

1) Are there any special considerations for recycling at the facility?

Answer:

There are recycling receptacles throughout the Transit Center so people can recycle plastic or glass bottles. The Janitor is responsible to empty recycling cans into the blue recycle dumpster located within the trash enclosure at the end of each shift unless City Policies regarding recycling change.

2) What supplies will the City supply?

Answer:

As stated in the RFP. The City will provide the following supplies:

- Garbage can liners – both small and large
- Paper products: Paper hand towels, toilet paper, toilet seat covers, hand soap refills

The Janitor contractor is expected to provide all other items to properly fulfill the duties requested in the scope of services. Items to be provided by contractor include industry standard cleaning products and equipment appropriate for surfaces to be cleaned.
