidence information, including the property tag number and description, should be included in the narrative of the incident. The Property Officer will enter the evidence into the records management system.

Marijuana that is booked solely for destruction should have the words “For Destruction” written on the packaging. The incident number should also be written on the evidence packaging. The evidence information, including the property tag number and description, should be included in the narrative of the incident. The Property Officer will enter the evidence into the records management system.

Marijuana that is booked in association with a crime report should be entered in the property section of the report.

803.3.3 EXPLOSIVES
The EOD Team will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives.

Explosives will not be retained in the police facility. Only fireworks that are considered stable and safe, road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in the area designated for the storage of flammable materials. The Property Officer is responsible for notifying the EOD Team Supervisor when items in the flammable materials storage area require removal or destruction. Once notified, the EOD Team Supervisor shall make every effort to ensure that items from the flammable materials storage area are cleared out in a timely manner.

803.3.4 EXCEPTIONAL HANDLING
Certain property items require a separate process. The following items shall be processed in the described manner:

(a) Bodily fluids such as blood or semen stains shall be air dried prior to booking. Wet items which need to be dried prior to packaging shall be placed in the designated drying area. Paper or other acceptable material should be placed beneath the wet items to catch any drippings. Once dried, the officer is responsible for retrieving the dried item(s), and any associated dripping paper, and then packaging and booking them into an evidence locker. Biological evidence shall be labeled with a biohazard sticker on the outside of the package.
(b) All bicycles and bicycle frames with a serial number require a crime report. Dymo labels will be securely attached to each bicycle or bicycle frame with the case and tag number. The bicycles will then be placed in the bicycle storage area for booking. The property teletype(s) shall be attached to the officer’s report and the officer shall complete the log book kept in the Property Officer’s door tray.

(c) In addition to bicycles, all other serialized property needs to be entered into the Automated Property System (APS). The corresponding teletype should be attached to the officer's report.

(d) All monies shall be packaged separately from any other evidence in an envelope with the denominations, quantities and case number listed on the outside of the envelope.

   1. All cash not taken as asset forfeiture shall be counted separately by two officers, prior to sealing. Both officers shall sign the envelope, verifying the total cash amount. All such monies shall be placed in the property locker containing a mail slot (locker #3).

   2. All cash taken as asset forfeiture shall be counted by an officer and verified by a supervisor. The cash shall be placed in one of the sealable, security bank bags. The case number, property tag number, responsible's name (suspect if applicable), and a complete itemization of the currency’s denominations shall be clearly written on the outside of the security bag and shall include a total amount. The officer and supervisor shall sign the outside of the security bag as well. The security bag will be locked in the drawer of Room 315, across from Dispatch. The officer shall then email the Chief's Executive Assistant and the Property Officer, advising them of the seized monies, so they can be processed and deposited.

(e) Except in exceptional circumstances, alcoholic beverages shall not be booked into evidence. Alcoholic beverages should normally be photographed and then destroyed. Alcoholic beverages may be booked into evidence when they are evidence related to a homicide or other serious felony.

(f) Except in exceptional circumstances (such as homicides), needles and syringes shall not be booked into evidence. The needle/syringe should normally be photographed and then placed in a "sharps container" for destruction. If the syringe contains liquid that requires testing, the liquid shall be placed into a small sterile vial (located in the booking room). The syringe will then be placed in the "sharps container" and the vial of liquid placed in a drug envelope (BFS 2) for analysis and booked into evidence. Under no circumstances should a syringe be booked with the liquid left inside.

(g) Except in exceptional circumstances, narcotics smoking pipes shall not be booked into evidence. The pipe should normally be photographed and then destroyed or placed in the pipe disposal bucket located in the evidence processing area. Narcotics smoking pipes may be booked into evidence when they are evidence related to a homicide or other serious felony.
Property and Evidence

City property that is recovered or found, unless connected to a known criminal case, should be released directly to the appropriate City department. No formal booking is required. Only in cases where no responsible person can be located should the property be booked for safekeeping.

803.3.5 RELINQUISHED FIREARMS
Individuals who relinquish firearms pursuant to the provisions of Penal Code § 29850 shall be issued a receipt that describes the firearm, the serial number or other identification of the firearm at the time of relinquishment (Penal Code § 29810).

Relinquished firearms shall be retained for 30 days, after which time they may be destroyed, retained, sold or otherwise transferred, unless (Penal Code § 29810):

(a) A certificate is issued by a judge of a court of record or the District Attorney stating the firearms shall be retained; or
(b) The convicted person provides written notice of an intent to appeal the conviction that necessitated the relinquishment; or
(c) The Automated Firearms System indicates that the firearm was reported lost or stolen.

1. In such event, the firearm shall be restored to the lawful owner as soon as it is no longer needed as evidence, the lawful owner has identified the weapon and provided proof of ownership, and the Department has complied with the requirements of Penal Code § 33850 et seq.

The Property Officer shall ensure the Records Supervisor is notified of the relinquished firearm for purposes of updating the Automated Firearms System and the disposition of the firearm for purposes of notifying the California Department of Justice (DOJ) (See the Records Unit Policy).

803.4 PACKAGING OF PROPERTY
Certain items require special consideration and shall be booked separately as follows:

(a) Narcotics and dangerous drugs
(b) Firearms (ensure they are unloaded, rendered inoperable and booked separately from ammunition). Empty magazines can be booked with the firearm
(c) Property with more than one known owner
(d) Paraphernalia (when required) as described in Health & Safety Code § 11364
(e) Fireworks
(f) Contraband
(g) Money
(h) Fingerprints
(i) Biological property
803.4.1 PACKAGING CONTAINER
Officers shall package all property in suitable paper bags, boxes, tubes envelopes or other approved containers proportional to its size. Firearm boxes should be used to package firearms. In the event that a narcotics smoking pipe requires booking, then a mailing tube should be used. Knife boxes should be used when packaging knives. All packaging materials can be located in the evidence processing area.

A wire property tag shall be securely attached to larger items such as backpacks and duffel bags. Dymo labels with the case and tag number shall be secured to any and all property placed in the bicycle storage area.

Any member who notices a shortage in packaging supplies shall notify the Property Officer so that it can be replenished.

803.4.2 PACKAGING NARCOTICS
The officer seizing narcotics and dangerous drugs shall retain such property in his/her possession until it is properly weighed, packaged, tagged, and placed in the designated narcotics locker. Prior to packaging, and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the evidence packaging area. Narcotics and dangerous drugs shall not be packaged with other property. Narcotics and dangerous drugs which require analysis shall be placed in a completed Department of Justice envelope (BFS 2) for submission to the crime lab. Officers shall seal the package with 2" clear tape and initial and date across the seal.

All drugs are to be placed in the locked drug locker for booking. If the amount of drugs prohibit the use of the drug locker, special arrangements will need to be made through the Property Officer.

803.5 RECORDING OF PROPERTY
The Property Officer receiving custody of evidence or property shall enter the property into the system and affix a barcode to the property. The barcode will indicate that the property was received and its storage location.

Any changes in the location of property held by the Manteca Police Department shall be noted in the property room database.

803.6 PROPERTY CONTROL
Evidence and property may be temporarily withdrawn from evidence for use in court, follow-up investigation, identification purposes, or for evidentiary processing. Only the investigating officer or assigned detective is permitted to withdraw the evidence. Evidence shall be immediately returned to property when it is no longer needed.

Department personnel may request to check out evidence/property from evidence. The employee must have an authorized reason for checking out evidence.
Property and Evidence

If items are checked out for follow-up, the items may not be kept longer than 14 days without supervisory approval. Supervisor approval will be required for each additional 14 day period that the items are kept.

Each time the Property Officer releases property to another person, he/she shall enter this information in the property room database.

Officers desiring property for court shall contact the Property Officer by email at least one day prior to the court day.

If all items taken for court evidence are not returned within 48 hours, the requesting officer will be notified via their supervisor to provide disposition of the evidence.

803.6.1 OTHER CONSIDERATIONS
Request for analysis of items other than narcotics or drugs shall be completed on the appropriate forms and/or evidence packaging and submitted to the Property Officer. The Physical Evidence Submission Form (BFS-1), may be filled out at any time after booking of the property or evidence and must include a synopsis explaining the reasons for the testing.

Every time the evidence or property is released or received, an appropriate entry on the appropriate forms and/or packaging shall be completed to maintain the chain of possession.

No property or evidence related to a homicide, officer-involved critical incident or serious felony may be released without first receiving authorization from the Detective Supervisor or the lead detective.

803.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY
The transporting employee will obtain the evidence from the Property Officer and will complete the chain of possession information on the appropriate forms where indicated.

The Property Officer releasing the evidence must complete the chain of possession information in the property room database. The lab forms will be transported with the evidence to the examining laboratory. Upon delivering the item involved, the transporting employee will record the delivery time on the appropriate forms where indicated. The Crime Lab employee receiving the evidence will also complete the chain of possession information. The original copy of the lab form will remain with the evidence and a copy will be returned to the Records Unit for filing with the case.

803.6.3 STATUS OF PROPERTY
Temporary release of property to officers for investigative purposes, or for court, shall be noted in the property room database, stating the date, time and to whom released.

Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded in the property room database, indicating date, time, and the person who returned the property.
803.6.4 AUTHORITY TO RELEASE PROPERTY
The Property Officer shall authorize the disposition or release of all evidence and property coming into the care and custody of the Department. In any case where the evidence to be disposed is from a serious felony case, the Property Officer shall consult with the Detective Supervisor to determine whether the property may be disposed of.

803.6.5 RELEASE OF PROPERTY
All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation.

With the exception of firearms and other property specifically regulated by statute, found property and property held for safekeeping shall be held for a minimum of 90 days. During such period, property personnel shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6) or converted to City use. The final disposition of all such property shall be fully documented in related reports.

The Property Officer shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the appropriate property return to owner letter. If some items of property have not been released the property record will be updated with the necessary remaining property information.

Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice that conforms to the provisions of Penal Code § 33865.

The Property Officer should also make reasonable efforts to determine whether the person is the subject of any court order preventing the person from possessing a firearm and if so, the firearm should not be released to the person while the order is in effect.

The Department is not required to retain any firearm or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 33875).

803.6.6 DISPUTED CLAIMS TO PROPERTY
Occasionally more than one party may claim an interest in property being held by the Department, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Department may wish to file an interpleader to resolve the disputed claim (Code of Civil Procedure § 386(b)).
Property and Evidence

803.6.8 RELEASE OF FIREARM IN DOMESTIC VIOLENCE MATTERS
Within five days of the expiration of a restraining order issued in a domestic violence matter that required the relinquishment of a firearm, the Property Officer shall return the weapon to the owner if the requirements of Penal Code § 33850 and Penal Code § 33855 are met unless the firearm is determined to be stolen, evidence in a criminal investigation or the individual is otherwise prohibited from possessing a firearm (Family Code § 6389(g); Penal Code § 33855).

(b) If no petition has been initiated pursuant to Welfare and Institutions Code § 8102(c) and the weapon is not retained as evidence, the Department shall make the weapon available for return. No firearm will be returned unless and until the person presents valid identification and written notification from the California DOJ which conforms to the provisions of Penal Code § 33865.

(c) Unless the person contacts the Department to facilitate the sale or transfer of the firearm to a licensed dealer pursuant to Penal Code § 33870, firearms not returned should be sold, transferred, destroyed or retained as provided in Welfare and Institutions Code § 8102.

803.6.10 RELEASE OF FIREARMS IN GUN VIOLENCE RESTRAINING ORDER MATTERS

Records Unit

805.1 PURPOSE AND SCOPE
This policy establishes the guidelines for the operational functions of the Manteca Police Department Records Unit. The policy addresses department file access and internal requests for case reports.

805.2 POLICY
It is the policy of the Manteca Police Department to maintain department records securely, professionally, and efficiently.

805.3 DETERMINATION OF FACTUAL INNOCENCE
In any case where a person has been arrested by officers of the Manteca Police Department and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded to the Administration Supervisor. The Administration Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Administration Supervisor should forward the petition to the Investigations Unit Supervisor and the City Attorney for review. After such review and consultation with the City Attorney, the Investigations Unit Supervisor and the Administration Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Administration Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

The Administration Supervisor should respond to a petition with the Department's decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.

805.4 ACCEPTING PERSONAL CHECKS

The employee accepting the check will write the MPD case number and their initials, clearly legible, on the lower left portion of the check's front side. The employee shall confirm the identity of the person submitting the check by examining a commonly accepted form of photo I.D. and comparing their signature to the one presented on the check. The employee will attach a photo copy of the I.D. to the documents.

In the event that a check is returned unpaid, the City's standard fee will be charged in addition to the original fees. In this case, fees will only be accepted via cash, money order, cashier's check or traveler's check.

805.5 SUBPOENA DEPOSIT (CIVIL)
The party that issues a civil subpoena to an officer to testify as a witness must tender the statutory fee of $275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code §68097.2).

Upon payment of the fees, a receipt will be issued indicating the revenue account of 361-10-00 and prior to service, a copy of the subpoena, a copy of the check and receipt will be given to the Records Supervisor who will follow up on the case to ascertain the City's actual cost of the time spent on the subpoena. The Finance Department will then either refund the difference to the depositor or bill them for the additional cost.

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member’s compensation through the civil attorney of record who subpoenaed the member.

805.6 ARREST WITHOUT FILING OF ACCUSATORY PLEADING
The Services Division Commander should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

(b) All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.
(c) The California DOJ is notified.

805.7 FILE ACCESS AND SECURITY
The security of files in the Records Unit must be a high priority and shall be maintained as mandated by state or federal law. All case reports including but not limited to initial, supplemental, follow-up, evidence, and any other reports related to a police department case, including field interview (FI) cards, criminal history records, and publicly accessible logs, shall be maintained in...
Records Unit

a secure area within the Records Unit, accessible only by authorized members of the Records Unit. Access to case reports or files when Records Unit staff is not available may be obtained through the Watch Commander.

The Records Unit will also maintain a secure file for case reports deemed by the Chief of Police as sensitive or otherwise requiring extraordinary access restrictions.

805.8 ORIGINAL CASE REPORTS
Generally, original case reports shall not be removed from the Records Unit. Should an original case report be needed for any reason, the requesting department member shall first obtain authorization from the Records Supervisor. All original case reports removed from the Records Unit shall be recorded on a designated report check-out log, which shall be the only authorized manner by which an original case report may be removed from the Records Unit.

All original case reports to be removed from the Records Unit shall be photocopied and the photocopy retained in the file location of the original case report until the original is returned to the Records Unit. The photocopied report shall be shredded upon return of the original report to the file.

805.9 CONFIDENTIALITY
Records Unit staff has access to information that may be confidential or sensitive in nature. Records Unit staff shall not access, view, or distribute, or allow anyone else to access, view, or distribute any record, file, or report, whether in hard copy or electronic file format, or any other confidential, protected, or sensitive information except in accordance with the Records Maintenance and Release and Protected Information policies and the Records Unit procedure manual.
Restoration of Firearm Serial Numbers

807.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

807.1.1 DEFINITIONS
Obliterated Serial Number - means any occurrence where the manufacturer's name, model number or serial number has been removed from a firearm, whether wholly or partially by any means, making the name, model or serial number unreadable thereby making it not traceable in its current condition.

The Bureau of Alcohol and Tobacco’s E-trace System - is a web based system that allows authorized personnel from local jurisdictions to trace firearms. E-trace has replaced the old form that was at one time faxed to the National Tracing Center.

Firearms - are any pistol, revolver, shotgun or rifle that expels a projectile by the force of explosion or other form of combustion.

807.2 PROCEDURE
Any firearm coming into the possession of the Manteca Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

807.2.1 PRELIMINARY FIREARM EXAMINATION
All firearms will be examined to determine the firearm manufacturer's name, model number, serial number, and other characteristics, including but not limited to barrel length and finish type. All firearms examined shall be done so in a careful manner, with due regard for the safety of the examining officer and others.

(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.

(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

807.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall complete a standard crime report documenting the facts regarding the manner in which the officer came into contact with the firearm. When completing the property entry in the crime report, the officer shall note in the item description box that the firearm has an obliterated serial number.

807.2.3 OFFICER RESPONSIBILITY
The reporting officer on a case involving a firearm with an obliterated serial number shall send the Detective Sergeant an email advising him/her that a firearm has been booked with an obliterated serial number. The email shall include the case report number.

The officer shall also ensure that the firearm is entered into AFS, with a missing or partial serial number, and that the entry include a note in the miscellaneous description area that the serial number has been obliterated.

807.2.4 FIREARM TRACE
The Detective Sergeant will assign a member of the Detective Unit to submit the firearm to either the Stockton PD IBIS Unit or to the Department of Justice Crime Laboratory in Ripon for restoration of the obliterated serial number.

Once the assigned Detective Unit member has submitted the firearm to one of the two above agencies they will document the chain of custody in a supplemental report.

After the serial number has been restored, the assigned Detective Unit member will pick the firearm up and provide the manufacturer's name, model number and serial number to an authorized E-trace employee of the department. The authorized employee will fill out the appropriate E-trace information and submit the information to the Bureau of Alcohol, Tobacco and Firearms.

The assigned Detective Unit member will also ensure that the AFS entry is modified to reflect the actual serial number.
Records Maintenance and Release

809.1 PURPOSE AND SCOPE
This policy provides guidance on the maintenance and release of department records. Protected information is separately covered in the Protected Information Policy.

809.2 POLICY
The Manteca Police Department is committed to providing public access to records in a manner that is consistent with the California Public Records Act (Government Code § 6250 et seq.).

809.3 CUSTODIAN OF RECORDS RESPONSIBILITIES
The Chief of Police shall designate a Custodian of Records. The responsibilities of the Custodian of Records include but are not limited to:

(a) Managing the records management system for the Department, including the retention, archiving, release, and destruction of department public records.

(b) Maintaining and updating the department records retention schedule including:
   1. Identifying the minimum length of time the Department must keep records.
   2. Identifying the department division responsible for the original record.

(c) Establishing rules regarding the inspection and copying of department public records as reasonably necessary for the protection of such records.

(d) Identifying records or portions of records that are confidential under state or federal law and not open for inspection or copying.

(e) Establishing rules regarding the processing of subpoenas for the production of records.

(f) Ensuring a current schedule of fees for public records as allowed by law is available (Government Code § 6253).

(g) Determining how the department's website may be used to post public records in accordance with Government Code § 6253.

(h) Ensuring that public records posted on the Department website meet the requirements of Government Code § 6253.10 including but not limited to posting in an open format where a record may be retrieved, downloaded, indexed, and searched by a commonly used internet search application.

(i) Ensuring that a list and description, when applicable, of enterprise systems (as defined by Government Code § 6270.5) is publicly available upon request and posted in a prominent location on the Department’s website.

809.4 PROCESSING REQUESTS FOR PUBLIC RECORDS
Any department member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.
Records Maintenance and Release

809.4.1 REQUESTS FOR RECORDS

Any member of the public, including the media and elected officials, may access unrestricted records of this department, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 6253).

The processing of requests for any record is subject to the following (Government Code § 6253):

(a) The Department is not required to create records that do not exist.

(b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain department records or information. If identification is required, a current driver’s license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).

(c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.

1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).

2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

(d) Upon request, a record shall be provided in an electronic format utilized by the Department. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).

(e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.

1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the department-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.
Records Maintenance and Release

(f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

809.5 RELEASE RESTRICTIONS

Examples of release restrictions include:

(a) Personal identifying information, including an individual’s photograph; Social Security and driver identification numbers; name, address, and telephone number; and medical or disability information that is contained in any driver license record, motor vehicle record, or any department record, including traffic collision reports, are restricted except as authorized by the Department, and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721; 18 USC § 2722).

(b) Social Security numbers (Government Code § 6254.29).

(d) Victim information that may be protected by statutes, including victims of certain crimes who have requested that their identifying information be kept confidential, victims who are minors, and victims of certain offenses (e.g., sex crimes or human trafficking, Penal Code § 293). Addresses and telephone numbers of a victim or a witness to any arrested person or to any person who may be a defendant in a criminal action shall not be disclosed, unless it is required by law (Government Code § 6254; Penal Code § 841.5).

   1. Victims of certain offenses (e.g., domestic violence, sexual assault, stalking, human trafficking, adult abuse) or their representatives shall be provided, upon request and without charge, one copy of all incident report face sheets, one copy of all incident reports, or both, pursuant to the requirements and time frames of Family Code § 6228.

(e) Video or audio recordings created during the commission or investigation of the crime of rape, incest, sexual assault, domestic violence, or child abuse that depicts the

(f) Information involving confidential informants, intelligence information, information that would endanger the safety of any person involved, or information that would endanger the successful completion of the investigation or a related investigation. This includes analysis and conclusions of investigating officers (Evidence Code § 1041; Government Code § 6254).

1. Absent a statutory exemption to the contrary or other lawful reason to deem information from reports confidential, information from unrestricted agency reports shall be made public as outlined in Government Code § 6254(f).

(g) Local criminal history information including but not limited to arrest history and disposition, and fingerprints shall only be subject to release to those agencies and individuals set forth in Penal Code § 13300.

1. All requests from criminal defendants and their authorized representatives (including attorneys) shall be referred to the District Attorney, City Attorney, or the courts pursuant to Penal Code § 1054.5.

(h) Certain types of reports involving but not limited to child abuse and molestation (Penal Code § 11167.5), elder and dependent abuse (Welfare and Institutions Code § 15633), and juveniles (Welfare and Institutions Code § 827).

(i) Sealed autopsy and private medical information concerning a murdered child with the exceptions that allow dissemination of those reports to law enforcement agents, prosecutors, defendants, or civil litigants under state and federal discovery laws (Code of Civil Procedure §130).

(j) Information contained in applications for licenses to carry firearms or other files that indicates when or where the applicant is vulnerable or which contains medical or psychological information (Government Code § 6254).

(k) Traffic collision reports (and related supplemental reports) shall be considered confidential and subject to release only to the California Highway Patrol, Department of Motor Vehicles (DMV), other law enforcement agencies, and those individuals and their authorized representatives set forth in Vehicle Code § 20012.

(l) Any record created exclusively in anticipation of potential litigation involving this department (Government Code § 6254).

Records Maintenance and Release

law, including but not limited to provisions of the Evidence Code relating to privilege (Government Code § 6254).

(q) Information connected with juvenile court proceedings or the detention or custody of a juvenile. Federal officials may be required to obtain a court order to obtain certain juvenile information (Welfare and Institutions Code § 827.9; Welfare and Institutions Code § 831).

809.6 SUBPOENAS AND DISCOVERY REQUESTS
Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

809.7 RELEASED RECORDS TO BE MARKED
Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

809.8 SEALED RECORD ORDERS
Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Supervisor shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

809.9 SECURITY BREACHES
The Records Supervisor shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or
encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual’s first name or first initial and last name in combination with any one or more of the following:

- Social Security number
- Driver license number or California identification card number
- Account number or credit or debit card number, in combination with any required security code, access code or password that would permit access to an individual’s financial account
- Medical information
- Health insurance information
- A username or email address, in combination with a password or security question and answer that permits access to an online account
- Information or data collected by Automated License Plate Reader (ALPR) technology

809.9.1 FORM OF NOTICE

(a) The notice shall be written in plain language, be consistent with the format provided in Civil Code § 1798.29 and include, to the extent possible, the following:

1. The date of the notice.
2. Name and contact information for the Manteca Police Department.
3. A list of the types of personal information that were or are reasonably believed to have been acquired.
4. The estimated date or date range within which the security breach occurred.
5. Whether the notification was delayed as a result of a law enforcement investigation.
6. A general description of the security breach.
7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.

(b) The notice may also include information about what the Manteca Police Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).
(c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):

1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.

2. When the breach involves an email address that was furnished by the Manteca Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

809.9.2 MANNER OF NOTICE

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

1. Written notice.

2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.

3. Substitute notice if the cost of providing notice would exceed $250,000, the number of individuals exceeds 500,000 or the Department does not have sufficient contact information. Substitute notice shall consist of all of the following:

   (a) Email notice when the Department has an email address for the subject person.

   (b) Conspicuous posting of the notice on the department’s webpage for a minimum of 30 days.

4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.

(b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.
Protected Information

811.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Manteca Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

811.1.1 DEFINITIONS
Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Manteca Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

811.2 POLICY
Members of the Manteca Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

811.3 RESPONSIBILITIES
The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

(a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).

(b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice’s current Criminal Justice Information Services (CJIS) Security Policy.

(c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.

(d) Developing procedures to ensure training and certification requirements are met.

(e) Resolving specific questions that arise regarding authorized recipients of protected information.

(f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.
811.4 ACCESS TO PROTECTED INFORMATION
Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Manteca Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

811.4.1 PENALTIES FOR MISUSE OF RECORDS
It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

811.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION
Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Unit to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

811.5.1 REVIEW OF CRIMINAL OFFENDER RECORD
Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).
Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

811.6 SECURITY OF PROTECTED INFORMATION
The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

(a) Developing and maintaining security practices, procedures and training.

(b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.

(c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.

(d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

811.6.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

811.7 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

811.8 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).
Computers and Digital Evidence

813.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

813.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line, cable to a modem or wireless router for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery.

(e) Label each item with case number, property tag number and, if applicable, evidence sheet or item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time if known.
Computers and Digital Evidence

3. Who claimed ownership.

4. If it can be determined, how it was being used.

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

813.2.1 BUSINESS OR NETWORKED COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

813.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.

(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.

(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).

(d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

813.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.

(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Unit to copy the contents to an appropriate form of storage media.

(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
813.4 SEIZING PCDS
Personal communication devices such as cell phones, PCDs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) When dealing with PCDs, officers should remember that unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages. Before examining any of these devices, officers should take into account the type of case involved. If examining the phone is necessary, officers should accomplish this in a way consistent with being able to preserve evidence for judicial proceedings. Officers may need to rely on forensic experts if the technology requires it or the significance of the case calls for it.

(b) In order to preserve evidence on the PCDs officers may choose to utilize a solid metal container, such as a paint can or a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing PCD devices, officers should attempt to seize the associated charging units to assist in evidence retrieval.

(d) If an officer examines a PCD for evidence and finds relevant material, he/she should take digital photos of relevant information and upload those photos to the Department's digital photo storage system as a backup.

813.5 DIGITAL EVIDENCE RECORDED BY OFFICERS
Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

Animal Services

819.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

819.2 ANIMAL SERVICES RESPONSIBILITIES
Animal control services are generally the primary responsibility of Animal Services and include:

(a) Animal-related matters during periods when animal services is available.
(b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Services is available for investigation and resolution.
(c) Follow-up on animal-related calls, such as locating owners of injured animals.

819.3 MEMBER RESPONSIBILITIES
Members who respond to or assist with animal-related calls for service should evaluate the situation to determine the appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

(a) There is a threat to public safety.
(b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
(c) An animal is creating a traffic hazard.
(d) An animal is seriously injured.
(e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.

1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
2. With the owner’s consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.
819.4 DECEASED ANIMALS
When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

When handling deceased animals, members should attempt to identify and notify the owner of the final disposition of the animal.

819.5 INJURED ANIMALS
When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a veterinarian and notice shall be given to the owner pursuant to the requirements of Penal Code § 597.1.

819.5.1 VETERINARY CARE
The injured animal should be taken to a veterinarian as follows:

(a) During normal business hours, the animal should be taken to an authorized veterinary care clinic.

(b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency and Critical Care Services Clinic.

(c) An exception to the above exists when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.

Each incident shall be documented and, at minimum, include the name of the reporting party and veterinary hospital and/or person to whom the animal is released.

If Animal Services is not available, the information will be forwarded for follow-up.

819.5.2 INJURED WILDLIFE
Injured wildlife should be referred to the Department of Fish and Wildlife or the Marine Mammal Center as applicable.

819.5.3 RESCUE OF ANIMALS IN VEHICLES
If an animal left unattended in a vehicle appears to be in distress, members may enter the vehicle for the purpose of rescuing the animal. Members should (Penal Code § 597.7(d)):

(a) Make a reasonable effort to locate the owner before entering the vehicle.

(b) Take steps to minimize damage to the vehicle.
Animal Services

(c)  Refrain from searching the vehicle or seizing items except as otherwise permitted by law.
(d)  Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and Department of the member involved in the rescue.
(e)  Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.
(f)  Take the animal to an animal care facility, a place of safekeeping or, if necessary, a veterinary hospital for treatment.

819.6 POLICY
It is the policy of the Manteca Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

819.7 ANIMAL CRUELTY COMPLAINTS
Laws relating to the cruelty to animals should be enforced, including but not limited to Penal Code § 597 et seq. (cruelty to animals, failure to care for animals).

(a)  An investigation should be conducted on all reports of animal cruelty.
(b)  Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

819.8 ANIMAL BITE REPORTS
Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

819.9 STRAY DOGS
If a stray dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate animal care facility.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

819.10 DANGEROUS ANIMALS
In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Watch Commander will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.
Animal Services

819.11 PUBLIC NUISANCE CALLS RELATING TO ANIMALS
Members should diligently address calls related to nuisance animals (e.g., barking dogs), as such calls may involve significant quality-of-life issues.

819.12 DESTRUCTION OF ANIMALS
When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.
Chapter 9 - Custody

The Watch Commander should inspect the Temporary Holding Facility at the beginning and end of each shift to ensure that the detention area is clean and not in need of maintenance or repair. The Temporary Holding Facility shall be cleaned or repaired, as necessary, in order to provide a proper custodial and working environment. Any maintenance problems will be reported to building maintenance.

Damaged or broken facilities that create a danger shall be brought to the attention of the Services Division Commander.

The Watch Commander shall ensure that no adult is in temporary custody for longer than 24 hours.

These individuals should not be in temporary custody at the Department unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.
900.3.2 SUPERVISION IN TEMPORARY CUSTODY
All prisoners, with the exception of intoxicated prisoners, should be visually checked no less than once every hour. Intoxicated prisoners should be checked at least once every half-hour. This check will be conducted through direct visual observation without the aid of surveillance cameras. The individual conducting the check should check for signs of breathing and movement and immediately summon assistance if a prisoner appears to be in medical distress.

All juvenile and adult bookings should be logged into the Watch Commander's daily log. The following information should be included in the entry:

(a) Date and time of booking
(b) Charges
(c) Arrestee's name (except for juveniles)

No individual in custody shall be permitted to supervise, control or exert any authority over other individuals in custody.

900.3.3 BOOKING LOG
With regard to prisoner checks, the Watch Commander may choose to delegate the prisoner checks to a Booking Officer if one is on duty. A Booking Log will be kept in the booking area of the Temporary Holding Facility for use by the Booking Officer. All prisoner checks and prisoner status updates conducted in this manner should be entered on the log, including the time of each event. The log info will be transferred by the Watch Commander into his/her Daily Log, prior to the end of his/her shift. The Daily Log entry should include the officer's name who made the checks, (e.g. 1445: Prisoner check by Officer Smith, 201). Once the information from the Booking Log has been transferred into the W/C Daily Log, the Booking Log may be shredded.

The Watch Commander should make periodic checks to ensure the log and security checks are being made on time by any assigned Booking Officer.

900.4 INITIATING TEMPORARY CUSTODY
The officer responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease as noted below. The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the San Joaquin County Jail or the appropriate mental health facility.
Temporary Custody of Adults

The officer should promptly notify the Watch Commander of any conditions that may warrant immediate medical attention or other appropriate action. The Watch Commander shall determine whether the individual will be placed in a cell, immediately released or transported to jail or other facility.

900.4.1 SCREENING AND PLACEMENT
The officer responsible for an individual in custody shall (15 CCR 1050):

(a) Advise the Watch Commander of any significant risks presented by the individual (e.g., suicide risk, health risk, violence).

(b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:

1. Consider whether the individual may be at a high risk of being sexually abused based on all available known information (28 CFR 115.141), or whether the person is facing any other identified risk.

2. Provide any individual identified as being at a high risk for sexual or other victimization with heightened protection. This may include (28 CFR 115.113; 28 CFR 115.141):
   (a) Continuous, direct sight and sound supervision.
   (b) Single-cell placement in a cell that is actively monitored on video by a member who is available to immediately intervene.

3. Ensure individuals are separated according to severity of the crime (e.g., felony or misdemeanor).

4. Ensure males and females are separated by sight and sound when in cells.

5. Ensure restrained individuals are not placed in cells with unrestrained individuals.

(c) Ensure that those confined under civil process or for civil causes are kept separate from those who are in temporary custody pending criminal charges.

(d) Ensure separation, as appropriate, based on other factors, such as age, criminal sophistication, assaultive/non-assaultive behavior, mental state, disabilities and sexual orientation.

900.4.2 CONSULAR NOTIFICATION
Consular notification may be mandatory when certain foreign nationals are arrested. The Services Division Commander will ensure that the U.S. Department of State’s list of countries and jurisdictions that require mandatory notification is readily available to department members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. Prominently displayed signs informing foreign nationals of their rights related to consular notification should also be posted in areas used for the temporary custody of adults.

      (a) Notify the country’s nearest embassy or consulate of the arrest or detention by fax or telephone.
      (b) Forward any communication from the individual to his/her consular officers without delay.

First-aid equipment and basic medical supplies should be available to department members (15 CCR 1220). At least one member who has current certification in basic first aid and CPR should be on-duty at all times.

The first-aid kit is stored in the Booking Room, inside the cabinet that is closest to the door that leads from the Booking Room to the hallway. The Property Officer is responsible for checking the kit regularly, no less than once a week, and restocking it as necessary. The inventory sheet inside the first-aid kit is not to be removed from the kit.

Should a person in custody be injured or become ill, appropriate medical aid will be summoned. A supervisor should meet with those providing medical aid at the facility to allow access to the person. Members shall comply with the opinion of medical personnel as to whether an individual in temporary custody should be transported to the hospital. If the person is transported while still in custody, he/she will be accompanied by an officer.

Those who require medication while in temporary custody should not be at the Manteca Police Department. They should be released or transferred to another facility as appropriate.

900.5.4 ORTHOPEDIC OR PROSTHETIC APPLIANCE
Subject to safety and security concerns, individuals shall be permitted to retain an orthopedic or prosthetic appliance. However, if the member supervising the individual has probable cause to believe the possession of the appliance presents a risk of bodily harm to any person or is a risk to the security of the facility, the appliance may be removed from the individual unless its removal would be injurious to his/her health or safety.
Temporary Custody of Adults

Whenever a prosthetic or orthopedic appliance is removed, the Watch Commander shall be promptly apprised of the reason. It shall be promptly returned when it reasonably appears that any risk no longer exists (Penal Code § 2656; 15 CCR 1207).

900.5.5 TELEPHONE CALLS

Immediately upon being booked and, except where physically impossible, no later than three hours after arrest, an individual in custody has the right to make at least three completed calls to an attorney, bail bondsman, and a relative or other person (Penal Code § 851.5). Additional calls may be made as reasonable and necessary (15 CCR 1067). In providing further access to a telephone beyond that required by Penal Code § 851.5, legitimate law enforcement interests such as officer safety, effect on ongoing criminal investigations and logistics should be balanced against the individual’s desire for further telephone access.

(a) Telephone calls may be limited to local calls, except that long-distance calls may be made by the individual at his/her own expense.

1. The Department should pay the cost of any long-distance calls related to arranging for the care of a child or dependent adult (see the Child and Dependent Adult Safety Policy).

2. The provisions of Penal Code § 851.5 concerning this issue shall be posted in bold, block type in a conspicuous place within the facility.

(b) The individual should be given sufficient time to contact whomever he/she desires and to make any necessary arrangements, including child or dependent adult care, or transportation upon release.

1. Telephone calls are not intended to be lengthy conversations. The member assigned to monitor or process the individual may use his/her judgment in determining the duration of the calls.

2. Within three hours of the arrest, the member supervising the individual should inquire whether the individual is a custodial parent with responsibility for a minor child, and notify the individual that he/she may make two additional telephone calls to a relative or other person for the purpose of arranging for the care of minor children (Penal Code § 851.5).

(c) Calls between an individual in temporary custody and his/her attorney shall be deemed confidential and shall not be monitored, eavesdropped upon or recorded (Penal Code § 851.5(b)(1); 15 CCR 1068).

900.5.6 RELIGIOUS ACCOMMODATION

Subject to available resources, safety and security, the religious beliefs and needs of all individuals in custody should be reasonably accommodated (15 CCR 1072). Requests for religious accommodation should generally be granted unless there is a compelling security or safety reason and denying the request is the least restrictive means available to ensure security or safety. The Watch Commander should be advised any time a request for religious accommodation is denied.
Temporary Custody of Adults

Individuals wearing headscarves or other religious coverings shall be required to remove them entirely when they have been deemed at risk for suicide. Individuals wearing headscarves or other religious coverings shall be issued an approved Department substitute if they have not been deemed at risk for suicide.

If an arrestee becomes confrontational over the head covering, they should be transported to County Jail as soon as practicable. All head coverings should be searched consistent with the Custody Searches policy.

Religious garments that substantially cover the individual’s head and face may be temporarily removed during the taking of any photographs.

Religious items that are dangerous or may be used as weapons, such as kirpans, shall be removed from the prisoner.

900.5.8 REPORTING PHYSICAL HARM OR SERIOUS THREAT OF PHYSICAL HARM
In addition to a Watch Commander’s Daily Log entry, any incident occurring in the Temporary Holding Facility that results in physical harm or serious threat of physical harm to a member, person in custody or any other person shall be documented as stated in the Use of Force or On-Duty Injuries policies, or other applicable reporting process. A copy of all reports generated regarding the above circumstances shall be submitted as soon as reasonably practicable.

900.5.9 ATTORNEYS
(a) An attorney may visit at the request of the individual in custody or a relative (Penal Code § 825).
(b) Attorneys who need to interview an individual in custody should do so inside a secure interview room.
(c) The individual in custody as well as the attorney should be searched for weapons prior to being admitted to the interview room and at the conclusion of the interview.
(d) Attorneys must produce a current California Bar card as well as other matching appropriate identification.
(e) Interviews between attorneys and their clients shall not be monitored or recorded (15 CCR 1068).
900.5.10 DISCIPLINE
Discipline will not be administered to any individual in custody at this facility. Any individual in custody who repeatedly fails to follow directions or facility rules should be transported to the appropriate jail, mental health facility or hospital as soon as practicable. Such conduct should be documented and reported to the receiving facility (15 CCR 1081).

900.5.11 FIRE SAFETY
The Watch Commander should, at the beginning and end of each shift, inspect the Temporary Holding Facility to ensure:

(a) No flammable materials are stored in the detention area

(a) Primary concerns to be addressed:
Temporary Custody of Adults

1. Safety of the prisoners
2. Safety of the departmental personnel
3. Safety of the public
4. Security of the prisoners

(b) Notifications to be made:

1. Watch Commander
2. All available sworn personnel
3. Fire and medical personnel as needed
4. Services Division Commander

900.6.1 EMERGENCY EVACUATION

In times of fire, or other emergency or disaster situations, it may become necessary to evacuate inmates from the Temporary Holding Facility. When time permits, all prisoners will be restrained, as deemed necessary by the officer conducting the evacuation. The evacuation will be conducted in an orderly fashion.

900.6.2 EVACUATION PROCEDURES AND FORMATION AREA

Upon receipt of an alarm, Dispatch shall notify the Watch Commander and dispatch the beat unit to the jail "Code 3". Dispatch will then check the camera systems to try and determine if fire or smoke is present.

If there is more than one dispatcher on duty, and it appears reasonably safe, one dispatcher may personally check the Temporary Holding Facility.

If fire is present, then prisoners will be evacuated by patrol personnel until the Temporary Holding Facility can again be safely occupied. In the case of an emergency of a long duration, evacuated prisoners will be transported to another facility. If possible, juveniles are to be kept separate from adult prisoners, and females from male prisoners during the evacuation.

Only after the safety and security of the prisoners is assured will personnel, not detailed to prisoner security, participate in fire suppression or other emergency activities.

If the water flow alarm is activated as a result of water flowing through the system, and no threat of fire exists, the water valve should be shut off. The valve is located in the rear of the police department, inside the door closest to the northeast corner of the police (jail side) building. Open the door with the common key and shut down the red valve to shut off the water and associated alarm.

900.6.3 CITYWIDE OR REGIONAL DISASTERS

In cases of Citywide or regional disasters, the Watch Commander may authorize the release of prisoners detained for misdemeanors or felonies involving property crimes only. Every available
Temporary Custody of Adults

effort will be made to continue the custody of violent felons or felons accused of violent crimes to ensure the safety of the public.

900.6.4 FIRST-AID/PROFESSIONAL MEDICAL ATTENTION
As necessary, evacuating personnel will apply first-aid techniques to those prisoners injured as a result of the emergency or injured during the evacuation procedure until professional medical aid arrives to assist.

900.6.5 REPORTS
The Watch Commander will ensure that any emergency evacuation of the Temporary Holding Facility is documented and that copies of those reports are forwarded to the Services Division Commander and Chief of Police.

900.7 USE OF RESTRAINT DEVICES
Individuals in custody may be handcuffed in accordance with the Handcuffing and Restraints Policy. Unless an individual presents a heightened risk, handcuffs should generally be removed when the person is in a cell.

For example, an individual may request property (i.e., cash, car or house keys, medications) be released to another person. A request for the release of property to another person must be made in writing. Release of the property requires the recipient’s signature on the appropriate form.

Upon release of an individual from temporary custody, his/her items of personal property shall be compared with the inventory, and he/she shall sign a receipt for the property's return. If the individual is transferred to another facility or court, the member transporting the individual is required to obtain the receiving person’s signature as notice of receipt. The Department shall maintain a copy of the property receipt.

The Watch Commander shall be notified whenever an individual alleges that there is a shortage or discrepancy regarding his/her property. The Watch Commander shall attempt to prove or disprove the claim.
900.9 HOLDING CELLS
A thorough inspection of a cell shall be conducted before placing an individual into the cell to ensure there are no weapons or contraband and that the cell is clean and sanitary. An inspection also should be conducted when he/she is released. Any damage noted to the cell should be photographed and documented.

The following requirements shall apply:

(a) The individual shall be searched (see the Custodial Searches Policy), and anything that could create a security or suicide risk, such as contraband, hazardous items, belts, shoes or shoelaces and jackets, shall be removed.

(b) The individual shall constantly be monitored by an audio/video system during the entire custody.

(c) The individual shall have constant auditory access to department members.

Custodial Searches

902.1 PURPOSE AND SCOPE
This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Manteca Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.1.1 DEFINITIONS
Definitions related to this policy include:

**Custody search** - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

**Physical body cavity search** - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

**Strip search** - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

902.2 POLICY
All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

902.3 FIELD AND TRANSPORTATION SEARCHES
An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

902.4 SEARCHES AT POLICE FACILITIES
Custody searches shall be conducted on all individuals in custody, upon entry to the Manteca Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

902.4.1 PROPERTY
Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Manteca Police Department identification number and information regarding how and when the property may be released.

902.4.2 VERIFICATION OF MONEY

The amount of money in the envelope should always be totaled and written on the outside of the envelope.

   1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.

(c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).

(d) The individual’s actions or demeanor.

(e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual’s genital status. If the individual’s genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

(h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Watch Commander shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made.

(a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.

(b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Watch Commander authorization does not need to be in writing.

902.6 PHYSICAL BODY CAVITY SEARCH
Physical body cavity searches shall be subject to the following (Penal Code § 4030):
Custodial Searches

1000.3 RECRUITMENT
The Administration Division Commander should employ a comprehensive recruitment and selection strategy to recruit and select employees from a qualified and diverse pool of candidates.

The strategy should include:

(e) Employee referral and recruitment incentive programs.
(f) Consideration of shared or collaborative regional testing processes.

The Department should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of his/her status in the recruiting process.
1000.4 SELECTION PROCESS

The report shall not include any information that is prohibited from use, including that from social media sites, in making employment decisions. The report and all supporting documentation shall be included in the candidate’s background investigation file (11 CCR 1953).

Validated, job-related, and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge, and skills required to perform the position's essential duties in a satisfactory manner. 1001.5 WAIVER OR PROCEDURE

The Chief of Police reserves the right to waive or suspend any portion of this policy if, in his opinion, the good of the Manteca Police Department and the citizens of the community would be better served.
Evaluation of Employees

1002.1 PURPOSE AND SCOPE
The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1002.1.1 PERSONNEL RULES AND REGULATIONS
Employee Performance Evaluations are covered in greater depth in the City of Manteca Personnel Rules and Regulations, under Section 4. Nothing in the policy is intended to conflict with that Section.

1002.2 POLICY
The Manteca Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1002.3 EVALUATION PROCESS
Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.
Evaluation of Employees

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

1002.3.1 RESERVE OFFICER EVALUATIONS
Reserve officer evaluations are covered under the Reserve Officers Policy.

1002.4 FULL TIME PROBATIONARY PERSONNEL
Non-sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed semi-annually for all full-time non-sworn personnel during the probationary period.

Sworn personnel are on probation for 18 months before being eligible for certification as permanent employees. Probationary officers are evaluated daily while in the Field Training Program and then once released from the Field Training Program they are evaluated semi-annually until the end of their probationary period.

1002.5 FULL-TIME PERMANENT STATUS PERSONNEL
The timing and distribution of an employee's performance evaluation will normally be coordinated by Administrative Services in association with the Chief of Police's Administrative Assistant. Normally, an Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on the anniversary of the employee's date of hire except for employees who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1002.5.1 RATINGS
When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The four rating categories are Improvement Needed, Satisfactory, Above Average and Does Not Apply. The definition of each rating category, relative to the Key Performance Areas, is covered in the Standardized Guidelines associated with the Employee Performance Evaluation Form. Raters should consult the Standardized Guidelines when trying to determine the appropriate rating category.

Most employee evaluations will have a narrative attached as well. The narrative is intended to further detail the various aspects of the employee's performance over the period being evaluated. Any rating under any Key Performance Area marked "Needs Improvement" or "Above Average" should be substantiated in the narrative section.
Evaluation of Employees

1002.6 EVALUATION INTERVIEW
When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions, training opportunities and any other mutual goal setting topics. The supervisor and employee will sign and date the evaluation.

1002.6.1 DISCRIMINATORY HARASSMENT FORM
At the time of each employee's annual evaluation, the reviewing supervisor shall require the employee to read the City of Manteca's harassment and discrimination policies. The supervisor shall include documentation in the evaluation that notates such policy review, including that the employee affirmed that they understood the harassment and discrimination policies.

1002.6.2 SICK LEAVE POLICY
Pursuant to the City of Manteca Sick Leave Policy, an employee's immediate supervisor will review sick leave usage annually for any employee exceeding 80 hours usage in the previous 12 month period. Manteca Police Department supervisors will conduct this review at the time of the employee's annual evaluation. The Sick Leave Policy will be used to guide the actions of the supervisor in this review, and the supervisor will note the results of the review in the narrative section of the evaluation.

1002.7 EVALUATION REVIEW
After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Lieutenant or Captain). The rater's supervisor shall review the evaluation for fairness, impartiality, uniformity, and consistency.

Nothing in this policy shall prevent a Lieutenant or Captain from requiring his/her supervisors to submit the evaluation to him/her for a pre-review prior to the supervisor-employee meeting.

1002.8 EVALUATION DISTRIBUTION
A copy of the performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the tenure of the employee's employment.
Performance Management and Improvement (PIPs)

1003.1 PURPOSE AND SCOPE
The objective of the Manteca Police Department supervisor is to correct the substandard or unsatisfactory performance of an employee, thereby restoring the employee to a level of acceptable and competent productivity and performance.

1003.2 PROCEDURE
Training and counseling are the supervisor's first, and typically most effective, course of action in performance improvement. Once there is identification of substandard, unacceptable, or unsatisfactory performance/behavior, several options are available to the supervisor:

(a) Minor policy infractions and/or performance deficiencies are noted for the first time, verbal counseling is the preferred method for corrective action.

(b) When repeated policy infractions and/or performance deficiencies are noted, formal counseling sessions should be initiated. Such counseling sessions should be documented in written form as a counseling memo.

1. The counseling session should address each policy infraction and/or performance deficiency which has been identified and the expected corrective action by the employee for each deficiency.

2. The supervisor determines the appropriate corrective measures; review of policies or procedures, additional training needs, setting expectations, etc.

3. The documentation of the counseling session should list each policy infraction and/or performance deficiency along with the expected corrective action.

4. The memo is only written after a full, thorough and impartial review of the facts of the deficiencies has been discussed with the employee and the employee has been provided an opportunity to present his/her side of the story.

5. Both the supervisor and employee should acknowledge the counseling by signing. If the employee refuses to sign, the supervisor will write "refused to sign".

6. The supervisor and employee will retain copies. The original memo will be maintained in the employee's supervisor/evaluation file in the Police Department for six months, but no longer than one year before being purged.

(c) Formal counseling would not be appropriate if the supervisor has determined that the employee's performance or misconduct is so severe that disciplinary action may be warranted.
(d) Should formal counseling fail to correct the performance deficiency and/or ensure compliance with policy, a Performance Improvement Plan (P.I.P.) may be implemented.

1003.3 PERFORMANCE IMPROVEMENT PLAN (P.I.P.)
A Performance Improvement Plan (P.I.P.) is a supervisor's written documentation of the performance of an employee which outlines a continuing performance deficiency, identifies organizational standards and expectations and outlines a specific plan for addressing the deficiency. The plan process:

(a) The supervisor prepares a draft Performance Improvement Plan (P.I.P.).
(b) The supervisor forwards the draft P.I.P. to his/her supervisor for approval.
(c) The supervisor discusses the approved draft P.I.P. with the employee and prepares the final version of the P.I.P.
(d) The supervisor implements the supervisory assistance section (Terms of Performance) and conducts follow-up counseling.
(e) The supervisor completes the final progress report and forwards the completed file to the Division Commander for review and approval.
(f) The supervisor that is authorized to initiate a P.I.P. shall be properly trained in the proper procedure and have a working knowledge of the department's policy.

1003.3.1 P.I.P. FORMAT
(a) Heading
   1. Standard memo headings shall be used:
      (a) TO: (Name of the affected employee)

      (d) SUBJECT: Failure to Meet Performance Standards
(b) Performance Standards
   (a) List each performance standard in which the employee is deficient.

      (b) List specifically and with detail each occasion where the employee failed to meet the listed standard.
      (c) (Employee comments).
      (d) Repeat this process for each standard.
Performance Management and Improvement (PIPs)

(c) How to Improve Your Performance
   1. This section is a summary of the positive behavior for each deficiency the supervisor expects the employee to exhibit in order to be regarded as a satisfactory employee.

(d) Supervisory Assistance and Guidance
   1. The supervisor sets a review schedule where the supervisor will review the progress of the employee with him/her. Such review will be done weekly or bi-weekly.
   2. The supervisor may also request through the chain-of-command that the employee obtain training.

(e) Time Frame and Consequences
   1. The supervisor will set the duration of the Performance Improvement Plan.
      (a) Normally the Performance Improvement Plan will be at a minimum 90 days and the maximum time at 180 days.
      (b) Should the employee progress at an accelerated rate, the Performance Improvement Plan may be shortened from the specified time.
      (c) Upon successful completion of the Performance Improvement Plan, the P.I.P. will be removed from the supervisors/evaluation file at six months, but no longer than one year and destroyed.
   2. Failure to complete the Performance Improvement Plan will result in review of any violation of General Orders and City rules and Regulations for appropriate action.
   3. Follow-Up Counseling:
      (a) During the duration of the Performance Improvement Plan, the supervisor will meet in formal counseling sessions with the employee as specified in the Performance Improvement Plan.
      (b) The supervisor will review the employee's progress as it relates to each identified performance deficiency.
      (c) The counseling session will be documented in a Progress Report
   4. Final Report
      (a) At the end of the Performance Improvement Plan, the supervisor shall prepare a Final Report regarding the employee's progress in the Performance Improvement Plan.

- Sample of a P.I.P. Progress Report
- Sample of a Final Progress Report, Employee Improved
- Sample of a Final Progress Report, Employee Not Improved

Anti-Retaliation

1008.1 PURPOSE AND SCOPE
This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members’ access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1008.2 POLICY
The Manteca Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED
No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.
1008.4 COMPLAINTS OF RETALIATION
Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police, the City Director of Human Resources and Risk Management or City Manager. If the complaint is against the City Manager, the employee shall follow the rules set forth in Section 5 of the "Internal Complaint and Grievance" policy, of the City of Manteca Administrative Policy and Procedure Manual.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES
Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
(b) Receiving all complaints in a fair and impartial manner.
(c) Documenting the complaint and any steps taken to resolve the problem.
(d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
(e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
(f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
(g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
(h) Not interfering with or denying the right of a member to make any complaint.
(i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1008.6 COMMAND STAFF RESPONSIBILITIES
The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

(a) Communicating to all members the prohibition against retaliation.
(b) The timely review of complaint investigations.
(c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
(d) The timely communication of the outcome to the complainant.

1008.7 WHISTLE-BLOWING
California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

(a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member’s supervisor or any other member with the authority to investigate the reported violation.
(b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
(c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
(d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
(e) Are family members who have engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Office of the Police Chief for investigation pursuant to the Personnel Complaints Policy.
Anti-Retaliation

1008.7.1 DISPLAY OF WHISTLE-BLOWER LAWS
The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

1008.8 RECORDS RETENTION AND RELEASE
The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1008.9 TRAINING
The policy should be reviewed with each new member. All members should receive periodic refresher training on the requirements of this policy.
Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Administration Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR 1003).

The Administration Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1010.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS
California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.
1010.4 REPORTING PROCEDURE
All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1010.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee’s own resources and on the employee’s own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee’s duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.
Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1012.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1012.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

1012.3.2 CITY POLICY: DRUGS AND ALCOHOL
Nothing in this policy is meant to contradict the City of Manteca's administrative policy entitled, Drugs and Alcohol in the Workplace and employees should be familiar with, and abide by, that policy.

1012.3.3 USE OF MARIJUANA
Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103).
Drug- and Alcohol-Free Workplace

The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Administrative Services, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 REQUESTING SCREENING TESTS
The supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.
1012.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1012.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.9 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee’s other personnel files.
Sick Leave

1014.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1014.2 POLICY
It is the policy of the Manteca Police Department to provide eligible employees with a sick leave benefit.

1014.2.1 NOTIFICATION
When calling in sick, or when otherwise unable to report to work, employees shall notify the Department by calling into Dispatch on the main phone line. By doing this, the call will be recorded and time-stamped. The Dispatcher may choose to take the information or transfer the employee to a supervisor, as appropriate. Text messages, emails, calls to other phone lines and other forms of calling in sick are not allowed.

Employees calling in sick, or when otherwise unable to report to work, must notify the Department of the specific amount of time intended to be taken, (i.e. a full shift or some portion thereof that can be broken down into 15 minute increments). This notification should be made at least one hour before the employee was scheduled to begin their shift.

When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, the employee shall, whenever possible, provide the Department with no less than 30-days notice of the intent to take leave (Labor Code § 246).

1014.3 USE OF SICK LEAVE
Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member’s non-working hours when it is reasonable to do so.
1014.4 EXTENDED ABSENCE
Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider’s statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1014.5 REQUIRED NOTICES
The Director of Human Resources and Risk Management shall ensure:

(a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.

(b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

1014.6 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Administrative Services as appropriate.

(c) Addressing absences and sick leave use in the member’s performance evaluation when excessive or unusual use has:

1. Negatively affected the member’s performance or ability to complete assigned duties.

2. Negatively affected department operations.

(d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.
Communicable Diseases

1016.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS
Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Manteca Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY
The Manteca Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.3 CITY POLICY
This policy is in addition to the City of Manteca’s Injury and Illness Prevention Plan, including but not limited to the Personal Protective Equipment Policy, Aerosol Transmissible Disease Policy and Blood Borne Pathogen Policy.

1016.4 EXPOSURE CONTROL OFFICER
The City of Manteca Director of Human Resources and Risk Management will serve as or will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member’s position and risk of exposure.
Communicable Diseases

(d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

2. Bloodborne pathogen mandates including (8 CCR 5193):
   (a) Sharps injury log.
   (b) Needleless systems and sharps injury protection.

3. Airborne transmissible disease mandates including (8 CCR 5199):
   (a) Engineering and work practice controls related to airborne transmissible diseases.
   (b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.

4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).

5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

1016.5 EXPOSURE PREVENTION AND MITIGATION

1016.5.1 GENERAL PRECAUTIONS
All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.

(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

(e) Using an appropriate barrier device when providing CPR.
Communicable Diseases

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1016.5.2 IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1016.6 POST EXPOSURE

1016.6.1 INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

(b) Obtain medical attention as appropriate.

(c) Notify a supervisor as soon as practicable.

1016.6.2 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

(a) Name and Social Security number of the member exposed

(b) Date and time of the incident

(c) Location of the incident

(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)

(e) Work being done during exposure

(f) How the incident occurred or was caused
Communicable Diseases

(g) PPE in use at the time of the incident

(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation (normally a memo to the Chief of Police) in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1016.6.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.

(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.6.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1016.6.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.

(b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.

(c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).

(d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status
Communicable Diseases

of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1016.7 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.8 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

(a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

(b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.
Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Manteca Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY
The Manteca Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5).

1018.3 SMOKING AND TOBACCO USE
Smoking and tobacco use by members is prohibited anytime members are in public view representing the Manteca Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles.

1018.4 CITY POLICIES
This policy is in addition to any agreement an employee may have made or signed with the City of Manteca as a condition of employment.

This policy is also in addition to the City of Manteca's policy governing a smoke free workplace and/or any MOU agreements.

1018.5 ADDITIONAL PROHIBITIONS
No person shall use tobacco products within 20 feet of a main entrance, exit or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement or any other purpose (Government Code § 7596 et seq.).

1018.5.1 NOTICE
The Chief of Police or the authorized designee should ensure that proper signage is posted at each entrance to the Department facility (Labor Code § 6404.5).
Personnel Complaints

1020.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Manteca Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1020.1.1 COMPLAINTS AGAINST HIGH RANKING OFFICERS
Complaints against a Division Commander or higher shall be forwarded directly to the Chief of Police for determination on an investigative course of action.

Complaints against the Chief of Police will be taken directly to the City Manager for determination on an investigative course of action.

1020.2 POLICY
The Manteca Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1020.3 PERSONNEL COMPLAINTS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1020.3.1 COMPLAINT CLASSIFICATIONS
Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member. These are matters typically documented in IAPro as an Informal Inquiry or Supervisor File Notes.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints should be investigated by a supervisor of rank greater than the accused, depending
Personnel Complaints

on the seriousness and complexity of the investigation. These are matters typically documented in IAPro as IA Admin Investigation or IA Citizen Complaint.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or manager, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1020.3.2 SOURCES OF COMPLAINTS
The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

(c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint.

1020.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.4.1 COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1020.4.2 ACCEPTANCE
All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete an IAPro entry as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of his/her statement at the time it is filed with the Department (Penal Code § 832.7).

Personnel Complaints

1020.4.3 AVAILABILITY OF WRITTEN PROCEDURES
The Department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

1020.5 DOCUMENTATION
Supervisors shall ensure that all formal and informal complaints are documented on a complaint form and/or in IAPro. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible. All associated documents should be attached in IAPro and routed as appropriate.

1020.6 ADMINISTRATIVE INVESTIGATIONS
Allegations of misconduct will be administratively investigated as follows.

1020.6.1 SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form or IAPro entry is completed.
   1. The original complaint form will be directed to the Watch Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
   2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.

(b) Responding to all complaints in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
   1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
   2. If the matter is resolved and no further action is required, the supervisor will note the resolution in IAPro.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and Chief of Police are notified via the chain of command as soon as practicable.
Personnel Complaints

(e) Promptly contacting the Administrative Services and the Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

(f) Forwarding unresolved personnel complaints to the Watch Commander, who will determine whether to contact the complainant or assign the complaint for investigation.

(g) Investigating a complaint as follows:
   1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
   2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

(h) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).

(i) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1020.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Internal Affairs Unit, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

(a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.

(b) Unless waived by the member, interviews of an accused member shall be at the Manteca Police Department or other reasonable and appropriate place.

(c) No more than two interviewers should ask questions of an accused member.

(d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the officer in charge of the investigation, the interviewing officers and all other persons to be present during the interview.

(e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.

(f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

   1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a Lybarger advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related
Personnel Complaints

investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

(h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.

(i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual’s statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(j) All members shall provide complete and truthful responses to questions posed during interviews.

(k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor’s Brady list or the name of the officer may otherwise be subject to disclosure pursuant to Brady v. Maryland. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a Brady list or may otherwise be subject to disclosure pursuant to Brady v. Maryland (Government Code § 3305.5).

1020.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.
Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1020.6.4 DISPOSITIONS
Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an officer were found to violate law or department policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.6.5 COMPLETION OF INVESTIGATIONS
Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

1020.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS
The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1020.7 ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.
Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

1020.7.1 DISCLOSURE OF FINANCIAL INFORMATION
An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

(a) Pursuant to a state law or proper legal process
(b) Information exists that tends to indicate a conflict of interest with official duties
(c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

1020.8 ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1020.9 CRIMINAL INVESTIGATION
Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Manteca Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.
1020.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES
Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1020.10.1 DIVISION COMMANDER RESPONSIBILITIES
Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1020.10.2 CHIEF OF POLICE RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

(a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.

(b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.

2. If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.
Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1020.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINTANT
The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

1020.10.4 NOTICE REQUIREMENTS
The disposition of any civilian’s complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

1020.11 PRE-DISCIPLINE EMPLOYEE RESPONSE
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.

(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.

(c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.

(d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.

(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1020.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.
1020.13 POST-DISCIPLINE APPEAL RIGHTS
Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1020.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS
At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

1020.15 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.
Seat Belts

1022.1  PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1022.1.1  DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2  WEARING OF SAFETY RERAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3  TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1022.4  INOPERABLE SEAT BELTS
Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.5  POLICY
It is the policy of the Manteca Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.
Seat Belts

1022.6 TRANSPORTING CHILDREN
Children under the age of 8 shall be transported in compliance with California’s child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1022.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1022.8 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor

1024.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY
It is the policy of the Manteca Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR
The Chief's Administrative Assistant and/or the Administrative Sergeant shall ensure that body armor is issued to all officers when the officer begins service at the Manteca Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Chief's Administrative Assistant shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR
Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.
(b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
(c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
(d) Body armor shall be worn when an officer is working in uniform, other than in an administrative or support capacity.
(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body
armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1024.4 SUPERVISING RANGEMASTER RESPONSIBILITIES

The Rangemaster should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.

2. Any member response shall be attached to and retained with the original adverse comment (Government Code § 3306).

3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment and the member should sign or initial the noted refusal. Such a refusal, however, shall
not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file (Government Code § 3305).

(g) Commendations and awards.

(h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1026.4 DIVISION FILE

The Division file may contain supervisor comments, notes, notices to correct and other materials that are intended to serve as a foundation for the completion of timely performance evaluations.

All materials intended for this interim file shall be provided to the employee prior to being placed in the file in accordance with Government Code § 3305 and Government Code § 3306.

1026.5 TRAINING FILE
An individual training file shall be maintained by the Training Manager for each member. Training files will contain records of all training; original or photocopies of available certificates, transcripts, diplomas and other documentation; and education and firearms qualifications. Training records may also be created and stored remotely, either manually or automatically (e.g., Daily Training Bulletin (DTB) records).

(a) The involved member is responsible for providing the Training Manager or immediate supervisor with evidence of completed training/education in a timely manner.

(b) The Training Manager or supervisor shall ensure that copies of such training records are placed in the member’s training file.

1026.6 INTERNAL AFFAIRS FILE
Internal affairs files shall be maintained under the exclusive control of the Internal Affairs Unit in conjunction with the office of the Chief of Police. Access to these files may only be approved by the Chief of Police or the Internal Affairs Unit supervisor.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition (Penal Code § 832.12). Investigations of complaints that result in the following findings shall not be placed in the member’s file but will be maintained in the internal affairs file:

(a) Not sustained

(b) Unfounded

(c) Exonerated

Investigation files arising out of civilian’s complaints shall be maintained pursuant to the established records retention schedule and for a period of at least five years. Investigations that
Personnel Records

resulted in other than a sustained finding may not be used by the Department to adversely affect an employee’s career (Penal Code § 832.5).

Investigation files arising out of internally generated complaints shall be maintained pursuant to the established records retention schedule and for at least two years (Government Code § 26202; Government Code § 34090).

1026.7 MEDICAL FILE
A medical file shall be maintained separately from all other personnel records and shall contain all documents relating to the member’s medical condition and history, including but not limited to:

(b) Documents relating to workers’ compensation claims or the receipt of short- or long-term disability benefits.
(c) Fitness-for-duty examinations, psychological and physical examinations, follow-up inquiries and related documents.
(d) Medical release forms, doctor’s slips and attendance records that reveal a member’s medical condition.
(e) Any other documents or materials that reveal the member’s medical history or medical condition, including past, present or future anticipated mental, psychological or physical limitations.

1026.8 SECURITY
Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the City Manager, City Attorney or other attorneys or representatives of the City in connection with official business.

1026.8.1 REQUESTS FOR DISCLOSURE
Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.
All requests for disclosure that result in access to a member’s personnel records shall be logged in the corresponding file.

1026.8.2 RELEASE OF PERSONNEL INFORMATION
Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

Any person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any member of this department may be guilty of a misdemeanor (Penal Code § 146e).

The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member's representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).

1026.9 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS
Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from his/her personnel records shall file a written request to the Chief of Police through the chain of command. The Department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member's request and the written response from the Department shall be retained with the contested item in the member’s corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

(a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.

(b) Confidential portions of internal affairs files that have not been sustained against the member.

(c) Criminal investigations involving the member.

(d) Letters of reference concerning employment/appointment, licensing or issuance of permits regarding the member.

(e) Any portion of a test document, except the cumulative total test score for either a section of the test document or for the entire test document.

(f) Materials used by the Department for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments, management bonus plans, promotions and job assignments or other comments or ratings used for department planning purposes.
Personnel Records

(g) Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.

(h) Records relevant to any other pending claim between the Department and the member that may be discovered in a judicial proceeding.

1026.10 RETENTION AND PURGING
Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

(a) During the preparation of each member’s performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member’s performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.

(b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.

(c) If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

1026.11 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS
Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Police or the Internal Affairs Unit supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(2)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, or whether the officer’s action was consistent with law and
department policy for purposes of discipline or administrative action, or what discipline
to impose or corrective action to take.

- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent
to impose discipline, any documents reflecting modifications of discipline due to the
Skelly or grievance process, and letters indicating final imposition of discipline or other
documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by
Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public
inspection upon request (Penal Code § 832.7):

(a) Records relating to the report, investigation, or findings of:
   1. The discharge of a firearm at another person by an officer.
   2. The use of force against a person resulting in death or in great bodily injury (as
defined by Penal Code § 243(f)(4)) by an officer.

(b) Records relating to an incident where a sustained finding (see the Personnel
Complaints Policy) was made by the department or oversight agency regarding:
   1. An officer engaged in sexual assault of a member of the public (as defined by
Penal Code § 832.7(b)).
   2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of
a crime, or directly relating to the reporting of, or investigation of misconduct by,
another officer, including but not limited to any sustained finding of perjury, false
statements, filing false reports, destruction, falsifying, or concealing of evidence.

A record from a separate and prior investigation or assessment of a separate incident shall not
be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple officers, the Department shall not release information
about allegations of misconduct or the analysis or disposition of an investigation of an officer unless
it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4)
against the officer. However, factual information about the action of the officer during an incident
or the statements of an officer shall be released if the statements are relevant to a sustained
finding of the qualified allegation against another officer that is subject to release (Penal Code
§ 832.7(b)(4)).

1026.11.1 REDACTION
The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall
redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

   (a) Personal data or information (e.g., home address, telephone number, identities of
family members) other than the names and work-related information of officers

   (b) Information that would compromise the anonymity of complainants and witnesses
Personnel Records

(c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force

(d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

1026.11.2 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations

1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.

2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who used the force.

(b) Filed criminal charges

1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations

1. Disclosure may be delayed until whichever occurs later:

   (a) There is a determination from the investigation whether the use of force violated law or department policy, but no longer than 180 days after the date of the department’s discovery of the use of force or allegation of use of force

   (b) Thirty days after the close of any criminal investigation related to the officer’s use of force

1026.11.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation,
Personnel Records

the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

(a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.

(b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:

   (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).

This may also be handled on a unit level with the employee's direct supervisor preparing and issuing the letter.

1030.6 PLACEMENT IN PERSONNEL FILE

An employee who possesses authorized medals or service ribbons may wear their service ribbons while in Class A or B uniform. The ribbons shall be mounted on an appropriately sized mounting bracket, up to three abreast, positioned just above the top edge of the right breast pocket. It will be the employee's responsibility to ensure that the service ribbons are maintained in good condition and replaced when they become damaged or excessively worn.

It is a violation of this policy to wear a medal, campaign bar or service ribbon that was not duly earned and officially conferred upon the individual wearing it.

In addition to the standard ribbons listed below, the Chief of Police may issue an Event Ribbon to commemorate a special event in the history of the department. Issued at the discretion of the Police Chief, a different ribbon would be selected to commemorate each event. The ribbon will be issued to all personnel who worked or participated in the event.

The physical descriptions and ordering procedures for the aforementioned medals and ribbons shall be maintained by the Police Chief's Administrative Assistant. See attachment: Service Ribbons.pdf

1030.9 EMPLOYEE OF THE QUARTER AND VOLUNTEER OF THE QUARTER
An Employee of the Quarter committee shall be established by the Chief of Police. The committee shall be chaired by a sergeant or other supervisor appointed by the Chief of Police. The other two members of the committee shall be a sworn officer and a non-sworn member of the department. It is not required but the sworn and non-sworn member should be from different divisions.

All officers are required to be free from any physical, emotional, or mental condition which might adversely affect the exercise of peace officer powers. The purpose of this policy is to ensure that all officers of this department remain fit for duty and able to perform their job functions (Government Code § 1031).

1032.2 EMPLOYEE RESPONSIBILITIES

1032.3 SUPERVISOR RESPONSIBILITIES

1032.5 WORK RELATED CONDITIONS
Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Watch Commander or unit supervisor and concurrence of a Division Commander, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the wellbeing of the employee and until such time as the following may be completed:

(a) A preliminary determination that the employee's conduct appears to be in compliance with policy and, if appropriate.

(b) The employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1032.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

(a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Chief of Police may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with Administrative Services to determine the level of the employee’s fitness for duty. The order shall indicate the date, time and place for the examination.

(b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee's ability to perform job duties. If the employee places his/her condition at issue in any subsequent or related administrative action/grievance, the examining physician or therapist may be required to disclose any and all information which is relevant to such proceeding (Civil Code § 56.10(c)(8)).

(f) Once an employee has been deemed fit for duty by the examining physician or therapist, the employee will be notified to resume his/her duties.

1032.7 LIMITATION ON HOURS WORKED
Absent emergency operations members should not work more than:

- 16 hours in one day (24 hour) period or
- 30 hours in any 2 day (48 hour) period or
- 84 hours in any 7 day (168 hour) period

Except in very limited circumstances members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other work assignments.

1032.8 APPEALS
An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty examination shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.
Meal Periods and Breaks

1034.1 PURPOSE AND SCOPE
This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all City employees that has been established by the City Manager.

1034.1.1 MEAL PERIODS
Sworn employees and dispatchers shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall request clearance from the Communications Center prior to taking a meal period. Uniformed officers shall take their breaks within the City limits unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

1034.1.2 15 MINUTE BREAKS
Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Communications Center.
Lactation Break Policy

1035.1 PURPOSE AND SCOPE
The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child (29 USC § 207 and Labor Code §§ 1030-1032).

1035.2 POLICY
It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207 and Labor Code § 1030).

1035.3 LACTATION BREAK TIME
A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207 and Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.
Lactation Break Policy

1035.5 STORAGE OF EXPRESSED MILK
Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.
Payroll Procedures

**1036.1 PURPOSE AND SCOPE**
Time keeping is conducted by way of the Manteca Police Department's Telestaff and Executime programs, and is necessary for the payment of wages.

**1036.1.1 RESPONSIBILITY FOR COMPLETION OF PAYROLL RECORDS**
Employees are responsible for the accurate and timely submission of payroll records in Telestaff/Executime for the payment of wages. It is the employee's responsibility to know when the pay period is ending and to update their payroll records prior to the end of the pay period. This includes making certain that all entries for overtime and time-off are approved by a supervisor prior to the end of the pay period.

Telestaff and Executime are password protected programs. It is strongly suggested that employees keep their password private and to change them as necessary.

**1036.1.2 TIME PERIODS**
All employees are paid on a semi-monthly basis usually on the 7th and 22nd, with certain exceptions such as holidays, flex-Fridays and weekends. The pay periods run from the 1st to the 15th of each month (for payment on the 22nd) and from the 16th to the last day of the month (for payment on the 7th).

**1036.2 SHIFT MODIFICATION (FLEX)**
For purposes of this section, shift modification (or flexing) consists of any time, in excess of one hour, where an employee deviates from their regular work schedule.

Prior to any modification of work hours (shift flexing), the requesting employee will submit a written request on the Shift Modification Request Form to his/her immediate supervisor. The employee's immediate supervisor may approve the request. Once the flexed shift is worked, the form will be filed in the employee's supervisor file to be purged annually.

Schedule deviations of less than an hour may be handled informally by the employee's supervisor and do not require a Shift Modification Request Form.

Due to the staffing and scheduling requirements of the Patrol functions, those persons assigned to Patrol or Communications may not flex their shifts.
Overtime Compensation Requests

1038.1 PURPOSE AND SCOPE
It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or if applicable by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit their Telestaff/Executime entries as soon as practical after overtime is worked.

1038.1.1 DEPARTMENT POLICY
Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department unless the volunteer work is unrelated to their normal job duties. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

1038.2 REQUEST FOR OVERTIME DOCUMENTATION
For those employees using Telestaff, all overtime payment requests shall be submitted to their immediate supervisor for approval. Employees shall notify their immediate supervisor of overtime entries to ensure that any and all are approved in Telestaff prior to the end of the pay period. Failure to submit a request for overtime payment in a timely manner may result in a denial of compensation.

For those employees using Executime, all entries that include any overtime must have a note placed in the comments field that minimally includes which supervisor approved the overtime and a brief description of the reason for the overtime.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1038.2.1 SUPERVISORS RESPONSIBILITY
The supervisor who reviews the overtime request shall verify that the overtime was actually worked. Once verified, the supervisor will approve the overtime request in Telestaff/Executime.

Supervisors using Telestaff should make regular checks to ensure that they have no pending requests for overtime approval.
Overtime Compensation Requests

Supervisors using Executime should check the entries for their subordinate personnel on a regular basis to ensure that overtime has been properly documented and that the system has not inadvertently entered overtime based on rounding errors or late clock-outs.

1038.3 ACCOUNTING FOR OVERTIME WORKED
Employees are to record the time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., three hours minimum for Court, or for being called back due to other duties). When time worked is actually less than which is authorized in the MOU, the employee shall enter the actual time worked in the "Notes" section, along with case information, outcome of the court session, etc. If the overtime fits this criteria, the time entered for payment will reflect the three hour minimum.

The supervisor will verify that this information is entered properly prior to approval.

1038.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR
When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<table>
<thead>
<tr>
<th>TIME WORKED</th>
<th>INDICATE ON CARD</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 to 15 minutes</td>
<td>.25</td>
</tr>
<tr>
<td>16 to 30 minutes</td>
<td>.50</td>
</tr>
<tr>
<td>31 to 45 minutes</td>
<td>.75</td>
</tr>
<tr>
<td>46 to 60 minutes</td>
<td>1 hour</td>
</tr>
</tbody>
</table>

1038.3.2 VARIATION IN TIME REPORTED
Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.
Outside Employment

1040.1 PURPOSE AND SCOPE
In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1040.1.1 DEFINITIONS
Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1040.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must submit a memo requesting authorization for outside employment. The memo shall be submitted to the employee's immediate supervisor. The application will then be forwarded, via chain of command, to the Chief of Police for consideration. The memo shall include:

- Job description including a detailed description of duties
- Location of work
- Number of hours per week
- Name and address of employer
- Supervisor contact information

If approved, the memo will be stamped as approved, signed by the Chief of Police, and placed in the employee's personnel file.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).
Outside Employment

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's outside employment request is denied by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in Section 12 of the City of Manteca Personnel Rules and Regulations.

1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment authorization may be revoked or suspended under the following circumstances:

(a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment authorization(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment authorization

(b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline

(c) If, at any time during the term of a valid outside employment authorization, an employee's conduct or outside employment conflicts with the provisions of department policy, the authorization may be suspended or revoked

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment authorization may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status

1040.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any outside employment request submitted by an employee seeking to engage in any activity which:

(a) Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage

(b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department
Outside Employment

(c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

(d) Involves time demands that would render performance of the employee's duties for this department less efficient.

Notwithstanding the provisions of Section 1040.3.1, certain examples of outside employment are deemed conflicts of interest be the very nature of their job description. These jobs include, but are not limited to:

- Bartender or bouncer.
- Sales clerk position in any premises licensed by ABC or a gun dealership.
- Process server.
- Repossession agent.
- Debt collector.
- Legal practice of criminal defense.
- Card dealer, handicapper, change maker, caller, keno runner, pit boss, waitress/waiter or employment in any gaming establishment.
- Bodyguard.
- Funeral escort where traffic control or uniformed presence is required.
- Tow truck operator.

1040.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
Outside Employment

1. The officer(s) shall wear the departmental uniform/identification.
2. The officer(s) shall be subject to the rules and regulations of this department.
3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
5. Outside security services shall not be subject to the collective bargaining process.
6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1040.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE
Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1040.3.3 SPECIAL RESTRICTIONS
Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1040.4 DEPARTMENT RESOURCES
Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1040.4.1 REVIEW OF FINANCIAL RECORDS
Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the
employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to § 1040.2.2(c) of this policy.

1040.5  CHANGES IN OUTSIDE EMPLOYMENT STATUS
If an employee terminates his or her outside employment, the employee shall promptly submit written notification of such termination to the Chief of Police via chain of command. Any subsequent request for continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1040.6  OUTSIDE EMPLOYMENT WHILE ON DISABILITY
Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their outside employment, a notice of revocation of the member's authorization will be forwarded to the involved employee, and a copy attached to the original memo in file.

Criteria for revoking the outside employment authorization include, but are not limited to, the following:

(a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Manteca Police Department, a request (in writing) may be made to the Chief of Police to restore the authorization.

1040.7  CITY POLICY
This policy is in addition to the City of Manteca policy entitled Outside Employment. As part of that policy, employees may be subject to additional restrictions and may be required to submit an "Outside Employment" form.

1042.3 RESPONSIBILITIES

1042.3.1 MEMBER RESPONSIBILITIES
Any employee sustaining any work-related injury or occupational disease, as well as any employee who is involved in any accident while on duty shall report such injury, accident or occupational disease as soon as practical to his/her supervisor. In all cases, it shall be reported prior to the end of that duty shift. This will include any exposure to hazardous materials or blood borne pathogens.

Any employee observing or learning of a potentially hazardous condition is to promptly report the condition to his/her immediate supervisor.

Any employee sustaining a work-related injury or occupational disease that requires relief from duty is required to be examined/treated by a doctor.

Any employee sustaining a work-related injury or occupational disease that requires relief from duty is also required to comply with departmental policies and directives relating to the duty to periodically call in during absences, as well as the duty to notify the Department of any change in condition or anticipated duration of the absence.

When appropriate, an employee being treated for an on-duty injury should inform the attending physician that a modified duty assignment may be available at the Department. Limited-service duty may be available for the employees whose injuries prevent resumption of regular duties.

An injured employee or employee who has suffered a work-related occupational disease shall report as soon as practical to his/her immediate supervisor the medical findings concerning the injury and the extent and duration of any work restrictions if they are known. In addition, such
employees are required to promptly submit all medical releases, whether partial or full releases, to their supervisor.

1042.3.2 SUPERVISOR RESPONSIBILITIES
The supervisor shall ensure that all appropriate documentation regarding the injury has been completed and shall conduct an investigation as to the circumstances resulting in the injury or exposure. At a minimum, the supervisor’s investigation should include the following elements:

- Interview the injured employee and any witnesses.
- Visit the accident scene and resolve any inconsistencies in the statements of the employees or witnesses.
- Examine the workplace factors for unsafe conditions.
- Determine, if possible, the cause of the accident or exposure.
- Develop a plan for corrective action if the situation dictates it.

For work-related accidents, injuries or illness not requiring professional medical care, a Supervisor's Report of Injury form shall be completed. The completed form shall be forwarded to the supervisor's Division Commander, through the chain of command.

When an accident, injury, or illness is reported initially on the Supervisor's Report of Injury form and the employee subsequently requires professional medical care, the State of California Employer's Report of Occupational Injury or Illness form shall then be completed. The injured employee shall also sign the form in the appropriate location.

All injured employees who have been seen or treated by an attending physician must be provided with an Employee’s Claim for Workers’ Compensation Benefits Form (DWC-1) within 24 hours, regardless of the nature of illness or injury.

Copies of any reports documenting the accident or injury should be forwarded to the Division Commander as soon as they are completed.

1042.3.3 DIVISION COMMANDER RESPONSIBILITIES
The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police.

by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and then to the Chief of Police.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1042.5 SETTLEMENT OFFERS

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Manteca Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1057.3 SAFETY

Speech and expression that may negatively affect the safety of the Manteca Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:
Employee Speech, Expression and Social Networking

1057.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT
To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Manteca Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Manteca Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Manteca Police Department or its employees. Examples may include:
   1. Statements that indicate disregard for the law or the state or U.S. Constitution.
   2. Expression that demonstrates support for criminal activity.
   3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportsations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Manteca Police Department.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
Employee Speech, Expression and Social Networking

(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Manteca Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

(h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:

1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).

2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1057.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Manteca Police Department or identify themselves in any way that could be reasonably perceived as representing the Manteca Police Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

(a) Endorse, support, oppose or contradict any political campaign or initiative.

(b) Endorse, support, oppose or contradict any social issue, cause or religion.

(c) Endorse, support or oppose any product, service, company or other commercial entity.

(d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or officer associations), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Manteca Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized
bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1057.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department. This includes the department e-mail system, computer network or any information placed into storage on any department system or device.

It also includes records of all key strokes or web-browsing history made at any department computer or over any department network.

The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if it is accessed through a department computer or network. However, the Department may not require an employee to disclose a personal user name or password or open a personal social website, except when access is reasonably believed to be relevant to the investigation of allegations of work related misconduct (Labor Code § 980).

1057.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.

(e) Whether similar speech or conduct has been previously authorized.

(f) Whether the speech or conduct may be protected and outweighs any interest of the Department.
1057.7 TRAINING
Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.
Line-of-Duty Deaths

1058.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of the Manteca Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member’s survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1058.1.1 DEFINITIONS
Definitions related to this policy include:

**Line-of-duty death** - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual’s relationship with the member and whether the individual was previously designated by the deceased member.

1058.2 POLICY
It is the policy of the Manteca Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1058.3 INITIAL ACTIONS BY COMMAND STAFF

(a) Upon learning of a line-of-duty death, the deceased member’s supervisor should provide all reasonably available information to the Watch Commander and the Communications Center.

   1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).

(b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Critical Incidents policy and the Major Incident Notification and Sig-Events policy, as appropriate.

(c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
(d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1058.4 NOTIFYING SURVIVORS
Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member’s emergency contact information and make accommodations to respect the member’s wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member’s wishes.

The Chief of Police, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be a Department Chaplain.

Notifying members should:

(a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.

(b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child’s age, maturity and current location (e.g., small children at home, children in school).

(c) Plan for concerns such as known health concerns of survivors or language barriers.

(d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.

(e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

(f) If making notification at a survivor’s workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

(g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.

(h) Assist the survivors with meeting childcare or other immediate needs.
Line-of-Duty Deaths

(i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

(j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.

(k) Provide their contact information to the survivors before departing.

(l) Document the survivor’s names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.

(m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Manteca Police Department members may be apprised that survivor notifications are complete.

1058.4.1 OUT-OF-AREA NOTIFICATIONS
The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

(a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

(b) The Department Liaison may assist in making transportation arrangements for the member’s survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1058.5 NOTIFYING DEPARTMENT MEMBERS
Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.
1058.6 LIAISONS AND COORDINATORS
The Chief of Police or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

(a) Department Liaison.
(b) Hospital Liaison.
(c) Survivor Support Liaison.
(d) Critical Incident Stress Management (CISM) coordinator.
(e) Funeral Liaison.
(f) Mutual aid coordinator.
(g) Benefits Liaison.
(h) Finance coordinator.

Liaisons and coordinators will be directed by the Department Liaison and should be given sufficient duty time to complete their assignments.

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed.

1058.6.1 DEPARTMENT LIAISON
The Department Liaison should be a Division Commander or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member’s survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison’s responsibilities include, but are not limited to:

(a) Directing the other liaisons and coordinators in fulfilling survivors’ needs and requests. Consideration should be given to organizing the effort using the National Incident Management System (NIMS).
(b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.
(c) Advising survivors of the other liaison and coordinator positions and their roles and responsibilities.
(d) Identifying locations that will accommodate a law enforcement funeral and presenting the options to the appropriate survivors, who will select the location.
(e) Coordinating all official law enforcement notifications and arrangements.
(f) Making necessary contacts for authorization to display flags at half-mast.
(g) Ensuring that department members are reminded of appropriate information—sharing restrictions regarding the release of information that could undermine future legal proceedings.
(h) Coordinating security checks of the member’s residence as necessary and reasonable.
Line-of-Duty Deaths

(i) Serving as a liaison with visiting law enforcement agencies during memorial and funeral services.

1058.6.2 HOSPITAL LIAISON
The Hospital Liaison should work with hospital personnel to:

(a) Arrange for appropriate and separate waiting areas for:
   1. The survivors and others whose presence is requested by the survivors.
   2. Department members and friends of the deceased member.
   3. Media personnel.

(b) Ensure, as much as practicable, that any suspects who are in the hospital and their families or friends are not in close proximity to the member’s survivors or Manteca Police Department members (except for members who may be guarding the suspect).

(c) Ensure that survivors receive timely updates regarding the member before information is released to others.

(d) Arrange for survivors to have private time with the member, if requested.
   1. The Hospital Liaison or hospital personnel may need to explain the condition of the member to the survivors to prepare them accordingly.
   2. The Hospital Liaison should accompany the survivors into the room, if requested.

(e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.

(f) If applicable, explain to the survivors why an autopsy may be needed.

(g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member’s residence address, insurance information and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member’s equipment and other items that may be of evidentiary value.
- Documenting his/her actions at the conclusion of his/her duties.

1058.6.3 SURVIVOR SUPPORT LIAISON
The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

The Survivor Support Liaison should be selected by the deceased member’s Division Commander. The following should be considered when selecting the Survivor Support Liaison:
Line-of-Duty Deaths

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member’s supervisor and/or coworkers. The deceased member’s partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

(a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.
(b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.
(c) If requested by the survivors, providing assistance with instituting methods of screening telephone calls made to their residence after the incident.
(d) Providing assistance with travel and lodging arrangements for out-of-town survivors.
(e) Returning the deceased member’s personal effects from the Department and the hospital to the survivors. The following should be considered when returning the personal effects:
   1. Items should not be delivered to the survivors until they are ready to receive the items.
   2. Items not retained as evidence should be delivered in a clean, unmarked box.
   3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
   4. The return of some personal effects may be delayed due to ongoing investigations.
(f) Assisting with the return of department-issued equipment that may be at the deceased member’s residence.
   1. Unless there are safety concerns, the return of the equipment should take place after the funeral at a time and in a manner considerate of the survivors’ wishes.
(g) Working with the CISM coordinator to ensure that survivors have access to available counseling services.
(h) Coordinating with the department’s Public Information Officer (PIO) to brief the survivors on pending press releases related to the incident and to assist the survivors with media relations in accordance with their wishes (see the Public Information Officer section of this policy).
(i) Briefing survivors on investigative processes related to the line-of-duty death, such as criminal, internal and administrative investigations.
Line-of-Duty Deaths

(j) Informing survivors of any related criminal proceedings and accompanying them to such proceedings.

(k) Introducing survivors to prosecutors, victim’s assistance personnel and other involved personnel as appropriate.

(l) Maintaining long-term contact with survivors and taking measures to sustain a supportive relationship (e.g., follow-up visits, phone calls, cards on special occasions, special support during holidays).

(m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

1058.6.4 CRITICAL INCIDENT STRESS MANAGEMENT COORDINATOR
The CISM coordinator should work with the Chief of Police or the authorized designee, liaisons, coordinators and other resources to make CISM and counseling services available to members and survivors who are impacted by a line-of-duty death. The responsibilities of the CISM coordinator include, but are not limited to:

(a) Identifying members who are likely to be significantly affected by the incident and may have an increased need for CISM and counseling services, including:
   1. Members involved in the incident.
   2. Members who witnessed the incident.
   3. Members who worked closely with the deceased member but were not involved in the incident.

(b) Ensuring that members who were involved in or witnessed the incident are relieved of department responsibilities until they can receive CISM support as appropriate and possible.

(c) Ensuring that CISM and counseling resources (e.g., peer support, debriefing, grief counselors) are available to members as soon as reasonably practicable following the line-of-duty death.

(d) Coordinating with the Survivor Support Liaison to ensure survivors are aware of available CISM and counseling services and assisting with arrangements as needed.

(e) Following up with members and the Survivor Support Liaison in the months following the incident to determine if additional CISM or counseling services are needed.
1058.6.5 FUNERAL LIAISON
The Funeral Liaison should work with the Department Liaison, Survivor Support Liaison and

and briefing them on law enforcement funeral procedures.

   (f) Arranging for transportation of the survivors to and from the funeral home and
       interment site using department vehicles and drivers.

The mutual aid coordinator should work with the Department Liaison and the Funeral Liaison to
request and coordinate any assistance from outside law enforcement agencies needed for, but
not limited to:

(a) Traffic control during the deceased member’s funeral.
(b) Area coverage so that as many Manteca Police Department members can attend
    funeral services as possible.

The mutual aid coordinator should perform his/her duties in accordance with the Mutual Aid and
Outside Agency Assistance Policy.

1058.6.7 BENEFITS LIAISON
The Benefits Liaison should provide survivors with information concerning available benefits and
assist them in applying for benefits. Responsibilities of the Benefits Liaison include, but are not
limited to:
Line-of-Duty Deaths

(a) Confirming the filing of workers’ compensation claims and related paperwork (see the Occupational Disease and Work-Related Injury Reporting Policy).

(a) Establishing methods for purchasing and monitoring costs related to the incident.

(b) Providing information on finance-related issues, such as:
   1. Paying survivors’ travel costs if authorized.
2. Transportation costs for the deceased.
3. Funeral and memorial costs.
4. Related funding or accounting questions and issues.

(c) Working with the Benefits Liaison to establish a process for the receipt of public donations to the deceased member’s survivors.

(d) Providing accounting and cost information as needed.

**1058.7 PUBLIC INFORMATION OFFICER**

In the event of a line-of-duty death, the department’s PIO should be the department’s contact point for the media. As such, the PIO should coordinate with the Department Liaison to:

(a) Collect and maintain the most current incident information and determine what information should be released.

(b) Ensure that department members are instructed to direct any media inquiries to the PIO.

(c) Prepare necessary press releases.

The identity of deceased members should be withheld until the member’s survivors have been notified. If the media has obtained identifying information for the deceased member prior to survivor notification, the PIO should request that the media withhold the information from release until proper notification can be made to survivors. The PIO should ensure that media are notified when survivor notifications have been made.
Line-of-Duty Deaths

1058.8 DEPARTMENT CHAPLAIN

1058.9 INVESTIGATION OF THE INCIDENT
The Chief of Police shall ensure that line-of-duty deaths are investigated thoroughly and may choose to use the investigation process outlined in the Officer-Involved Critical Incidents Policy.

Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.

Involved department members should be kept informed of the progress of the investigations and provide investigators with any information that may be pertinent to the investigations.

1058.10 LINE-OF-DUTY DEATH OF A LAW ENFORCEMENT ANIMAL
The Chief of Police may authorize appropriate memorial and funeral services for law enforcement animals killed in the line of duty.
