

City of Manteca – Public Works Department

Application Terms and Conditions

Before you complete the application for this program you must read, understand, and accept the Lawn-to-Garden Incentive (L2G) program’s Terms and Conditions listed below, the Process Guidelines and the Design Requirements. You may also request a copy by calling the Water Resources Coordinator at (209) 456-8463 or by sending an email to waterconservation@ci.manteca.ca.us

The following are the Terms and Conditions of the Lawn-to-Garden Incentive program (L2G).

General

- “PWD” refers to the Manteca Public Works department.
- “L2G” refers to the Lawn-to-Garden Incentive program.
- Only one L2G application may be approved per water account.
- “Property Owner” is the owner of the property (the lawn) that would be re-landscaped by the L2G program, or in the case when the property is owned by a corporation, “Property Owner” shall be the individual legally acting on behalf of the owner of the property. PWD reserves the right to verify property ownership.
- L2G incentive payments can only be made payable to the property owner.
- Property Owner must sign and submit the L2G application.
- Property Owner will receive one dollar (\$1.00) per square foot for lawn replaced in accordance with the Terms and Conditions, Process Guidelines and Design Requirements.
- Property Owner has sole responsibility for complying with all applicable laws, permits, ordinances, codes, policies, covenants, and conditions that may apply to performance of the lawn removal/landscape conversion project. For City of Manteca building and permit information, call (209) 456-8550.
- Property Owner has sole responsibility for the quality, appearance, and maintenance of the L2G landscape.
- Property Owner shall make the property available to PWD and/or its agents, in order for (1) PWD to verify compliance with the L2G program, including but not limited to the condition of the landscape prior to and after the L2G installation, the size (in square-feet) of the L2G landscape area, the efficiency of the new irrigation system, and for (2) PWD to exercise its rights under the L2G program to use the design of the L2G landscaped area as well as descriptions of it, before and after photos, and videos of it, for the purpose of promoting drought tolerant landscapes.

- Any application containing inaccurate or misleading information will be disqualified from the L2G program and any and all commitments made by PWD related to that application, including commitments to make L2G incentive payments, shall be automatically rescinded and rendered null and void.
- Property Owner is limited to one application per water account. If a person/company owns multiple properties, a maximum of five (5) approved L2G applications will be eligible; for example, a company owning 30 properties with 90 different water accounts may receive approval for a maximum of five applications (one each for 5 water accounts).
- Property Owner, if submitting the L2G application on-line, may be required by PWD as a condition of receiving the incentive payment to sign a paper copy of the Application within two (2) weeks of being notified of having been approved, provided PWD makes that paper application available to them.
- Property Owner agrees to waive, release, relinquish, and discharge PWD, its officials and employees from all liability, loss, claims, demands, causes of action, and damage arising out of Property Owner's participation in this Program.
- "Re-landscaped Area" refers to that part of the landscape, in square feet, which qualifies for and for which PWD, will pay the L2G incentive of \$1.00 per square foot. The Re-landscaped Area only includes areas covered by living turf grass. The grass must be living when the landscape design is approved. **(Do not kill your lawn until your landscape design has been approved by PWD).**
- **Pre-existing projects are not eligible for the Lawn to Garden incentive.**
- Must be on a property whose water service is provided by the City of Manteca.
- Must be no greater than 650 square feet for residential or 5,000 square feet for commercial; there is no minimum. (Actual re-landscaped area may be larger than 650 square feet, but only the first 650 square feet of residential are eligible for the L2G incentive and 5,000 for commercial.)
- May only include the front yard and parkways. Other landscaped areas, such as side yards or backyards or island medians, are not eligible. The front yard area must be visible from the street.
- Must be re-landscaped based on a design approved by PWD. An approval will be based on the Design Requirements document.
- If, in its sole discretion, PWD finds the re-landscaped area has not been properly maintained or if the landscape has been altered significantly from the approved design (for example: if turf grass is reintroduced), Property Owner, if he/she has not sold the property by that time, shall reimburse PWD for the L2G payment as follows: 100% reimbursement if finding made in first 365-day period after payment; 80% reimbursement if finding made within 2nd 365 day period after payment; 60% if finding made within 3rd 365-day period after payment; 40% if finding made within 4th 365-day period after payment; and 20% if finding made within 5th 365-day period after payment.

PWD will only pay the L2G incentive of \$1.00 per square feet based on the smallest of the following: the size of the project as shown in your application, the size shown in your design, or the size of the L2G project you actually build.

- Applications will be approved for funding in the order in which landscape designs are approved.
- In order for an application to be approved and for incentive payment to be made, the owner of the water account irrigating the L2G re-landscaped area must stay current on its City of Manteca utility bill from the time of the application through the L2G payment and cannot be in violation of any PWD water-use prohibitions during that period.
- The L2G incentive program and the Terms and Conditions set forth herein, the Process Guidelines and the Design Requirements are subject to change without notice.

Manteca Public Works Department (PWD)

- Shall have the right to use the design of the re-landscaped area as well as before and after photos and videos of it, for the purpose of promoting drought tolerant landscapes. This promotion could be in the form of videos, print, web, or other venues.
- PWD shall have sole authority to resolve all disputes related to the L2G program, approval of applications, approval of landscape designs, and all other related matters relevant to the L2G program.
- PWD shall not be obligated to make, and will not make, L2G payments for that part of the approved square footage, when the size of the actual landscape installed is less than that approved and/or when some or all of the landscape actually installed differs, as determined by PWD in its sole discretion, from the approved design. In other words, PWD shall only pay for the square footage of the landscape actually installed that is congruent with the approved design, up to the maximum amount of square feet approved in the application.
